FEBRUARY 15 1904.

THE CATTLE QUARANTINE.

Governor Chamberlain has been apfornia, and Secretary Wilson of the Agricultural Department, to allow starving cattle from Southern Cali-The PLAINDEALER trusts that Governor Chamberlain will refuse to allow the cattle to come into this state to the great detriment and danger to the cattle business of Oregon. Our reason for opposition is not based up- over for appearance on Monday. on selfishness, but for the protection of our cattle raisers. It has been suggested, that the cattle from Southern California be dipped to kill the fever tick and thus remove all possible danger to Oregon cattle, but the writer has seen many of the dipping preparations made under the government formula and at government expense, tried, and has seen the cattle before and after going into the dipping vats, and this we can positively gon that could not break up gambassert: any dipping preparation made strong enough to kill all the ticks on cattle will kill the cattle

At Fort Worth, Texas, where experiments were made with solutions Hay added another to his long list of tle died afterwards. We remember States is once more enabled, by his two cars of cattle that were dipped, diplomacy, to head the nations in we think it was four years ago this concurrent effort to preserve the inspring, just before the open season tegrity of China. Mr. Hay's note of expired and quarantine commenced. February 10 to Russia and Japan, The cattle were shipped 350 miles urging them to confine hostilities railroad and from thence were and to respect the neutrality and addriven to a pasture, and of these cat- minstrative entity of China will be acover the animals' bodies, and one combatants to agree to the proposiafter another they died. There were tion. three carloads shipped further north- M. Jusserand, the French Ambassawest into the Texas Panhandle and dor, called upon Secretary Hay today three carloads were dipped and at his residence to inform him officialshipped to a point near Midland on ly of France's acceptance and inferenthe Texas Pacific railroad. Of the tially it is known that Russia's acand of the cattle shipped to Midland, soon. At the Russian Embassy towhen we wrote about the cruelty in- night, no intimation had been reflicted on the cattle, only thirteen ceived of the government's probable were then living. It was the assault answer to Secretary Hay's note, but made on the cattle-dipping business, Count Cassina, the Russian Ambassaby the writer, and an appeal to the dor, will inform Secretary Hay as Humane Society, that broke up the soon as St. Petersburg advises him. experimental business by the govern- Acceptance by the powers of the ment to kill ticks by means of a hot Washington Government's suggestion solution of bi-carbonate of soda, pe- will be followed by a further extroleum and animal oil. The City Sportsman He purchased a dog and a hunting suit. brand new gun and a lot of shells; He wrote for terms to a farmer friend enlisting a trusty guide, And the day the hunting season began i hustled awny, a happy man,
Londed down with sportsman things
none of which he had tried,
And there he found,
Upon the ground,
Others, like him, full of hope and pride

They took the field like an army corps, marching through stubble and brush.

The guide was brave, though he faced their guns and promised that he would stay.

But each man knew the danger that lies

easily. In the first act she showed that in wait for a man who closes his eyes When he shoots, so they kept theirs open wide and marched with joy to the fray.

And then at last,

As the morning passed, quall rose up and whirred away. Each gun went up, and the guide dropped down; the dogs stood still is their

The triggers were pulled, and the guns' reports resembled a cannon's roar. The poor little quali turned a somersault; 'twas shot clear through to heaven's blue vault,

And they gathered around to joilify at their giorious gunshot score, Though none could tell Whose shotted shell Had spilled the little fowl's gore! And that was the only bird they saw; but,

case in a club not far away,

Apd they point with pride to this patent
fact—they hunted with so much care They shot neither guide nor friend nor dog, and that is a record rare!
