NOVEMBER 5, 1903.

ELECTION RETURNS.

THE TAMMANY TIGER IS VICTORIOUS.

EUGENE E. SCHMITZ THE UNION LABOR CANDIDATE RE-ELECTED IN SAN FRANCISCO.

NEW YORK, Nov. 4.—George McClellan (Dem.) will be the next Mayor of Greater New York, having defeated Mayor Seth Low for re-election by a plurality of 63,617, complete unofficial returns having been received from every election district in the city. By the same returns, Controller Edward M. Grout and Charles V. Fornes, President of the Board of Aldermen, running for re-election on the Democratic ticket, though elected two years ago as fusion candidates, defeated their fusion opponents by 66,790 and 64,973 plurality respectively, Controller Grout leading the ticket.

The sweeping Democratic victory was accomplished for the Democratic ticket and borough tickets in four of the five boroughs of the municipality, only Richmond borough, Staten Island, giving Low a plurality and electing fusion borough officers. J. Edward Swanstrom (Fus.), who it was thought last night would be elected President of Brooklyn Borough, was defeated by Martin W. Littleton, the Democratic candidate, by 2129 plurality, in spite of Littleton's attitude in opposition to the Democratic city ticket.

The Vote.

McClellan's total vote for Mayor was 314,906, to 251,285 for Low. William Devery, independent candidate for Mayor, polled only 2935 votes in the entire city, getting 2671 of these in Manhattan and the Bronx, 226 in Brooklyn, 38 in Queens and none in Richmond.

Corrected returns show that Martin W. Littleton, who followed Hugh McLaughlin when the latter withdrew his support from the McClellan ticket, has been elected Borough President of Brooklyn by a majority of 12,279 over J. Edward Swanstrom, Fusionist. Indications late last night had been that Swanstrom was elected by a narrow margin.

Speaking of the election, United States Senator Thomas C. Platt said: "It is the fortune of war and I have no complaint to make. This is especially so because the way is safe and because I know Mr. McClellan well and believe he will make a good Mayor. He is an excellent young man and if we are defeated I am glad the victory falls on such a pleasant personality.

"I do not regard municipal campaigns as having any bearing upon the state and National issues. There is no possible way of connecting it with the partisan issues that will affect the contest of 1904."

Mr. Platt added that he had no doubt that the full Republican vote was polled for the Fusion candidate. Ex-Chief of Police Devery, who ran for Mayor as an independent, but secured only a few thousand votes, declared himself to be "out of politics for good."

Eugene E. Schmitz (Union Labor) has been elected Mayor of San Francisco. Geo. B. Clellan (Dem.) has been elected Mayor of New York.

Myron T. Herrick (Rep.) has been elected Governor of Ohio; John L. Bates (Rep.) Governor of Massachusetts; John C. W. Beckman (Dem.) Governor of Kentucky; Albert B. Cummins (Rep.) Governor of Iowa; Edwin Warfield (Dem.) Governor of Maryland, and L. F. C. Garvin (Dem.) Governor of Rhode Island.

SAN FRANCISCO, Nov. 4.—The official vote for Mayor of San Francisco, as given out by Register Walsh, is as follows: E. E. Schmitz, Union Labor, 26,016; H. J. Crocker, Rep 19,621; F. K. Lane, Dem. 12,587; F. R. Whitney, Soc. 1094.

SAN FRANCISCO, Nov. 4.—The election yesterday resulted in an overwhelming victory of the Schmitz forces. Eugene E. Schmitz, present Mayor, Union Labor candidate, was re-elected by a vote of 25,345 as against 19,127 for Henry J. Crocker and 12,237 for Franklin K. Lane, Dem. Lane's small vote is attributed to the arraying of the laboring class behind Schmitz against the capitalistic employing class behind Crocker. The Republicans, in putting forward Crocker, who is essentially a representative of the rich, threw down the gauntlet. Both sides put forth mighty efforts and spent a great deal of money. Schmitz paying $1000 for the Ellery band to play one night at his final rally. The Democrats sought in vain to get conservative Republicans to come to Lane, on the plea that Crocker could not be elected. The party vote stayed by Crocker, and as Schmitz drew largely from the Democratic strength Lane was lost in the strenuosity of the struggle.

