Frequently the editor takes a piece of moistened white paper on the inked type and runs a little roller over it, then withdraws the paper, says the Wilson Creek Chief. He thus makes a proof of the article written. The world is constantly making proof of you, reader, your associates and companions take impressions of you, and these impressions are read, either to your advantage or hurt, and often to the good or evil of others. Every person who talks with you makes a little proof-page while he talks and files it away in his memory. Thus you are being known and read of all men, and thus, for happiness or sorrow, your life is going out into circulation.

Another "almost success" ended in failure on Monday. Dr. Greth of San Francisco attempted to make a trip to San Francisco in his airship. He sailed for six miles through the air in a successful manner when something went wrong with the motive power, 50 horse-power engine when the machine collapsed. If a airship can be made to travel 6 miles there is no reason why it should not accomplish 60 or 100 miles if proper care is taken.

The gambling hells in Portland are responsible for another suicide and another made widow and a broken up home, but the bells must run so that the city can have money to pay expenses, and it matters not what the consequences may be, such places are allowed to run in defiance of law, order and good government by a lot of perjured officials who stand in with crime for the sake of the gold that can be wrested from criminals.

If you want garden seed call at this office and obtain a package as Senator Mitchell has sent a small sack of seeds for distribution and everybody, Republicans, Democrats, Socialists are invited to come and get a package as long as any are left.

General Kuroptkin has telegraphed to the czar that he is "glad that the Japanese troops have crossed the Yalu River." He does not say that he is glad that the Japs captured 28 rapid fire guns and drove the Russians out of their entrenched stronghold.

Many prominent politicians are urging Speaker Cannon to allow them to run him for Vice President. His answers are very evasive for he knows full well that except in the event of the death of the President he would be dead politically.

Over 8000 machinists went out on a strike on the Santa Fe railroad on Monday morning. The company is making every effort to fill the places with non-union men.

And now the Carter Harrison corrupt machine in Chicago has been smashed. The Hearst forces carried the primaries by overwhelming majorities last Monday and that anarchical sheet, the Chicago American, is directly responsible for Harrison's overthrow. The citizens now wonder whether they will be better under the denunciation of labor unions or the democratic machine.

On Monday near Columbia Fall, Wash., a poor woman, driven crazy by hunger and the nursing of a 4 month old babe became insane and tossed it out of the car window. The train was stopped and the babe was picked up uninjured. It had fallen on a bush and rolled to a bed of sand.

George H. Hines, secretary of the Oregon Historical Society is accused of pilfering a monument from Astoria. We have heard of a man stealing a sawpit and a ready made post-hole but this is the first time we ever heard of a man getting away with a gravestone, obituary and all.

The Monitor, Wyoming and the torpedo boat destroyers Paul Jones and Preble will help the Portlanders to celebrate the Fourth of July. These warships are now on the way from Panama.

The special edition of the Eugene Register is the best printed and gotten up newspaper issue we have seen in Oregon. It reflects credit on the city, the newspaper and Southwest Oregon.

The affiliated labor unions which met in convention at Oregon City on Tuesday, passed strong resolutions against the admission of Chinese and Japanese immigration.

There is a tremendous uproar in France for the citizens of that country declare that Emperor Williams of Germany has gone out of the way to grossly insult France.

The McKinley and Puter trial is set for May 18. The prosecution will see how it gets along with this case before Marie Ware and Mrs. Watson are tried.

Frank Hart and his wife Mollie of Corvallis have been declared insane on account of the holy roller fanaticism and sent to the lunatic asylum.

From all reports the yellow kid journalist will receive the endorsement of the Washington democratic State Convention for President.

The cracker manufacturers of Portland have commenced a war on prices and the cut is deep and long.

District Attorney Grigsby of Alaska has handed in his resignation to take effect July 1.

Work on the Exposition buildings at Portland is being pushed most energetically.

On Monday night the O. R. & N. railroad brought 400 immigrants to Portland.

The Oregon Pioneer Association will meet in Portland on June 20.

STRIKE IN THE PENITENTIARY.
It has leaked out that for some time past there has been revolt brewing by the convicts in the penitentiary at Salem, and last Friday over forty refused to work, giving as a reason that the food supplied was insufficient and of a very poor quality. The men were all marched to their cells and afterwards taken to the chapel where they were lined up and after an address by the warden they were given two minutes in which to decide whether they would go to work or be shot on the spot. They all concluded that they did not want a lead diet and went to work. While convicts ought to be well treated and have rights, they have no right to assert what they consider to be their rights by striking. A penitentiary is a place where the convicts should be ruled and not to rule the institution.

