

**POPULAR NORTH BEACH.**

**Roseburg People Will Find This an Ideal Recreation Resort**

Many Roseburg people have decided to spend their vacation at Popular North Beach, at the mouth of the Columbia. Leaving Portland (daily except Sunday and Monday) on the O. R. & N. Co.'s palatial Steamer T. J. Potter—queen of river boats—five hours are consumed in making the trip to Astoria, the scenery including all that is beautiful, and through the great salmon fishing waters of the Lower Columbia. After a short stop at Astoria, the steamer is off for Ilwaco, on Baker's Bay, where the passengers board the train waiting and are soon off for North Beach, the popular summer resort of the North Pacific coast. During the trip from Ilwaco the first good view of the Pacific is secured, the train running along the ridge of the beach within two hundred yards of the breakers. The beach is twenty-seven miles long, two hundred yards wide at low tide, and so hard that carriage wheels scarcely leave a mark. It is an ideal place for driving, riding, wheeling, or walking, and the surf bathing is unsurpassed. The excellent hotels and boarding places provide good accommodations at prices ranging from one dollar to three dollars per day.

The round trip rate from Portland to Astoria is \$2.50; to Ocean Beach points \$4.00, good until October 15th. On Saturdays, during July and August, round trip tickets are sold to beach points at \$2.50, good for return leaving the beach the following Sunday evening.

**Great Men and Great Pianos.**

President Roosevelt has just bought a fine Knabe piano, and the late vice-president Hobart has at his residence a fine NEEDHAM, such as we are selling every day, right here at Roseburg, and since the good judgement of Roosevelt we have secured the agency for the Knabe and the J. & C. Fischer. These are all world-renowned pianos, of the highest standard. We have also in transit a lot of those medium pianos for which the people are paying all the way from \$275.00 to \$300.00 and even more. We are going to offer the same grade for \$150.00, \$175.00 and \$200.00. These figures will surprise those who have been buying those so-called high-grade pianos. Besides this lot we will have the genuine CABLE piano and not the Hobert M. Cable. It will pay you to see this line before buying a piano.

**Pekin Ducks.**  
Pekin ducks are probably the most valuable breed of ducks known today. They are very large, mature early and have white plumage. The ducklings hatch out stronger and seem to grow faster than the young of any other breed and can be raised anywhere that you can raise chickens. They feather rapidly and grow to good size in from six to eight weeks, which makes them well adapted for the early markets, allowing the highest prices. They are excellent foragers, excellent layers and with good range require but little food. The young are not subject to roup, cholera or gapes, like young turkeys and chickens. They will weigh from twelve to fourteen pounds per pair the first year without much fattening. As egg producers their record is equal to that of any other breed of fowls.—Commercial Poultry.

**Look Out For the Lamp.**  
See to it that your lamp is always full of oil, properly trimmed and burning. Do not neglect the lamp and allow it to go out or smoke the brooder. Once a day the lamp should be put in proper condition for its work. While it is quite necessary for the chicks to be kept warm they should not be too warm, nor yet be chilled. For the youngsters 90 degrees is about right when they are inside, and we must remember that an empty hover at 90 degrees will soon go to 100 degrees with fifty chicks inside. Too much heat makes bowel trouble, as will cold or damp or careless feeding. All of these help to swell the mortality list and increase the average cost of those we grow to maturity.—Feather.