After the Mayor's victory the most notable triumph was in the contest for Assessor, in which Dr. Washington Dodge, Dem. defeated his opponent, Bahrs, Rep., by a majority of 19,425.

COLUMBUS, O., Nov. 4.—More complete returns today indicate that the plurality of Herrick, Rep., for Governor, over Johnson, Dem. will exceed 125,000, but that the remainder of the Republican state ticket will not have so large a plurality. As the Republicans not only carried the doubtful counties and districts, but also some that were conceded to the Democrats, the majority on joint ballot in the Legislature for the re-election of Senator Hanna is now placed at 95 out of a total membership in both branches of 143, almost three times as many as two years ago, when the Republicans had what was considered an unprecedented majority of 35 on joint ballot for the election of Senator Foraker. As Senator Hanna had only one majority on joint ballot six years ago and as he was the issue in this campaign, the result is generally commented on more as his victory than anything else.

Chairman Dick says: "Hanna's personality did it."

The large wagers that were placed on "information from headquarters" did not go above 75,000 for Herrick.

The betting element, "have all kinds of money," getting most of it on much less than half of Herrick's plurality.

A syndicate of Cincinnati and Columbus Republicans made a large winning from Democrats at Cincinnati.

Ohio never exceded the 100,000 mark but twice before. This was when John Burough during the Civil War was elected Republican Governor by 101,409, and in the panic of 1894, when the Democrats did not come out to vote and the Republicans carried Ohio for Secretary of State by 135,070.

The only other time when anything approaching these marks was reached was last year, when the Republicans carried the state by 90,657 for Secretary of State and when Mayor Tom L. Johnson was almost as much of an issue as this year.

"Dutch Captured Holland."

CLEVELAND, O., Nov. 4—John H. Clarke, democratic candidate for the United States Senate, today made the following statement concerning the result of the election:

"The result is, to be sure, surprising only in the increase of the Republican majority. The increased majority against the Democrats I attribute to the fact that the campaign arranged by Mr. Johnson, with such aid as I could render, succeeded in creating an activity on the part of the Republican organization not equaled in recent years. This brought out a largely increased Republican vote, while the Democratic vote was not correspondingly increased because of the factions in Southern and Western Ohio, which were organized and led by ambitious and wealthy men within the party.

"In Cuyahoga county, all of the men disappointed because not given office united with those who were tried and found wanting, and dropped and these, under skillful leadership, in my judgment, accomplished the result in this county. To these factors should be added the adroit appeal of Senator Hanna to the fears of the people which seem to have prevailed. But, after all, 'The Dutch have effectively captured Holland.'"

A company of Canadian soldiers was called out Wednesday to guard the power house on the Canadian side of Niagara Falls, on account of the strike of 700 laborers employed in the construction of the power house. The strikers are Italians and Hungarians and are all armed with knives and revolvers. The saloons have been closed on account of the strike, and all building operations are completely tied up.

Dejected, tired and hungry the Dowieite host arrived home in Chicago Tuesday from New York. The four hundred children that had been left behind were the happiest ones to greet the returning army. Despite, ridicule and hardships the host still holds fsith in Dowie.

The coalfields of Heppner are to be developed and it is said that good coal will be laid down in Portland at $4 per ton, One ton of good coal is equal to about three cords of fir wood.

PANAMA REVOLUTION.

AN AMERICAN WARSHIP TO STOP FIASCO.

TRANSCONTINENTAL RAILROADS WILL TAKE A BACK SEAT IN PANAMA AFFAIRS.

A Washington dispatch of last evening says:

United States Consul Ehrman, at Panama, cables the State Department under date, that the Colombian Government warship Bogoto is shelling the city; one Chinese has been killed.

