Space will be provided on the ited by Mrs. Wooten on the corner of Exposition grounds for all buildings Oak and Stephens streets. erected by counties and organizations and no charge will be made therefore. Chamberlain's Stomach and Liver Plans and specifications for such buildings shall be submitted to the Director-General for his approval.

Second: All collective exhibits made eral competition; that is, be both collective and competitive.

support in this movement, and respect-fully to urge early consideration of this invitation so that, if favorable action be taken, we may allot the necessary space to the end that your exhibit may be same for non-resident purchasers. highly creditable, not only to your progressive community and State, but to the Exposition as well.

We feel confident that the arrangewill be beneficial to all. HENRY E. REED,

Director of Exploitation.

Prune Growers Meet.

bers of the pool of the prunes held by the sale by A. C. Marsters & Co. Umpqua Valley prune Association was held last Saturday. Lloyd Reynolds of Salem, from the Willamette Valley Association was present, besides about fifteen of the Douglas county growers. The main topic for discussion was the matter of ways and means for more impressively bringing to the notice of the buyers the excellence of the Oregon prunes. Each member of the pool agreed to contribute a portion of his receipts toward a fund for the distribution of advertising matter prepared for this pur-

Another plan proposed is that of placing a live man at the great market centers to look after the Associations interests. The members of the organization have all agreed to hold together and make every effort to strengthen the Association in the coming year. A regular disordered, and constipation, biliousness, meeting of the directors will be held next Eaturday.

A regular disordered, and constipation, biliousness, sick headache and general physical torpor make life miserable. There's only one way to deal with liver "trouble" and

Observances In England. The lighting of Christmas candles and the burning of the "Christmas block" were the sure heralds of the season in old England, and the customs still survive in certain parts of the country. In some counties a piece of the Yule log is kept from one year to the next, in order to light the next year's log. In ancient times this frag ment was supposed to be a protection against fire and thunder. Its ashes were given to animals for certain sickness and were scattered over the land to keep the corn from blight.

In Devonshire what is known as the "Ashton fagot" is burned on Christmas eve, and a company watches the
