

Reduced Excursion Rate of the Seaside and Mountain Resorts for the Summer.

The Southern Pacific Company has placed on sale, at very low rates, around trip tickets to the various resorts along its lines, and also in connection with the Corvallis & Eastern Railroad, to Detroit and the seaside at Yaquina Bay, after tickets good for return until October 10th.

Three-day tickets to Yaquina Bay, good going Saturdays, returning Mondays, are on sale at greatly reduced rates, from all points Eugene and north on both East and West Side Lines, enabling people to spend Sunday at the seaside. Very low round trip rates are also made between Portland and same points on the Southern Pacific, good going Saturdays, returning Sunday or Monday, allowing Portland people to spend Sunday in the country and the out-of-town people to have the day in Portland.

Tickets from Portland to Yaquina Bay, good for return via Albany and East Side, or Corvallis and West Side, at option of passenger. Baggage checked through to Newport. A new feature at Newport, this year, will be an up-to-date kindergarten in charge of an experienced Chicago teacher.

A beautifully illustrated booklet describing the seaside resorts on Yaquina Bay has been published by the Southern Pacific and Corvallis & Eastern railroads, and can be secured from any of their agents, or by addressing W. E. Coman, G. P. A., S. P. Co., Portland, or Edwin Stone, Manager C. and E. R. R., Albany, Oregon.

City Treasurer.

The Homemaker for June contains a severe arraignment of the recent land transactions in the United States interior department as follows: "About 25,000,000 acres of public lands have passed from the government into private hands during the present fiscal year ending 30th. It has been stated that fully three-fourths of the entries under the law named are of such a nature that they would not bear close inspection. Considered in the light of the spirit in which our land laws were enacted, they were frauds. Many of them are the grossest kind of steals. Here, then, are millions of acres of the government's best land required through fraud and perjury. Irrigated and made into homes for American citizens it would be of inestimable worth to the nation."

Mr. F. S. Crane and wife, of Long Beach, Calif., arrived in Roseburg Tuesday evening for a few days visit with Mr. Crane's brother-in-law, Mr. Bristol. Mr. Crane and his wife are enroute home from Skagway where they have been on a pleasure trip. Mr. Crane states that Skagway once so prosperous a city, is now almost deserted. He is very much impressed with the country having visited all the places of interest along the coast including Treadwell mills on Douglas Island where over one thousand stamp mills are in operation. The trip north was made all the way by water, but coming back, from Victoria they came by rail.

A young woman was standing on a wide, smooth pavement alone in front of a church in Denver, waiting for a car, no other person being within 200 feet of her, when suddenly, and from no ascertained cause, her thin skirts caught fire, and before any one could reach the spot to aid her she was fatally burned. No cigar or cigarette stump lay near, no wandering electric spark, electricians say, could have caused the conflagration; no noise of an igniting match was heard nor was any partly burned match found, and it seems incredible that a spark could have been struck from the pavement by her shoe as she perhaps moved slightly. But this is not all of the strange case, for the night before this young woman, who was visiting friends in Denver, but so strong a presentiment of some sudden and strange catastrophe impending for her destruction that she could not sleep, but was restless with acute distress all night. The cause of the fire must have been natural, yet cannot be explained, and even more mysterious, to the average mind, is the source and cause of the message that forewarned her of her fate. Verily, there are more things in heaven and earth than our ordinary philosophies explain or understandingly account for.