Mr. Ehrman has been instructed to protest against the bombardment. If the Consul's protest is not sufficient the commander of the United States gunboat Boston, which is by this time on her way to Panama from San Juan del Sur, 600 miles distance, will probably seize the Colombian gunboat if necessary to stop the bombardment. The bombardment is in violation of all the rules of war, beginning as it did without the required notice. Moreover, the United States Government takes the ground that it certainly interferes with transit across the isthmus, which this Government is treaty bound to maintain.

The greatest activity was exhibited in the State and Navy Departments this morning, and there were frequent consultations between the officials, the Naval officers particularly being intent in working out the details of the plan of protection of the isthmian traffic, outlined by the State Department.

It is quite evident the Navy is making preparations for a larger squadron in isthmian waters than it has for many years, and the fact is not disguised that all the information that has come from the secret agents points to the ultimate success of the revolution. But meanwhiie extremely delicate questions are to be answered, for the occupation of one end of the Panama railroad by the government forces and of the other end by the revolutionists, makes the situation extremely complicated. That is one reason the conferences are being held and why it is desirable that the most exact instructions possible under the circumstances shall be sent our Naval commanders and to the Consular officer on the isthmus to prevent them from making any false move that would put the United States Government in a position of violation of the treaty stipulations or displaying power in derogation of Colombia's just rights.

"You will protect American interests at all points and do everything possible to avoid bloodshed," is the substance of the dispatch cabled by the Navy Department, at the instance of the State Department, to the Naval commanders now at the isthmus or on their way. The last part of the instructions is particularly significant, for it forecasts a more active interposition by the United States Government in the troubles on the isthmus than has perhaps ever before been displayed.

These orders were the result of the conferences that were held at the White House last night between the President, Secretary Hay and Assistant Secretary Loomis and Acting Secretary of the Navy Darling and Admiral Taylor, Chief of the Bureau of Navigation. It is not doubted that under the authority thus conferred the Naval commanders will land marines and soldiers at the railroad terminal. Indeed, it is not doubted that Commander John Hubbard, of the Nashville, already has placed a marine guard ashore at Colon to protect the property, and that the commander of the Boston probably will take the same action when he arrives at Panama.

A New Saw Mill at Drain.

Articles of incorporation have been filed by the Kelleher-Skelly Company with a capital stock of $50,000, paid in full. The incorporators are Wm J Kelleher, of Yoncalla, John K Skelly, a prominent banker and merchant of McKeesport, Pa., and W H Sykes, of Roseburg. Included in the company also is T R Sheridan, president of the First National bank of Roseburg. The company is at present constructing a large sawmill west of Drain, which will be completed in about a month. All necessary machinery will be on hand ready for immediate installation. A flume will be built to transport the lumber to Drain, whese connections will be made with the S. P. R. R. There has already been built in the creek where the mill is being constructed, a dam creating a pond large enough to hold 10,000,000 feet of logs.

The Gorrell Case.

The jury in the case of Frank Gorrell vs Douglas County, damages for injuries sustained in the collapse of a bridge, at a late hour last evening returned a verdict of $6000 in favor of the plaintiff. The defendant county was given until Monday to file motion for appeal.

Register readers are conversant with the details of Mr. Gorrell's mishap. On July 9, 1902, Mr. Gorrell started to drive his team across the Hubbard Creek bridge in Douglas county, when the iron rod pulled out of a needle beam and the team, wagon and occupant were hurled to the creekbed a distance of 30 feet. Both horses were killed and Mr. Gorrell sustained a broken arm and severe internal injuries. The county court of Douglas offered to compromise the case by a proffer of $1050 which was declined. The amount prayed for by plaintiff was something over $11,000. O. P. Coshow represented the plaintiff and A. M. Crawford and Geo. M. Brown defendant. The case will be appealed.—Eugene Register.

To Discuss Race Problem.

