Piano Buyers.

You will notice that we do not have to be continually striking out for a new make of Pianos. The Needham has been A. our leader for 14 years and is today a leader among the high grade pianos of the world. Some cheap pianos are made high grade simply by getting a boost in the Oregonian or some other leading paper, through those big dealers who think they can, and do make the majority of people believe it simply because

they say so. It doesn't take ink, boost or high commissions to make a good piano, but instead the very best mechanics, and the very best material such as are always used in Needham 29-tf pianos. T. K. RICHARDSON,
