Plans for the invasion and the campaign to redeem New York from the imps of darkness have been formulated to the smallest detail. Ten trains have been engaged to transport the host eastward. These will leave Chicago by various trunk lines, and all are scheduled to arrive in New York on Friday, Oct. 16. Dowle's own train will be the last to leave Zion City and the first to reach New York.

In Dowle's private car, which will be magnificently appointed and donated for the purpose by the Nickel Plate road, will ride "Elijah II.," Mrs. Dowfe, Gladstone Dowie, their attendants and the immediate staff of the general overseer. This train is to reach New York at a quarter past 7 o'clock on the morning of Oct. 16.

A complete telegraph system will be installed in this train in charge of a competent operator. By this means Dowie will receive hourly reports from each of the other nine trains, giving its exact location, progress and such other information as may be deemed desirable to the leader of the conquering host. Dowie will be the flying king, giving his orders en route to his farm of Hungary distributes 15,000 sist of ten day cars, with sleeping ships and communities which will cars attached.

Specific orders have been given by Dowie to the entire host that each would never permit a fruit of any sort Garden, where extensive preparations restorationists. There will be no layish meals and no putting on of frills in the eating of them, but the food is to be wholesome, and two meals a day will be served for 25 cents.

If wait for the 5 o'clock meal he may buy a lunch at an eating house in the territory to which he will be assigned for missionary work. The Zion band of forty pieces will wake the echoes, and the adult choir of 850 members and the junior choir of 200 voices will unite in the battle hymns of the

While in New York the host will take part in the early morning meetings of praise and prayer, at which Dr. Dowie will deliver addresses on the eleven commandments, taking one each morning, and four other subjects, which he will select for the fifteen days. As soon as possible after break-fast the companies will form their seventies and leave Madison Square Garden for the districts allotted to them for the day's work. At 10 o'clock every morning the general overseer will hold a meeting in Madison Square Garden, at which the host will not be present. At these meetings Dowle hopes to give divine bealing teaching and to spend much time with the ill and suffering. The members of the host will be expected to return to Madison Square Garden for their labors at 4 p. m. A bot dinner of three or four courses will be served at 5 p. m. This will give ample time to get ready for the evening meeting. There are to be no afternoon meetings.

There will be street meetings in varions parts of the city. These meetings will not be so demonstrative as those held by the Salvation Army, but will be similar to them in that there will be speaking, praying and singing of

The bulk of the work mapped out however, will consist of visitations. members of the host going to business and private houses and leaving tracts issued under the direction of "Dr." Dowie. These tracts relate to the tenets of the church, to the principles of divine healing promulgated by the Homes from \$250 to \$5000 head of the church and the cures said to have been effected thereby. It is contemplated that not a house in all New York shall escape, and Dowle has figured out that every one can be Real Estate Agent and Notary reached, with plenty of time to spare for the big meetings. He calculates that each visiting delegate can ring the bells and leave documents at 800 houses each day.

The purpose of the New York inva sion is to establish the eastern branch of his church more firmly.