Commencing Monday, November 6, and continuing for three days, there will be held in Washington an interesting conference on the race problem in the United States. Many prominent leaders in the colored race have promised to attend the conference, which is to be held under the auspices of the National sociological society, an organization for for the study of the condition of the colored people in the United States.

The object of the conference is stated to be "To deliberate on the most serious phases of the race problem, and to formulate plans for the relief of a strained situation brought about by the presence of said problem; to discover some common ground upon which all of the friends of the cause may stand and to adjust the different and the divergent views, respecting the solution of the problem, into a definite and harmonious proposition."

The conference will also consider the religious, the educational, physical, industrial and social aspects of the race question, and considerable time will be spent in discussing the evil influence of urban life on the colored people. Prof. Jesse Lawssen, of Plainfield, N. J., is president of the association, and former Representative George H. White, of North Carolina chairman of the executive committe. Among those who will speak are: Rev. Dr. Richmond Babbitt of Brooklyn, Bishop L. H. Holsy, of Atlanta, Rev. A. S. Crapsey, of Rochester, Bishop Abraham Grant, of Indiana and Prof. E. A. Johnson, of Shaw University, Raleigh, N. C.

Relics of Unknown Ages.

A dispatch from Grants Pass says: There are few sections of the Coast that afford a better field for the fossil-hunter than Southern Oregon. The digging out of old channels and clearing off ancient river beds by hydraulic giants have brought to light many curious specimens of antiquity in this part of Oregon.

Along the middle fork of Foots Creek are numerous old channels, and from the depths of these have been uncovered by hydraulic giants six mastodon tusks, two of which were 10 feet and 10 inches in length, and quite well preserved. One elephant's tusk was also uncovered in this region, and numerous other bones and remains of creatures of the long ago that modern man knows nothing of, and cannot classify.

Not only the relics of prehistoric beasts but of prehistoric man also have been found deep down in the old channels of Southern Oregon's placer diggings. From the mines of the Waldo district have been brought to light well preserved mortars, pestles and crude weapons that were used by a race that inhabited this part of the world long before the moundbuilders threw up their earthworks along the Mississippi.

These relics are not found on the upper strata, but deep down in the more ancient channels, showing that at the time they existed the contour of the country was vastly different from what it is at the present time. In fact, the finding of the elephant tusk would prove that this, instead of the cooler and more misty Southern Oregon of today.

Naval Construction.

Rear Admiral Bowles, chief of the Bureau of construction and repairs, in his annual report to the secretary of war, reviews at length the progress made by this government in naval construction during that period. It is shown that the following additions have been made to the effective force of the navy during the year. One battleship, four monitors, twelve torpedo destroyers, one torpedo boat and seven submarine torpedo boats. The list should have been increased by two battleships and five cruisers the report states, but owing to strikes and other causes their completion was delayed. The report states that the "rate of progress of vessels under construction at the present time presents some very encouraging indications for completion of many of the most important contracts, but, considered as a whole, the progress made during the last fiscal year has been unsatisfactory."

Football Hot Stuff.

The Eugene and Cottage Grove High school football teams played here today, Cottage Grove defeating Eugene by a score of 10 to 5. The game was a severe one, as the championship of the state was at stake. Eugene High school has held the lead in the state for several years, and it was wrenched from them today by being outmatched from start to finish.

The above special dispatch to the Sunday Oregonian by the Cottage Grove correspondent is enough to make Bob Veatch's pet coyote grin in derision. It is evidently the work of some rattle brained enthusiast who is not very well informed on matters pertaining to interscholastic athletics in Oregon.

In the first place, the Eugene High school has never held the state championship, but last year the football team won the Western Oregon championship by forfeit inasmuch at Portland Academy, the champion team of that city, refused to meet the E. H. S. team under any consideration. The Pendleton High school last year won the championship of Eastern Oregon.

In the second place, Cottage Grove has not yet succeeded in defeating the Roseburg team which recently defeated the E. H. S. and the Roseburg boys have the same right to claim the honor as does the Cottage Grove team.

