The Roseburg Shamrocks, under the personal supervision of "Lipton" Morrow sailed into this burg on this morning's local looking not much worse than the usual wear and tear of an unsuccessful voyage. The team returned minus Gregory, the left handed pitcher who Morrow has sold to the Vancouver manager. The boys have no excuse to make for their long run of hard luck, but say that they will be in the game from now on. Next Thursday the opening series at this place will be started between Roseburg and Eugene teams. We hope to win a majority of the games here.

Last Thursday game which was called in the sixth inning at Eugene on account of rain with the score 4 to 5 in Eugene's favor has been awarded to Roseburg. "Pap" Morrow protested the game on account of the Eugene team leaving the field before waiting the required 30 minutes to hear the final decision of the umpire.

Modest Summer has evidently made up her mind to stay and the indications for Douglas County are splendid crop for the coming season. The hay crop up to the present date is luxuriant. Some report the falling off of young prunes and other fruit, from the trees but this, it is said, will improve the quality of the fruit remaining upon the trees.

Several children have died within the last few days, and many others are suffering from a new disease which has appeared in the neighborhood of Madison avenue and One Hundred and Fifth street, New York. At least 20 cases are reported from one hospital. The doctors have been wholly unable to diagnose the disease, but they believe it to be due to germs arising from the walls of old tenements, the lower floors of which are being rebuilt into stores. The walls, ceiling and floors are being scraped or torn down, and in the dust thus raised the bacteria appear to germinate. The symptoms of the new disease are headache, lassitude, rapidly developing fever and usually death within 24 hours. The Health Department is now investigating the matter.

Steps are being taken both for and against the local option law which is to be voted on in June. The matter should receive an intelligent consideration. The law itself, as supposed by some, is not a perpetual prohibitive measure. It means simply that in the event of the bill becoming a law, every community either large or small, shall have an opportunity every two years to say through the ballot whether the sale of liquor shall be allowed in that community. In other words, to every precinct, town or country, once in every two years is given the right to decide by a majority vote whether liquor selling shall be allowed in the district involved. Junction City Times.

There is a new song going the rounds of the press and it runs as follows: "We don't want to buy at your place, we don't want to trade there any more; you'll be sorry when you see us going in to some other store. You can't sell us any stale goods, you have opened wide our eyes; we don't want to trade at your store, because you do not advertise."

The Eugene Register, in their recent writup entitled "The Last of the Tribe of the Siuslaw Indians," evidently were represented by someone who had received their information from a very unreliable source. In the first place, all the Indians on the Siuslaw river are of the old Coos Bay tribe; secondly, there is probably not one in the tribe that would exceed seventy-five or eighty years of age, instead of over 100, as most of them are reported, and thirdly, Indian Jeff Harney, whom the Register representative reported as 112 years of age, is a man of about forty-five years of age, and not one of the older Indians and is not a chief, but the son of one of the Coos Bay chiefs who has been dead for years.

Among the multitude of startling circus novelties and trained animal acts which Norris and Rowe are offering this season with their new big two ringed and elevated stage shows, there are two that stand out with more than ordinary prominence. They are the Gardner Family of six persons and the McDonald Brothers. The former perform upon horizontal bars, placed at the top of the huge tent. With such precision of time and accuracy they retrace each other and with giant swings toss between them two others of the members of the troupe. It is an achievement bordering on the miraculous and requires the greatest possible strength, skill, daring, courage and grace. The McDonald Bros are a trio of sensational trick cyclists. Upon one, two and three wheels, they go through wonderfully intricate maneuvers, riding backwards and forwards on one wheel; riding blindfolded, riding at breakneck speed down long flights of stairs and going through many other difficult evolutions. The acts make a really marvelous spectacle and it is but two acts of this nature which Norris and Rowe have provided for our entertainment this season. The shows will exhibit at Roseburg Monday May 16.

Here's another graft. The Salem Journal sends Jim Finch, its local reporter, to the penitentiary for his meals. If the grub is satisfactory we suppose the rest of the push will board there and Col. Hofer will lecture the cops on strawberry culture. We were never expected Jim would go to the pen unless it was compulsory.—Ex.

In keeping with the time honored custom of inaugurating the glad and gay day of days of rest and recreation, pleasure and profit, interest and instruction, education and enterainment, diversion and delight, happiness and hilarity, merriment and music, wonderment and wisdom brought to every community by the new great Norris and Rowe Shows, by presenting upon the principal thoroughfares the day of the show, a grand gratuitous, spectacular street parade. It will be done this time in a manner so overwhelmingly magnificent that no language in its praise may seem extravagant. This will best serve to show the many new wild animals and dens of rare beasts, trick ponies, horses and elephants, lions, bears, camels and so many other beasts that Messrs Norris and Rowe recently received that it is utterly impossible to enumerate them all in this article, suffice it to say that there will be shown over one hundred acts of a nature startling ever to the modern circus world. Norris and Rowe's Big Shows will exhibit at Roseburg, Monday, May 16.

**Cured His Mother of Rheumatism**  
"My mother has been a sufferer for many years with rheumatism," says W. H. Howard of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by A. C. Marsters & Co.

From the Chapin, S. C., News: Early in the spring my wife and I were taken with diarrhoea and so severe were the pains that we called a physician who prescribed for us, but his medicine failed to give any relief. I procured a bottle and before using the entire contents we were entirely cured. It is a wonderful remedy and should be found in every household. H. C. Bailey, Editor. This remedy is for sale by A.
