ROSEBURG, OR.

I HAVE EASTERN CUSTOMERS
AND CAN SELL

WAR IS CERTAIN.

**ENGLISH OFFICIALS EX-
PLICIT IN STATEMENT**

**TWO JAP ARMY CORPS WILL IN-
VADE COREA AND NAVY WILL
ATTACK PORT ARTHUR.**

LONDON, Jan. 2.—War between Russia and Japan is certain. Japan has formulated demands in connection with Manchuria, as well as Korea, and insists upon simultaneous settlement of both questions, whereas Russia pretends to assume nothing in Manchuria which concerns anybody but herself and China. Japan is determined to abate not one jot of her demands, and is convinced of at least the passive sympathy of Great Britain and America.

The Japanese government feels absolutely certain that the Japanese army and navy are better prepared for war than those of Russia. The only hope of peace is such a breakdown on the part of Russia as history has never recorded that she has yet made.

Japan Is Making Time.

The Nagasaki correspondent of the Telegraph says that the railways have been ordered to be ready to transport a large number of troops, reported to be 70,000, from north to south Japan. It is stated that only men inured to a cold climate will be chosen.

There are forty warships in southern Japanese waters. Some of them are coal-burners, but the majority of them have already taken their coal aboard and are ready for any emergency. They are continuously maneuvering and practicing.

Officials are everywhere ready to summon the reserves to the colors in a moment. The drafting of Japanese troops to Korea is going on. They depart in small numbers on various pretexts. A fairly large force is already there.

The Singapore correspondent of the Mail says that naval officers there have been informed that three battleships and a cruiser belonging to the British Mediterranean squadron have been ordered to make ready to proceed to China.

HONG KONG, Jan. 2.—Provisions and other stores are being hurriedly taken in by the British squadron here, which is ready to sail at a moment's notice.

Russia Incensed at England.

ST. PETERSBURG.—The Russian newspapers are displaying the liveliest irritation at the British press, whose anti-Russian attitude in the present Russo-Japanese dispute has aroused even greater public animosity against Great Britain than exists against Japan.

Bay Jap Demands Are Just.

BERLIN, Jan. 2.—The British government, it is understood, has represented to the czar that Great Britain deems Japan's demands just and earnestly expects that Russia will grant them. This representation is supported by the utterances of the British ambassadors here and in Paris and Vienna, who have informed the respective governments to which they are accredited that Japan, in the opinion of the British government, will fight if Russia holds to the position taken in her recent note.

Japan's Ships to Fly British Flags.

The Commander Eturia, on Wednesday, arrived in New York from Europe. Three of her passengers, Percival Phillips, war correspondent of the London Daily Express; R. Krishnaman, whose home is in Shanghai, and O. De J. Sousa, a Portuguese merchant of Shanghai, are hurrying to reach the Orient before war breaks out between Japan and Russia. Mr. Sousa will go first to Washington to confer with the Chinese minister. He declares that London regards war between Japan and Russia inevitable. The captains of Japanese merchantmen have been instructed to hurry to the nearest British consul as soon as they learn war has been declared, he asserts, and register their ships under the British flag.

"Each captain is provided with a certified check," Mr. Sousa added, "for the value of his cargo, with which he is to purchase the ship and proceed to have it registered at the British consulate under his own ownership. It was currently reported in London before we left that English military attaches had been sent to Japan, ostensibly to study the language, but really to be on the ground when war is declared. Quantities of ammunition have been shipped to Japan during the last few weeks."

Dogs Shot out of Torpedo Tubes.

An important test was made with one of the submarine torpedo boats a few days ago, at Newport, which sets at rest the suggestion that it would be impossible for the crew of a submarine boat to escape if anything serious was to happen to the boat while submerged. It was suggested that men could escape through the torpedo tubes at the bow of the boat, but many naval officers thought this could not be accomplished without injury.

It was, therefore, decided to have a test of the matter, and two large dogs were secured as subjects. The Shark, attached to the torpedo station, was selected for the test, and under command of Lieutenant C. T. Nelson, went out in the bay. After being submerged, one of the dogs was placed in the torpedo tube, a wooden plug placed behind the animal, and the whole expelled in the

same manner a torpedo would be sent out.

Many thought the force of the compressed air charge would kill the dog, but he came to the surface and swam around as if nothing had happened. The other dog was then experimented on and he likewise came to the surface uninjured.

Glendale News Notes.

Ed Tolson, the well known carpenter, went out this week to spend the balance of the winter developing his rich placer claim near Galesville. Mr. Tolson was recently offered \$10,000 for these claims, but refused it, as he believes the property is worth a great deal more.

A few days ago three active candidates for the penitentiary—doubtless hoboes—robbed the cabin of J. R. Throne and son Ed, while the latter was at work in Redfield's woodcamp. Besides a fine revolver belonging to Ed, they stole a lot of provisions, amounting in all to about \$15.

Mr. James Moore, a prominent citizen of Roseburg, spent Christmas here with his son Budd and family. Mr. Moore is among the first settlers in Glendale, and owned the first hotel here, which he built about 25 years ago, just in the place where Guth & Wall's now stands.

Edwin Pierce, one of the thrifty farmers of Cow creek, several days ago made a very rich find of gold quartz on the mountain side near Galesville, which makes him a possible chance of becoming a millionaire some day. All of the hills surrounding Glendale are "loose" with gold, awaiting patiently for the miner's pick.

A joint meeting of the A. O. U. W. and D. of H. lodges will be held in their hall here next Thursday night, Jan. 7, for the purpose of installing their newly elected officers. Capt. Deviney of Portland, Grand Organizer, and H. T. McClellan of Roseburg, deputy organizer, will be here to assist in the installation work, and all members of both lodges are urged to be present. Refreshments will be served.

Elkton News.

The two stores are doing a good business.

Our Vulcan, Mr. Rydell, is busy at the anvil.

Mr. Robinson is doing a fair business hotel keeping.

Jimmy Sterling has a telephone from Drain to Elkton.

Mr. Binder is rolling out some fine flour, and lots of it.

There is talk of starting a stage by the way of Lion Lake, to Alleghany.

Our cattle buyer, George Smith, says cattle are very cheap at present. So, he is cheap.

William Moore and August Wood have struck coal oil. I hope they will have a gusher.

Elkton has a high grade school with two teachers competent to teach the young ideas how to shoot.

I understand that the railroad company is going to pass the rail out to a final finish as fast as possible. They have 14 miles of steel rails, and rolling stock, on hand.

Mr. William Fisher died at Scottsburg, on the 26th, and was buried in the cemetery near Dimmick's ferry. So, the old timers are passing away. There are but few of my acquaintances left. Some of them are, Cyrus Heiden and Job Hatfield, of Scottsburg; Al Walker and William Moore, of Elkton; James T. Cooper, at Dimmick's ferry; A. B. Kellogg and J. B. Goff, near Willow; Hon. Joe Fitzhugh and Henry Woodward, of Roseburg. Comrades, it will be well for us to make our editing and election snore, for we will have to pass over to the Great Beyond.
