Memorable Struggle Ended.

Charles S. Deneen of Chicago, was nominated for Governor of Illinois by the Republican state convention on the seventy-ninth ballot Friday and the phenomenal struggle that since May 12th had kept 1,502 delegates in the most remarkable deadlock in the history of the country reached a dramatic conclusion.

The Republican nominee is an Illinois boy born and bred, and he has three generations of Illinois men and women back of him. Mr. Deneen was born at Edwardsville, in Madison county, forty-one years ago, and was educated at the public schools of Lebanon and at McKendree College. In 1886 he settled permanently in Chicago, having for three years taught school in Jasper and Madison counties. He secured a place in that city as a law clerk in the office of Master of Chancery Waller and made rapid progress in his profession, becoming a member of various law firms.

Mr. Deneen has always been active in politics, and has never moved out of the line of fair dealing that has characterized all his public career. He served one term as a member of the legislature and in 1896 was appointed attorney for sanitary district, holding this position till 1896, when he resigned to make the race as Republican nominee for state's attorney. He was elected by the largest majority ever given a candidate on the county ticket up to that time, and in 1900 was reelected, running over 10,000 votes ahead of the total for President McKinley.

Horrible Accident.

Alvin Lane, aged thirteen years, residing about three miles above Walthersville, met a horrible death Saturday evening about 6 o'clock by being dragged a distance of a mile or more by a runaway horse.

The boy and his older brother Guy went out to catch the horse and bring him in. The horse had on a long rope which the young men succeeded in getting hold of, but the horse at once started to run. Guy Lane let loose of the rope and told his little brother to do the same, but the rope in some way had taken a half hitch around the boy's leg and he was unable to free himself. At a breakneck speed the horse tore down the road, dragging the helpless boy with him. Every few feet as the boy's head would strike the hard ground or a rock he would utter an agonizing cry, which was heard by the neighbors in the extreme. His brother at once mounted another horse and took after the runaway animal and succeeded in stopping it about a mile from where it started. The boy had died before his brother reached him. The back of his head had been completely torn off, and his back and limbs were badly lacerated.

The horse in its mad flight down the road passed several men, but they were powerless to stop it. The boy's lifeless body was tenderly picked up and carried to the house and prepared for burial. The funeral was held Sunday and the remains interred in the Camp Creek cemetery. The boy was an orphan, being the son of the late Al Lane.—Guard.

Fight With Train Robbers.

DENVER, June 9.—In a running fight with the robbers, who held up the D. & R. G. west-bound passenger train No. 5, near Parachute Tuesday night, two of the robbers were shot today and Deputy Sheriff Moham of Glenwood Springs was wounded. One of the bandits is dead. The pursuit and fight is still in progress at the L. W. Smith ranch this afternoon.

The officers were firm in their belief, as stated yesterday, that the men would head for the range and endeavor to cross to the headwaters of Piceance creek, enroute to the Routt country retreats, and paid little attention to trails, cutting toward the range to a point of interception under the guidance of men familiar with the country.

That their surmise was correct was shown by the fact that they headed the bandits off and did battle with them today. The Smith ranch is in the foothills and had the robbers succeeded in passing it they would have been practically immune from pursuit. The dead bandit is unknown to any of the posse.

A Kansas City deaf mute has been sued by his wife because, as she alleges, he swore at her on his fingers. This is, indeed, hard luck. A little more of this sort of thing and the average married man can't even wiggle his toes in the presence of his wife without attending the innocent pastime with a verified interpretation of the actual trend of his mind at that precise moment. And yet, some people are clamoring for woman suffrage!

UNION MEN TOLD TO HIKE MET AT KANSAS LINE AND REFUSED ADMITTANCE

HUNGRY AND DESPONDENT THEY REACH A SMALL TOWN AND ARE FED AND CARED FOR BY ITS INHABITANTS.

