### BEGIN SYSTEMATIC SEARCH.

Old Fellows and Masons Will Hunt  
Remains of A. N. Drake.

Today the search for the remains of  
A. N. Drake, who disappeared  
near West Fork on January 18, will be  
begun by a party of thirty or forty. Old  
Fellows and Masons and other indi-  
viduals, who will make an inspection of the  
territory in a thorough and systematic  
manner, so that that part once passed  
over will not need to be covered again.

Joseph Miceli, Grand Master of the  
Odd Fellows, returned from Glendale,  
Tuesday, where he had gone to organize  
the search party, and states that the  
above plan was the one which would be  
followed, as soon as the snow had dis-  
appeared, and that the weather has been  
such as to make the beginning to-  
day opportune.

Life of Senator Hanna.

Senator Marcus Alanzo Hanna was  
born September 24, 1837, at Lisbon, Col-  
umbian county, O.

His father was a physician, and later a  
merchant of Cleveland, where the  
family moved in 1852.

Mr. Hanna was educated in the pub-  
lic schools of Cleveland and at the age of  
20 entered his father's store as a clerk.

Soon after this his father died and he  
assumed the business which was sold in  
1867 and he associated himself with  
Rhodes & Co., one of the largest coal  
dealers in Cleveland. In 1877 he be-  
came the senior member and the firm's  
name was changed to M. A. Hanna &  
Co., with which he is still identified.

Following the organization of the  
Union National bank of Cleveland in  
1884 he was elected president and still  
holds that office.

Mr. Hanna was a delegate at large—  
from the state of Ohio to the Republican  
national conventions of 1884 and 1896  
and in 1888 was a district delegate.  
A warm friend of Gen. John Sherman,  
he was energetic in advocating his nom-  
ination in 1880 and 1884.

During the winter of 1895-96 he took  
charge of Major McKinley's preliminary  
cavasses for the presidency, and so well  
did he conduct the campaign that he  
was chosen chairman of the national  
committee and given the entire con-  
duct of the campaign which he carried  
to a successful issue.

Without having been born in poverty  
he is nevertheless self-made for he has  
carved out his own career in paths his  
father never trod. An indefatigable  
worker, and full of confidence himself,  
he inspired everybody about him with  
like faith and enthusiasm. More a busi-  
ness man than a politician, he carried  
his business methods into the manage-  
ment of his political campaigns, elimi-  
nating as far as possible the item of  
chance.

The greatest aim of his life was to  
bring capital and labor together upon  
friendly terms and to organize their  
forces so that they should settle their own  
differences by arbitration.

Mr. Hanna has always been active in  
the management of his personal affairs,  
having them organized and systematized  
under a force of men whose respect he  
has held because he has treated them  
with respect and has always been fair  
with them.

On March 7, 1897, Mr. Hanna was ap-  
pointed United States senator to fill the  
vacancy caused by the resignation of  
Senator John Sherman, and to this seat  
he was re-elected in 1898 for the term  
expiring in 1905.

He was a director in the Globe iron  
works, president of the Cleveland City  
Railway company and the Chapin Min-  
ing company, and has numerous mining  
and shipping interests.

### Perfect Confidence.

Where there used to be a feeling of  
uneasiness and worry in the household  
when a child showed symptoms of croup  
there is now perfect confidence. This  
is owing to the uniform success of Cham-  
berlain's Cough Remedy in the treat-  
ment of that disease. Mrs. M. L. Bas-  
ford of Poolesville, Md., in speaking of  
her experience in the use of that reme-  
dy says: "I have a word of confidence  
in Chamberlain's Cough Remedy for I  
have used it with perfect success. My  
child Garland is subject to severe at-  
tacks of croup and it always gives him  
prompt relief." For sale by A. C. Mar-

## RUSSIA FACES JAPAN'S ARMY

### 50,000 MORE JAPANESE TROOPS SENT TO COREA.

#### THE JAPANESE ARE PREPARING TO FLANK THE RUSSIAN FORCES AT PORT ARTHUR.

LONDON, Feb. 17.—A dispatch to the St. James's Gazette from Kobe  
Japan, in reporting the Japanese naval attack on Port Arthur February  
14, says the Russian guardship in the harbor and another Russian war-  
ship lying outside the harbor were torpedoed, and that the Japanese re-  
tired without sustaining any injury.

SAKASE, Japan, Feb. 17.—The opinion of Japanese naval officers  
here is that a third fight has occurred off Port Arthur, some of the  
Russian war vessels having been reported as having that place.

