TWO KILLED, SIX INJURED.

Snowslide in Cornucopia District
Wrecks Queen of West Mine.

BAKER CITY, Or., March 11.—Two men were killed in a snowslide last night at the Queen of the West mine, in the Cornucopia district, 60 miles northwest of here.

The dead are: H. W. Holland, C. W. Cox.

The injured—none of them fatally—are: G. W. Estes, Thomas Smith, T. H. Mills, John Hunt, Frank Larimer, Nels Landstrom.

The crash came at 5:30, when the miners were coming off shift. It razed the building and bunkhouse, and swept the occupants down almost to the bottom of the canyon, hundreds of feet below. The dead and injured were recovered with difficulty from the debris. The mine is located in the Bonanza Basin, one mile from the spot where Superintendent Fred C. Dobler, of the Cornucopia mine, lost his life in a slide a year ago. The snow in the basin was from 10 to 100 feet deep.

The slide started midway between the Queen of the West and the summit, gathering mass and momentum as it thundered down the precipitous escarpments of the mountain. With a tremendous roar the avalanche struck the surface plant of the mine and in the twinkling of an eye all that was left to mark the spot was a tiny office occupied by Superintendent Bert Smith. Below the mine the mountainside is less steep, and the slide partly lost its momentum, to which fact is attributed the saving of the lives of 12 of the 14 who made the wild ride on top of the slide.

Every winter an avalanche in Cornucopia country claims victims. The heavy snowfall and steepness of the mountains make the safety of the miners impossible. The Last Chance mine is prepared for such emergencies, having constructed its surface plant so that slides will pass over the sloping roofs of the buildings.

All over the Blue Mountains this year slides have occurred, with heavy property loss, but yesterday was the first loss of life.

C. M. Cox, more familiarly known as "Cam" Cox was at the time of his residence in this county, one of its best known and most reliable citizens. During the years of 1880 and 1881 he was marshal of this county, and was known as a most efficient officer. After his retirement from office he returned to farming, his previous occupation. He has been absent from this county for the past 15 years, most of which have been spent in the section of the county in which he met his death. At the time of his death Mr. Cox was about 57 years old. He is survived by two sons and two daughters, Loren Cox, of Wilbur, Merton Cox, of San Francisco, Violet Cox, of Albany, Ore., and a married daughter, (nee Alta Cox) of Baker City. He was a brother of Jacob and Geo. Cox, of Deer Creek, Mrs. F. W. Dillard, of this city, and Mrs. S. W. Barker, who lives in California. Mrs. J. W. Strange, of this city, is a niece of the deceased. If it is possible to bring the remains to this county, they will be laid to rest in the family burying ground at Civil Bend.

America Will Take Leading Role.

William Grueno, editor of Die Grenzboten, of Leipzig in analyzing the play of international interests in the far East, says the late Field Marshal von Waldersee, after his return from China, often talked with his close friends on the certainty that the United States would have a leading role there. His solicitude for the future interest of Germany was also connected with the United States' position in far Eastern affairs.

Herr Grueno does not say where Von Waldersee's utterances leave off and the editor begins, but the article continues:

"The United States' attitude towards Japan is understandable because of her commercial relations with Japan and in Manchuria, and by reason of her aspiration to the hegemony of the Pacific. If the United States should maintain her claims to predominance in the Pacific, she must reckon with Japan, either as a friend or an enemy. For the moment the United States' interests require friendly relation with Japan, taking into consideration the limited American Navy and the British-Japanese alliance. For the time this allowance will check American hegemony on the Asiatic side of the Pacific."

The editor regards an American-British-Japanese alliance a possibility.

HAS J. C. CONN KILLED HIMSELF MYSTERIOUSLY DISAPPEARS AT SILVER CITY SILVER CREEK HAS BEEN DRAGGED AND DYNAMITED BUT NO TRACE OF MISSING MAN IS FOUND.

