Americans, but to the future ones, to private life. There is but little in American mansoleum architecture so far to be commended. We need a new departure.

Because, in the opinion of President Eliot, of Harvard, midnight lunches consisting of "hot dogs," mince pies. "horses' necks" and other delightful dishes are prejudicial to the health, comfort and happiness of Crimson undergraduates, Snow's Lunch Room, the oldest and most famous resort of its kind in Cambridge, will bring its

But although tradition hung thick pies lined up along the counter, the the land on which it stands, has declared it must go. Both he and Dr. Bailey, the college medical advisor, have witnessed with alarm the

Among the numerous charities of Miss Helen Gould is a sewing school Irvington, New York, her home. Her management of this school has brought her in opposition to the Catholic church and she has recently had a sharp controversy with a Catholic priest. The occasion of the dif-D. L. Martin ference is that Miss Gould served the children meat on Friday. This is against the discipline of the Catholic church which insists, that flesh shall be obstained from on that day because on that day Christ was crucified. The school is open to children of any or think it is only right that I should tell year have suffered a loss from the no denomination, but of course, if no you what a wonderful effect Chamberconcession be made to the prejudices lain's Cough Remedy has produced. The of the Catholics, they will not permit their children to enter the school. think to be able to take any duties the a careful investigation has led to the Religious prejudice certainly works rassments for a heart filled with the dy. love of doing practical good. Miss Gould, in her reply to the Catholic priest, says she will not only continue to serve meat to the children on Friday, but that she will begin the practice of reading portions of the Protestant Bible to them before teaching them to hem shirts.