TOKIO, Feb. 18.—A heavy storm spared the Russians from a de-  
spairing torpedo attack at Port Arthur on the morning of Sunday, the  
14th instant. During the preceding night the Japanese flotilla of tor-  
pedo craft were parted by the force of the wind and waves in a blind-  
ing snow storm, so that only two of the larger destroyers succeeded in  
forcing their way through the fierce gale to Port Arthur. When they  
arrived there they attacked separately, and one of them is confident it  
succeeded in torpedoing a Russian warship.

The destroyer Asagiri, in charge of Lieutenant-Commander Ishika-  
wa, arrived off Port Arthur about 3 o'clock the same morning, and was  
met with a sharp fire from the fortress and Russian ships acting as  
scouts. The Asagiri discharged several torpedoes at a big warship, but  
the result is unknown, and fought the scouting vessels with guns until  
they withdrew. The destroyer Hayator, Lieutenant-Commander Take-  
nouchi, arrived two hours after the Asagiri and ran up close to the  
mouth of the harbor, where she found two warships, names unknown.  
She fired a torpedo at one and the torpedo exploded. Ishikawa is cer-  
tain he hit the ship.

Admiral Togo, in reporting the attack, says, although the results  
are unknown, he feels sure the moral effect upon the enemy will be  
excellent.

Commander Nagai commanded the entire torpedo flotilla. The  
number of the craft engaged and the point of their departure is con-  
cealed, the simple statement being made that they left their base of  
operations January 30.

PORT ARTHUR, Feb. 17.—The report that the Japanese have con-  
centrated about 60,000 troops at Won Son, on the east coast of Korea,  
with the object of entering Manchuria, is confirmed.

TOKIO, Feb. 17.—Eight transports, with Japanese troops from  
Nagasaki, and several additional vessels carrying war munitions, are on  
their way to the west coast of Korea. Detachments of Japanese cav-  
alry have already landed at Wiju, on the Yalu River.

PARIS, Feb. 17.—An official dispatch received here from Tokio an-  
nounces that one of the most important movements of Japanese troops  
yet made is occurring today. One of the main branches of the army,  
consisting of three divisions, each including a division of guards, is now  
going on board transports. The previous landings of Japanese troops  
in Korea and elsewhere are said to have been small compared with this  
simultaneous sailing of three divisions, aggregating approximately an  
army of 30,000 to 50,000.

The Japanese authorities have taken every precaution to prevent  
information from going out concerning the embarkation and the desti-  
nation of this army. It is believed, but this is not sure, that the desti-  
nation of this force is a point near the mouth of the Yalu River, a spot  
on the Liao Tung Peninsula flanking Port Arthur.

### Japan's Brilliant Opening.

The brilliant naval achievements with  
which Japan signals the opening of  
the war with Russia have no parallel  
in the beginning of hostilities between na-  
tions. The daring, swift and complete  
destruction of the Spanish fleet in Ma-  
nila Bay by Admiral Dewey was an in-  
spiring example for the Japanese com-  
manders. But the Spanish ships were  
not such formidable and up-to-date fight-  
ing machines as were the Russian bat-  
tle-ships and armored cruisers that the  
"Japs" have disabled at Port Arthur or  
sent to the bottom off Chemulpo.

It is impossible for the great majority  
of Americans to feel anything except  
warm admiration for the daring, the  
skill, the celerity and thoroughness of  
the initial naval attack of the Yankees  
of the East. This feeling is not alto-  
gether due to a natural sympathy with  
the smaller antagonist—the "under dog  
in the fight" who boldly tackles his big  
enemy. The Japanese nation has shown  
such marvelous progress and capacity  
for self-improvement since the United  
States first secured there an "open door"  
for the entrance of civilization that it  
has compelled the wonder and com-  
manded the respect of the Western  
world.

Russia, on the contrary, remains the  
same absolute and cruel despotism, the  
foe of liberty, the oppressor of the weak,  
that she has ever been. When the ap-  
peal to race prejudice is made, as it now  
is—"How can Americans sympathize  
with yellow men against white men?"—  
the answer is furnished by Napoleon:  
"Scratch a Russian and you will find a  
Tartar." The Russian whiteness is on-  
ly skin deep!

The war is of course not settled by  
these naval victories. Russia's reserve  
strength on land is enormous, and her  
fighting spirit is thoroughly aroused, and  
her swift and stinging blows. But her  
sea power in the East is apparently  
hopelessly broken, and with command  
of this Japan has secured a tremendous  
advantage.