State Made in A. D. 7000!
A San Francisco news dispatch of Tuesday's date says:
"Mrs. Jane L. Stanford, after an absence of nine months, during which she visited Australia, Ceylon, India, Egypt and Japan, arrived home from the Orient, yesterday, on the steamship China, noticeably improved in health and happy in the thought that she is again in the midst of her many interests, paramount of which is the development of the great seat of learning at Palo Alto. After a few days rest she will go to the Stanford University, where she expects to remain for several months, watching the progress of the work of construction on the new library building, the foundations of which will soon be laid.
During her visit in Egypt, which extended over a period of eight weeks, Mrs. Stanford secured a valuable collection of ancient relics which will be added to the museum at the University. Just before her departure from that country these relics which she brought back with her,

unearthed in the village of Gizeh where the famous group of pyramids are being explored by a party under the direction of the Sheik of Gizeh. In the collection is a portrait statue of Cheops. It is a seated figure of flint stone, four feet high, clearly showing the anatomy of the body, the muscles and veins of which are as distinct as those on a well developed human being. It is estimated by the Egyptian authorities, whose permission was given to Mrs. Stanford to bring the relics to California, that the statue was made 7000 years before Christ.

General Kuroki Reports His Loss 798 Killed or Wounded.

A supplemental report was received at Tokio on Tuesday from General Kuroki. It says:
"Yesterday the enemy offered a stubborn resistance against our pursuit, adding about 300 to our casualties. The enemy stood with resolution until their artillery, consisting of two batteries, lost the majority of its men and horses. They then broke the breeches and closing apparatus of their guns, and hoisted the white flag.

"According to a captured Russian officer, Major-General Kashtalinsky, commander of the Third East Siberian Rifle Brigade, the Colonels of the Eleventh and Twelfth Rifle Regiments and the commander of the Rifle Artillery Battalion were killed in the fighting at Hamatan.

"It seems that the enemy was entirely routed by our attack, because since Monday many have come in and surrendered. Our prisoners include 30 officers, 20 of whom are wounded and 300 men, 100 of whom are wounded.

"A preliminary report from the chief surgeon of the First Japanese Army shows that we had 798 men killed and wounded. These casualties are divided as follows: The Im-

Parks the Labor Agitator Dies in Prison.

OSSISO, N. Y., May 4.—Sam Parks, the New York labor leader, who was sent to Sing Sing prison after his conviction of a charge of extortion, died in prison today. He had consumption at the time of his conviction, and had failed rapidly since he was sent to Sing Sing.

Parks, after his first conviction, was brought to the prison on August 27 last. In securing a new trial he was released on bail September 5. After his second conviction he was brought back to the prison on November 6 to serve a term of two years and three months. He was at first put to work on the fiber brush shop, but his condition became such that he was admitted to the hospital, and was under treatment there at the time of his death.

Sam Parks was prominent for years in labor circles, being a leader in Chicago before coming to New York, and the loyalty to him of his associates was remarkable. He was walking delegate, or business agent, of the local House-smiths' and Bridgemen's Union for several years, and it was under his leadership that the big strike of ironworkers in New York last year was inaugurated. That strike involved the National Ironworkers' organization, and National President Buchanan finally announced himself as against Parks, and the general strike throughout this country which the New York leader sought to have ordered. The contest was carried to the annual convention of the union, where Parks won, to the extent that he prevented the recognition of a rival union, which had been approved by both President Buchanan and the New York contractors. During last summer charges of extortion were made against Parks, and he was finally indicted, it being alleged that he had taken \$300 from an employer on a promise to call off a strike. Other similar charges were made, but both times he was tried on the same charge.

After returning to New York from Sing Sing, the first verdict having been overturned by a higher court, Parks was one of the central figures in the Labor day parade last September. When convicted the second time and sentenced to Sing Sing he announced that he had given up the fight for himself and for labor and wanted to die in peace.

Methodist Conference at Los Angeles.
Yesterday morning President Roosevelt sent the following greetings to the Methodist conference which assembled at Los Angeles.
"Permit me to extend greetings to the assembled Methodists. It is impossible for any students of the social and religious growth of our people to fail to understand the tremendous influence of Methodism in shaping this growth aright and I therefore on this occasion congratulate not merely you but all our country on what you have done. I wish I could be with you in person as I am in spirit."