Lastly, the Cottage Grove team is like the Roseburg team; a high school team in name only. It is a conglomeration of bank clerks, laborers and a few public school pupils registered in the high school department for football purpose. The Eugene High school is the only one of any standing between Portland and the California line which possesses a football team which is composed of active, earnest, bona fide students who are in school for the purpose of securing a preparatory education.

The fact that Supt. Breggs permits such questionable tactics in his school and at the same time certifies to their standing of the so-called students amounts to little less than perjury. Supt. Sanders, of Roseburg, admitted that the Roseburg team was not composed of bona fide students and was also weak enough to admit that he could not prevent the grafting in the athletic circles of his school.—Eugene Register.

$150,000 Damage Suit.

The PLAINDEALER learns that Judge Hamilton, who tried the Hume-Chausse libel suit at Grants Pass, will sue Baron Hume, of the Lower Rogue, for one hundred and fifty thousand dollars damages for criticisms on his personal honor and integrity. It seems that the Rogue river Baron wrote a letter criticising Judge Hamilton's action or rulings in the trial of the libel case and this is the ground for the damage suit. The facts in the case are unknown to the PLAINDEALER and we have only a report from Grants Pass to back up this statement.

The above was published in our last issue and our attention has been called to the fact that the report must have been circulated in Grants Pass, with the view of stirring up strife between the parties named.

Holy Rollers.

The two leaders of Holy Roller fame who have been causing so much disturbance in Corvailis for a week left Sunday for parts unknown. They evidently were informed that a mob of citizens were preparing to present them with a coat of tar and feathers, and a pleasant ride out of town on a rail. If they had remained 24 hours longer the city would certainly have been the center of another scandal. The family who destroyed their household effects while under the influence of a religious delusion have at last come to their senses and have replaced the furniture they sacrificed with new.

Walking Delegates Will Not Escape Punishment.

NEW YORK, Nov. 4—Samuel Parks, from his cell in the city prison, is said to have announced that he will resign as walking delegate and as a member of the Housesmiths' & Bridgemen's Union at its meeting Friday night. He says he is out of the labor movement forever, and declares he will not appeal for his conviction in the extortion cases for which he recently was tried. He is eager to serve his prison term, and is not seeking bail.

"I am done," said Parks. "Nothing can save me from Sing Sing. If I did get a new trial I would be convicted as regularly as I came before a jury. I am not ashamed of my labor career. I thought I was right and followed my best judgment. I have but one regret and that is for my wife. She is prostrated over my troubles."

Herman Marsters, one of the most prominent young men of Roseburg, is going to "batch" on the old ranch here this winter. You ought to get a cook before you come out here, Herman.

The recent rains have started the plowing here this week. HOODOO.

Will Not Vaccinate.

Some time ago the Guard quoted the state law regarding compulsory vaccination in the public schools.

The Eugene school board has decided it unnecessary to vaccinate the children, and the law will not be enforced in the local schools, at least not this year.—Guard.

The Roseburg school trustees did not want to issue a vaccination order, but Circuit Attorney Brown told the members of the board that they were subject to a fine if the order was not issued, as prayed for by Dr. DuGas. There is a whole lot of rot about this vaccination business and smallpox scare and the PLAINDEALER believes that if smallpox is scattered over this town it is scattered by carelessness, ignorance or purposely by persons who should prevent it.

Chamberlain's Cough Remedy is Pleasant to Take.

The finest quality of granulated loaf sugar is used in the manufacture of Chamberlain's Cough Remedy, and the roots used in its preparation give it a flavor similar to maple syrup, making it quite pleasant to take. Mr. W. L. Roderick, of Poolesville, Md., in speaking of this remedy says: "I have used Chamberlain's Cough Remedy with my children for several years and can truthfully say it is the best preparations of the kind I know of. The children like to take it and it has no injurious after effect. For sale by A. C. Marsters & Co
