

POPULAR NORTH BEACH.

Roseburg People Will Find This an Ideal Recreation Resort.

Many Roseburg people have decided to spend their vacation at Popular North Beach, at the mouth of the Columbia. Leaving Portland (daily except Sunday and Monday) on the O. R. & N. Co.'s palatial Steamer T. J. Potter—queen of river boats—five hours are consumed in making the trip to Astoria, the scenery including all that is beautiful, and through the great salmon fishing waters of the Lower Columbia. After a short stop at Astoria, the steamer is off for Ilwaco, on Baker's Bay, where the passengers board the train waiting and are soon off for North Beach, the popular summer resort of the North Pacific coast. During the trip from Ilwaco the first good view of the Pacific is secured, the train running along the ridge of the beach within two hundred yards of the breakers. The beach is twenty-seven miles long, two hundred yards wide at low tide, and so hard that carriage wheels scarcely leave a mark. It is an ideal place for driving, riding, wheeling, or walking, and the surf bathing is unsurpassed. The excellent hotels and boarding places provide good accommodations at prices ranging from one dollar to three dollars per day.

The round trip rate from Portland to Astoria is \$2.50; to Ocean Beach points \$4.00, good until October 15th. On Saturdays, during July and August, round trip tickets are sold to beach points at \$2.50, good for return leaving the beach the following Sunday evening.

Great Men and Great Pianos.

President Roosevelt has just bought a fine Knabe piano, and the late vice-president Hobart has at his residence a fine NEEDHAM, such as we are selling every day, right here at Roseburg, and since the good judgement of Roosevelt we have secured the agency for the Knabe and the J. & C. Fischer. These are all world-renowned pianos, of the highest standard. We have also in transit a lot of those medium pianos for which the people are paying all the way from \$275.00 to \$300.00 and even more. We are going to offer the same grade for \$150.00, \$175.00 and \$200.00. These figures will surprise those who have been buying those so-called high-grade pianos. Besides this we will have the genuine CABLE piano and not the Hobart M. Cable. It will pay you to see this line before buying a piano.

A Remarkable Cure.

For about twenty years Mrs. S. M. Mayhew has been afflicted with liver trouble, and for some time it has been known that gall stones were present. As time passed her condition grew more serious, until in May last it was apparent that her life was in danger. A surgical operation was consented to by the lady, but she had her doubts of good results, and the idea was abandoned. At this juncture her friends suggested that she try osteopathic treatment, and to this she readily gave her consent. Since that treatment was commenced she has steadily improved and became able to attend to her household duties.

In March last a fistula formed from the cystic duct and opening in the right hypocondriac region and has kept open most of the time. Owing to the presence of this fistula it was thought that the passage of gall stones might be fraught with danger, and treatment was given to dislodge the stones. Many were dislodged and passed, to the great relief of the patient. But some of the larger stones refused to come to the surface, though entering the passage and could be seen near the opening. Sunday evening last Mrs. Mayhew suffered great pains in this region, and during one of the paroxysms she pressed on the wound when six gall stones were discharged. Dr. Swartz was called, and after removing another stone, succeeded in quieting the pain. The lady received rest during the night, and was materially better in the morning. She is now in a fair way to complete recovery.—Carbondale, Ill., Herald.
