

Glendale News.

R. W. Fenn, a civil engineer, has just returned from Glendale, and reports the following items of interest:

Mr. Fenn has been engaged in surveying a ditch from Cow Creek to Glendale. The ditch is the property of Mr. Sether, who has recently bought the Redfield property, together with a tract of adjacent timber lands. It is the intention of Mr. Sether to bring water on to the land and put the same into a high state of cultivation.

The Abraham estate has just completed an addition to the town of Glendale.

Mining in the vicinity of Glendale is in a very thriving condition. There are several prospects being developed, as well as a number of paying properties being worked.

Miss Rose Williams went to Roseburg Sunday, where she will give lessons in embroidery for a short time.

The Rev. John Dawson, of Roseburg, came up Monday last in the interests of the Episcopal church. He arranged for services on Sept. 21st in Masonic hall. Everybody welcome.

T. M. Medley returned from Coos county Sunday, where he went on business. Tom reports Coquille City and other communities in that country thriving, and also reports the roads in excellent shape and game exceedingly plentiful.—Bohemia Nugget.

Attorney General A. M. Crawford, of Roseburg, stopped over in this city Sunday, while on his way to his office at Salem, for a brief visit with friends.

J. Casada, of Roseburg, representing the Oregon Nursery Co., of Salem, is spending a few days in this city looking after business matters. He is an old acquaintance of John Durham and others in this city.

Mrs. W. C. Conner and son, returned home Saturday from a month's visit with her sister, Mrs. W. E. Lundy, at Myrtle Point, and friends at "Bandon by the Sea." She was accompanied by her niece, Miss Lizzie Orpud.

The late heavy rains were welcomed by farmers and stockmen alike, as fine fall and winter pasture is assured, but the Lane county hop growers and pickers have been annoyed and inconvenienced by the rains, and slight damage is reported from some of the hop fields. However, a bumper crop of good prices will bring the hop-grower out alright after all. Duke Knox, the sole hop-grower of this vicinity will have a good crop, part of which is being dried at Walker and the remainder in the Abraham lumber kiln in this city, Mr. Knox having lost his big hop house last week with the first day's picking.—Lane County Leader.

Drain Nonpareil Notes.

Miss Emily Embree went to Roseburg Monday.

Glen Wimberly went to Roseburg today to take Mr. Fickle's place in the Postal Telegraph office, while the latter gentleman goes off on an outing.

Geo. W. Joseph, a Portland attorney, and Miss Bertha L. Snell, of this place, were united in marriage, Sunday, Sept. 6, 1903 by Rev. Geo. H. Bennett, of Roseburg, and left the next day for Portland where they will reside.

Mr. Marion Ryan brought us a sample of the beans he raised this year, the pods of which measured from 2 3/4 to 3 3/4 inches in length. He says they are called the "yard bean" and they certainly come near the mark. They are grown for "string" beans and the busy housewife should appreciate them as a labor-saving vegetable as a few such beans would suffice for an ordinary family.

County Surveyor Chas. E. Roberts in running lines in the vicinity of Sunnydale a week or so ago, discovered a witness tree over three feet in diameter which had been marked in about the year 1851 and described in the field notes as 18 inches in diameter. The wood that had been marked had all rotted away, but the bark had previously covered the markings and had taken a true impression of all the characters.

Another rich strike in the Bohemia mines is reported by the North Fairview Mining Co., which is said to run over \$500 per ton.

The wheat crop of Oregon this year is estimated at 11,400,000 bushels. A majority of the wheat raisers of this county report a larger yield when threshed than was expected. Verily it is a prosperous year for Oregon.

POPULAR NORTH BEACH.

Roseburg People Will Find This an Ideal Recreation Resort.

Many Roseburg people have decided to spend their vacation at Popular North Beach, at the mouth of the Columbia. Leaving Portland (daily except Sunday and Monday) on the O. R. & N. Co.'s palatial Steamer T. J. Potter—queen of river boats—five hours are consumed in making the trip to Astoria, the scenery including all that is beautiful, and through the great salmon-fishing waters of the Lower Columbia. After a short stop at Astoria, the steamer is off for Ilwaco, on Baker's Bay, where the passengers board the train waiting and are soon off for North Beach, the popular summer resort of the North Pacific coast. During the trip from Ilwaco the first good view of the Pacific is secured, the train running along the ridge of the beach within two hundred yards of the breakers. The beach is twenty-seven miles long, two hundred yards wide at low tide, and so hard that carriage wheels scarcely leave a mark. It is an ideal place for driving, riding, wheeling, or walking, and the surf bathing is unsurpassed. The excellent hotels and boarding places provide good accommodations at prices ranging from one dollar to three dollars per day.

The round trip rate from Portland to Astoria is \$2.50; to Ocean Beach points \$4.00, good until October 15th. On Saturdays, during July and August, round trip tickets are sold to beach points at \$2.50, good for return leaving the beach the following Sunday evening.

Write your Farm Experience and Send

In 1902 the Southern Pacific Company published a pamphlet entitled "California Industries". It contained principally the personal testimonies of experienced cultivators, says the Pacific Homestead. A short description of the different sections was given and following this the testimonies of fruit growers, dairymen, etc., etc., showing the number of acres cultivated to oranges, grapes, olives, alfalfa, etc., the cost to cultivate the yield per acre and price the products were sold for. This was one of the most practical pieces of literature that could be put out. Mr. W. E. Coman, G. P. A., of the Southern Pacific Company, has written the agents of that company in Oregon that it is the intention to get up a similar publication for Oregon and asks that all who are able to give the results from their farms, dairies, fruit orchards, berry patches, etc., in Oregon, write the results for publication in this pamphlet. He says he wants only the actual results under favorable conditions—the same as can be accomplished by any intelligent grower under normal conditions; that is, he wants only honest representations. Any of our readers in Oregon who will take the time to give their experiences will be doing the company a courtesy and the state justice. You may send your statement to Mr. Coman, or to the PLAINDEALER and it will be forwarded to him.

Great Men and Great Pianos.

President Roosevelt has just bought a fine Knabe piano, and the late vice-president Hobart has at his residence a fine NEEDHAM, such as we are selling every day, right here at Roseburg, and since the good judgement of Roosevelt we have secured the agency for the Knabe and the J. & C. Fischer. These are all world-renowned pianos, of the highest standard. We have also in transit a lot of those medium pianos for which the people are paying all the way from \$275.00 to \$300.00 and even more

We are going to offer the same grade for \$150.00, \$175.00 and \$200.00. These figures will surprise those who have been buying those so-called high-grade pianos. Besides this lot we will have the genuine CABLE piano and not the Hober M. Cable. It will pay you to see this line before buying a piano.