There are over ten thousand delegates and visitors now assembled at that city as that religious organization is the largest in numbers and financial strength in the United States.

Registration Notice.
County Clerk Shambrook states that the registration book will be kept open at the clerk's office on the evenings of Thursday, May 12, Friday, May 13, and Saturday, May 14, from 7 o'clock p. m. to 9 p. m. This is for your benefit. Register now.

Yoncalla Items.
H. T. McChellan, Republican nominee for Sheriff, was in town Monday.

Miss Alma Ambrose went to Roseburg Sunday where she has employment at the Soldiers Home.

The local lodge of Odd Fellows commemorated the 55th anniversary of the organization of that grand order by having a sermon preached Sunday. Rev. Harbitt of Wilbur delivered the sermon, which was appropriate to the occasion, and contained truths which if practiced through life would bring all safe at last and make this earth a happier place.

The body of Mrs. Tolliver was brought from Eugene, Monday and interred here Tuesday. A suitable obituary will appear later.

Anti-Euchre Club.
Twenty-one husbands who reside in Bayonne, N. J., have met and organized the Married Men's Anti-Euchre Club. They declare it is time their wives and other men's wives were cured of the progressive euchre habit and propose to use all their efforts to establish such a cure. Several letters from other towns and cities were read endorsing the movement.

A gentleman of the name of Kicks in accepting the presidency of the new society, stated that the times were such that it is high time we asserted our manhood and made a determined effort to down this habit which threatens to wreck our homes. Many a night I have

had to walk the floor with the baby until 2 or 3 o'clock waiting until my wife returned from a euchre party. It has got so that the clubs meet every afternoon and evening and are now talking of playing on Sunday."

Other men spoke in a similar vein and resolved to curb the popularity of euchre by every means in their power.

County Court in Session.
The regular May term of county court opened Wednesday, with Judge M. D. Thompson as Commissioner, J. C. Young and J. E. Nelson, Clerk and R. Stump, Sheriff and Sheriff in court present. The following cases were on the docket:

Sciatic Rheumatism Cured.
"I have been subject to sciatic rheumatism for years," says E. H. Waldron of Wilton Junction, Iowa. "My joints were stiff and gave me much pain and discomfort. My joints would crack when I straightened up. I used Chamberlain's Pain Balm and have been thoroughly cured. I have not had a pain or ache from the old trouble for many months. It is certainly a most wonderful liniment." For sale by A. C. Marsters & Co.

The New Question Puzzle.
The Portland Journal is seeking notoriety on the weight of a brick and a half. The question is as follows:
If a brick weighs seven pounds and a half a brick, how much does a brick and a half weigh?
That is the question. If you like to try your hand at it The Journal will be glad to print your answer. Appended are the replies received in this morning's mail:
The true answer is 21 pounds.

Miss Marion George.
Is rapidly coming to the front of musical geniuses. Already she can command the highest salary of any lady violin player on the stage, and all the big musical centers, New York, Boston, New Orleans, San Francisco, in fact every where she has played, the press and public have been unanimous in declaring that her power on this beautiful instrument is marvelous. Only a short while ago in Salt Lake City, when she played in the famous tabernacle, which held 13,000 people, and time after time she had to respond to the tumultuous applause of the delighted throng. She can take you back to your childhood by her beautiful rendering of simple old time airs, or she can charm the heart of musical enthusiasts by her skillful playing of classical pieces. She is the happy possessor of many beautiful gowns and diamonds, but her chief treasure is her famous violin, which cost over \$2500. She will play at the opera house on Monday, May 9 and if you wish to hear the violin played by the only legitimate successor to Madam Norma Naruta, you should secure seats early. Lower floor 50 and 75 cents. Gallery 25 and 35 cents.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

An Open Letter.
From the Chapin, S. C. News: Early in the spring my wife and I were taken with diarrhoea and so severe were the pains that we called a physician who prescribed for us, but his medicines failed to give any relief. A friend who had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy on hand gave each of us a dose and we at once felt the effects. I procured a bottle and before using the entire contents were entirely cured. It is a wonderful remedy and should be found in every household. H. C. Bailey, Editor. This remedy is for sale by A. C.
