"Several years ago I suffered severely from female weakness, prolapsus and menorrhagia, and used Dr. Pierce's Favorite Prescription with splendid effect," writes Fannie Shelton, of Washington, Iowa. CAN I BE CURED? At the last this question of cure comes down to a personal matter. After trying many medicines and local physicians in think their case is exceptional. But a majority of women cured by "Favorite Prescription " thought the same thing. Yet they were cured by the use of this remedy. It is a possibility that in some cases no complete cure can be made But it is on record that "Favorite Prescription " has cured ninety-eight women out of every hundred who have given it a fair and faithful trial. In the tew cases where a cure was impossible great benefit has been received, and relief from pain secured, though perfect health could not be re-established

There are certain medicines which contain stimulants or narcotics which make the person using them "feel good" for a time, because they dull the sense of pain, but they do not produce any lasting benefit. "Favorite Prescription" contains no alcohol and is entirely free from 124 Third Street opium, cocaine and all other narcotics It does not numb the nerves but nourishes them.

Sick women are invited to consult Dr. Pierce, by letter, free, and so avoid the offensive examinations, indelicate questionings and obnoxious local treatments which the home physician often deem! necessary.
