

POPULAR NORTH BEACH.

Roseburg People Will Find This an Ideal Recreation Resort.

Many Roseburg people have decided to spend their vacation at Popular North Beach, at the mouth of the Columbia. Leaving Portland (daily except Sunday and Monday) on the O. R. & N. Co.'s palatial Steamer T. J. Potter—queen of river boats—five hours are consumed in making the trip to Astoria, the scenery including all that is beautiful, and through the great salmon fishing waters of the Lower Columbia. After a short stop at Astoria, the steamer is off for Ilwaco, on Baker's Bay, where the passengers board the train waiting and are soon off for North Beach, the popular summer resort of the North Pacific coast. During the trip from Ilwaco the first good view of the Pacific is secured, the train running along the ridge of the beach within two hundred yards of the breakers. The beach is twenty-seven miles long, two hundred yards wide at low tide, and so hard that carriage wheels scarcely leave a mark. It is an ideal place for driving, riding, wheeling, or walking, and the surf bathing is unsurpassed. The excellent hotels and boarding places provide good accommodations at prices ranging from one dollar to three dollars per day.

The round trip rate from Portland to Astoria is \$2.50; to Ocean Beach points \$4.00, good until October 15th. On Saturdays, during July and August, round trip tickets are sold to beach points at \$2.50, good for return leaving the beach the following Sunday evening.

Great Men and Great Pianos.

President Roosevelt has just bought a fine Knabe piano, and the late vice-president Hobart has at his residence a fine NEEDHAM, such as we are selling every day, right here at Roseburg, and since the good judgement of Roosevelt we have secured the agency for the Knabe and the J. & C. Fischer. These are all world-renowned pianos, of the highest standard. We have also in transit a lot of those medium pianos for which the people are paying all the way from \$275.00 to \$300.00 and even more. We are going to offer the same grade for \$150.00, \$175.00 and \$200.00. These figures will surprise those who have been buying those so-called high-grade pianos. Besides this lot we will have the genuine CABLE piano and not the Hobart M. Cable. It will pay you to see this line before buying a piano.

The Alaskan Boundary Dispute.

There seems to be a fair prospect that the Alaska-Yukon boundary dispute will be speedily and permanently settled, and that, too, in accordance with the contention of the United States. In England and even in Canada the belief is growing that the Dominion government has a poor case to present to the joint commission. Indeed, in some influential quarters in London it is predicted unhesitatingly that the commission will find in favor of the United States. The case of the Dominion is conceded by lawyers and public men who have made a study of it to be fatally weak. A leading London paper's correspondent at Ottawa expresses this view and declares the whole Canadian claim bears every mark of being an afterthought or ulterior device. He points out, in cursorily reviewing his countrymen's contention, that it was not until 1887, after gold was known to exist in paying quantities in Alaska, that Canada discovered an error in the boundary line in her favor. "Indeed," this correspondent continues, "we scarcely regarded our case as worth the candle until after the discovery of gold in the Yukon, seven or eight years ago, when, of course, we desired to control the routes running north from the Lynn canal to the Yukon river and Dawson."

This and other similar expressions would seem to foreshadow an early settlement of the boundary contention in a manner satisfactory to the United States and at least just to Canadians.