Plain sewing and dressmaking is sol-  
icited by Mrs. Wooten on the corner of  
Oak and Stephens streets.

### RAILROAD PROMOTER RETURNS

Major L. D. Kinney Has No Idea of  
Giving Up Coos Bay Railroad.

Major L. D. Kinney, promoter of the  
big railroad enterprise for a line from  
Salt Lake City to Coos Bay, through  
Roseburg, returned the first of the week  
from San Francisco and departed last  
night for Portland, enroute to Coos Bay,  
in company with C. F. Humphrey, of  
San Francisco, who arrived here Tues-  
day to look over the situation with Ma-  
jor Kinney.

When asked if he had anything to  
say for the public Major Kinney said:  
"I am glad to be back at Roseburg and  
regain my health. We cannot announce  
anything definite as yet, but I am still  
working on the enterprise and expect to  
ultimately make it go. The gentleman  
who is here with me is indirectly inter-  
ested with me. The trip will be simply  
to clear up some old matters in regard  
to real estate on Coos Bay. Of course  
this undertaking has its natural disad-  
vantages but we are working to over-  
come them. You may say that I am  
dead in earnest about this project and  
that we have not the least idea of giving  
it up."

Major Kinney thinks a lot of the great  
natural advantages of this section of the  
country and says that the people here  
do not begin to realize their importance  
and the future that is in store.

Mr. Humphrey says that he was sur-  
prised to learn the real wealth of this  
section. "I have been through here be-  
fore but have never made any invest-  
igation as to the resources or wealth. The  
amount of money on deposit in the local  
banks astounds me, and makes me  
wonder why so much capital should be  
practically idle. Why it is just like box-  
ing up bread away from the starving.  
There is enough money laid up in this  
town which if put in action would make  
this section one of the most prosperous  
in the land."

### Gardiner Notes.

Mrs. J. E. Daily, of Sulphur Springs,  
left last Monday via the overland route  
for Eureka, California, where she had  
been hastily summoned to the bedside  
of her youngest sister, Josie Cowan, who  
is dangerously ill at the home of her  
relatives in that city.

We are told that the rails for 11 miles  
of railroad construction are soon to be  
laid on the ground at Drain. And that  
the work of excavating for the new de-  
pot there will begin at once.

The new books and instruments for  
the Gardiner brass band arrived on the  
stage from Coos Bay Wednesday. The  
band will now hold its regular meet-  
ings up stairs over the club hall every Tues-  
day evening.—Gazette.

### When You Have a Cold

The first action when you have a cold  
should be to relieve the lungs. This is  
best accomplished by the free use of  
Chamberlain's Cough Remedy. This  
remedy liquefies the tough mucus and  
causes its expulsion from the air cells  
of the lungs, produces a free expectora-  
tion, and opens the secretions. A com-  
plete cure soon follows. This remedy  
will cure a severe cold in less time than  
any other treatment and it leaves the  
system in a natural and healthy condi-  
tion. It counteracts any tendency to-  
ward pneumonia. For sale by A. C.

The man who is caged in or cooped up  
day after day without sufficient exercise  
is sure to suffer for it. Quite often the  
liver is the first organ which becomes  
disordered, and constipation, biliousness,  
sick headache and general physical tor-  
por make life miserable. There's only  
one way to deal with liver "trouble" and  
that is to go to the root of the disease,  
and cure it once for all. Such cures of  
the disordered or diseased liver almost  
always follow the use of Dr. Pierce's  
Golden Medical Discovery. It always  
helps. It almost always cures. It re-  
gulates the liver, strengthens the stomach,  
and purifies the blood.

"Dr. Pierce's Golden Medical Discovery is the  
best medicine made," writes Michael Mohr, of  
Little Falls, N. Y. (68 Center St.). "I had yellow  
jaundice and liver trouble in November, 1900.  
Was almost dead, lost sixteen pounds in three  
weeks and my whole body was as yellow as  
gold, and I was sick at my stomach all the time.  
I tried three doctors and they gave me tablets  
and pills and another one some other stuff, but I  
went to Messrs. O'Rourke and Hurley's drug  
store and got your 'Golden Medical Discovery'.  
One bottle cured me and I thank it and God  
that I am a well man."

Accept no substitute for the "Discover-  
ery." There is nothing "just as good."  
The People's Common Sense Medical  
Adviser, a book containing 1008 pages,
