

Free Trade's Last Stand.

It is conceded by the friends, as well as the foes, of British free trade that the policy will soon have to make the fight of its life.

The difference between the Chamberlain and Balfour ideas may not seem important to the world at large, for each contemplates the imposition of duties on some or many of the products of the rest of the great countries.

In any case, the matter will have to go to the British electorate for a decision, and this will bring up the whole question of protection and free trade in a more direct way than at any time since the free-trade basis was reached.