A letter received from Silver Lake, Lake County, Oregon, by Major Buick, in substance says: On Friday morning, March 4, J. C. Conn, (known in Roseburg where he was born and raised and whose relatives live around Roseburg,) was seen by one of the clerks of his store at Silver Lake to leave the store and go in the direction of the Silver Creek bridge. This was early in the morning and Mr. Conn did not take with him his overcoat although it was bitterly cold at the time. As he neared the approach of the bridge he was seen to stoop down as though he was tying a shoe string or rolling up the bottom of his pants and was seen to turn around as if to return but a few minutes afterwards he was seen on the top of the bridge and that was the last seen of him.

The absence of Mr. Conn from the store during the day alarmed the clerk, and as evening approached he made his fears known and a searching party went to look for him, when someone said that, early that morning, he had heard the report of a gun, and the sound proceeded from the neighborhood of the bridge. The creek was rather high at the time, and the ground frozen, and the party returned without finding a trace of the missing man. The clerk said that at first he supposed that his employer had gone a short distance into the country, on business. When it was stated that the report of a gun had been heard that morning, a search was made, when it was discovered that two guns of modern pattern were in their proper place in the drawer, but that one revolver of ancient make was missing. As Mr. Conn had left no instructions about the store or business, his disappearance caused considerable alarm, and on Saturday morning Frank Payne, the clerk, sent out two men on horseback to seek information from the ranches around Silver Lake—but they returned without bringing any information of any kind. On Sunday and Monday Silver creek was thoroughly searched and dragged, and dynamited to see if the supposed dead body would float, but not a trace of the missing man could be found.

It seems that while Mr. Conn's business was in a most flourishing condition that he has had quite a number of reverses lately. Early in the winter three heavy freight wagons burned up and a few weeks ago one of his best horses died and he had appeared to be melancholy over the loss and it is supposed that in a fit of despondency he went to the top of the bridge and there shot himself and the body falling into the swollen stream has been carried into Silver Lake about ten miles away. If this theory is true the body will doubtless be found. The only hope the Silver Lake people have that he is alive is the theory that he has wandered into the country and is at some ranch house for the ground is covered with snow and the cold is so intense at night that nobody lightly clad could live through a single night. If Mr. Conn in a fit of despondency, wandered into the country and perished his body will be found just as soon as the snow melts from the range.

At the time of writing Monday noon the relatives of Mr. Conn in Roseburg have received no news from Silver Lake except that furnished by Major Buick in a letter from his son, who lives there, and in finishing the letter it is stated that the creek is swollen and a thorough search has been made of the surrounding county and mountains and not a trace of the missing man was found.

A Favorite Remedy for Babies.

Its pleasant taste and prompt cures have made Chamberlain's Cough Remedy a favorite with the mothers of small children. It quickly cures their coughs and colds and prevents any danger of pneumonia or other serious consequences. It not only cures croup, but when given as soon as the croupy cough appears will prevent the attack. For sale by A. C. Marsters & Co.

Shoshone Falls Power and Lighting Company, which will launch a power enterprise said to be one of the greatest in the country except that at Niagara. A power plant is being built on the Snake river from which electricity will be transmitted to Salt Lake and intermediate cities. Three power plants in all will be erected with a total capacity of 80,000 to 100,000 horse power. The capital stock of the company is \$2,500,000 with a bond issue of equal amount. All the stock and half the bonds are subscribed. Prominent men of Idaho and Utah are promoting the company.

Dates Fixed.

The Democratic County Convention will be held in Roseburg, April 16. There will be 125 delegates.

The precincts and the apportionment of delegates on the vote cast in each for Governor Chamberlain, including one delegate at large, are as follows:

Bohemian	1
Perdue	2
Kellogg	2
Scottsburg	2
Coles Valley	3
Looking Glass	4
Calapooia	6
Elkton	3
Wilbur	4
Oialla	3
Myrtle Creek	7
Riddle	4
Yoncalla	6
Unquippa	6
Roseburg	9

Hayburst.

Mrs. Mable Wilson, of Yoncalla has been engaged to teach our spring term of school.

Lee Allen is moving his family to his ranch near here in order to send his children to school.

Mrs. Kittie Francis and little boy returned to their home in Tinot, after a few days visit with relatives here.

Messrs. Ohlson and Davis, who are cutting railroad wood near Leona, were here over Sunday.

Wm. Cook of near Fern Ridge was a Yoncalla visitor last Saturday.

Grandma Bridges who was quite sick a few days last week, is about well once more.

W. C. Bridges and Ben Huntington of Yoncalla came over for a hunt on Bally a few days ago, but owing to stormy weather were unsuccessful.

John Wagoner was greeting old friends here last Monday.

Roscoe Andrews and party came over with their hounds last week and caught and skinned a large coyote that had been killing sheep.

We regret to learn of the death of Grandpa Standley, father of our neighbor Chas. Stanley.

Wm. Wilson left several days ago for his home in Glasgow, Scotland. Mr. Wilson had many friends here who wish him a pleasant voyage home.

Hayburst is gradually losing its reputation as a bachelor community. They are about all "snapped up" as we predicted some time ago. And the last two who were left single left us recently.

Government Timber Land.

It seems to be a general idea among the people that all the valuable vacant government land has been taken. Such is not the case, as I can show you 23 quarter sections of government land that will cut from 3 to 6 million feet per each quarter of Sugar and Yellow Pine, Cedar and Oregon Pine, in very desirable locations for timber claims and homesteads, close to town and the railroad, with good roads leading to them.

If you intend taking a timber claim or homestead, first let me show you some claims and then before filing, go and see what others will show you. Let me get all the timber and in the best location that you can for your money. Maps and pamphlets furnished on application. My location fee is \$125.—W. B. SHERMAN, Rooms 10 and 12 Masonic Temple, Grants Pass, Ore. Long distance phone 731. 1m

Excursion Rates.

Commencing March 1, 1904 and continuing daily to and including April 30, 1904 colonists tickets will be on sale from the East to points on Oregon lines via Portland, rates from some of the principal points as follows: \$33 from Chicago, Ill.; \$31 from Peoria, Ill.; \$30 from St. Louis, Mo.; \$25 from Missouri River Point, Omaha and Council Bluffs to Kansas City inclusive; \$26.90 to Sioux City, stop overs not to exceed 10 days at one point will be allowed between Portland and destination of ticket on Oregon lines. 19 tf

Dr. Pierce's Favorite Prescription

"I enjoyed good health until about two years ago when I noticed my back began to ache frequently. It became sore and lame, and headaches soon added to my misery. I also found that my general health was declining. I became thin and weak and nervous, having severe pains at regular intervals." writes Mrs. Augustus Emery, Treasurer New Century Club, 34 Dean Street (Roxbury), Boston, Mass. She continues: "My work which before had seemed an easy task soon seemed like a heavy burden. I decided to try Dr. Pierce's Favorite Prescription, which several of my friends praised so highly. I felt relief within a few days and the pains gradually decreased and I enjoyed sound sleep. Within fourteen weeks I had completely recovered my health. I secured built up strength, my pulse, which had been weak became normal, and new life animated my entire being. I gladly endorse your medicine."

Dr. Pierce's Favorite Prescription restores weak and sick women to sound health, by curing the local womanly diseases which are generally responsible for the failure of the general health. A woman's entire being is centered in her womanly nature. When the delicate womanly organism is attacked by disease, when there is irregularity or a disagreeable drain; when inflammation burns and ulcers gnaw the general health will reflect the progress of disease, in increasing weakness, nervousness, headache, loss of appetite and sleeplessness.

So sure of it is the World's Dispensary Medical Association, of Buffalo, N. Y., proprietors of Dr. Pierce's Favorite Prescription, that they offer \$500 reward for woman who can be cured of Leucorrhoea, Female weakness, Protrusion, or Prolapsus of Uterus. All they ask is a fair and reasonable trial of their means of cure.

Dr. Pierce's Pleasant Pellets regulate the stomach, liver and bowels.