CRIPPLE CREEK, Colo., June 9.—Marshal Naylor and his squad captured George Fridley today near Canyon City and returned with him to Victor. He is charged with having killed Roxy McGee in Victor Monday, and with having attempted to shoot C. C. Hamlin, secretary of the Mineowners' Association, when he was addressing the mass meeting in Victor Monday.

CRIPPLE CREEK, Colo., June 9.—"Death to unionism in the Cripple Creek district" is the new slogan of the Citizens' Alliance which has sent a decree broadcast that every person connected with any union here must either sever his or her connection with such organization or leave the district.

This latest stand of the anti-unionists was vaguely hinted at two days ago, but the movement on the part of the alliance seemed so absurd to the 3000 or 4000 unionists in the camp and its enforcement fraught with so many difficulties, that it was not taken seriously.

T. S. Dines, a Denver attorney and one of the executors of the Stratton estate, is here in conference with Citizens' Alliance leaders, and it is announced that he is preparing a form which will be presented to every merchant and business man and other employers of labor in the entire district, pledging them not to employ any person who is affiliated with a labor union.

No person who works for a living will be exempt, and the absolute annihilation of unionism in this county is predicted by members of the Citizens' Alliance and the Mineowners' Association.

This is considered the most drastic step yet taken by the Alliance since it secured the upper hold in the district, and its enforcement will effect 3000 men and women now affiliated with the various unions. Among the unions that will be affected by the new movement are the Clerks, Cooks and Waiters, Bartenders, Carpenters, Electricians, Trainmen and Stone and Brick Masons.

The unionists assert they will fight the movement to a finish.

SOLDIERS TO SHOOT IF RESISTED.

VICTOR, Colo., June 9.—A squad of mounted infantrymen have gone out today in pursuit of about 55 union miners, said to be encamped in the Heaven Creek region, east of this city. The troops have orders to shoot the men when found if they resist arrest.

TWO THOUSAND SHOTS FIRED.

It is considered remarkable that only one man was killed in the Dunnville battle. The contesting forces were about 200 soldiers and deputies under personal command of General Bell, and 65 miners, who were secreted behind rocks and trees in the hills surrounding the new mining camp. The attacking party left its train and walked through a narrow canyon into the open gulch where the town of Dunnville is located, and was subject to a hail of bullets from the rocks above. Probably 2000 shots were fired by both sides, yet only one man was hit so far as known. John Carley was in the timber, and was slain by a steel bullet from the Krag-Jorgensen rifle of a man in the firing squad of Sergeant Baldwin. The dirt and rocks around the feet of the invaders and the newspaper men who accompanied them were spitted up as if a heavy hailstorm was in progress, but not a man was touched. Bullets struck about General Bell and literally sprinkled his boots with earth and broken rocks, but he was cool and gave orders deliberately. He turned to a newspaper man who was standing a few feet away and shouted, "Cover up that white vest and take off that Panama."

These were excellent targets.

SOLDIERS CHARGE HILLS.

After seven minutes of hot work, desultory firing was kept up for an hour. Finally the soldiers charged up the hills and many of the ambushed men were then seen scampering away in all directions. About 20 prisoners were taken. Fourteen who were members of the Miners' Union were brought to camp and imprisoned, the others being released.

General Bell will not call for more troops, believing that the two companies now on duty, assisted by the Sheriff's deputies, can cope with the small parties of miners scattered among the mountains. To queries

TROOPS DEPART TWENTY-SIX.

Wives and Sweethearts Try to Break Through Lines.

VICTOR, Colo., June 10.—Acting under the orders of Adjutant-General Sherman M. Bell, of the State National Guard, a special train was made up shortly after noon today in the Short Line yards here for the deportation of 76 union miners. The train comprised a combination baggage car and two day coaches. Almost immediately the work of loading the men began. They were marched to the train between heavy lines of militia and deputies. A crowd of fully 1000 people had collected to see the men placed on board. Among the spectators were wives and sisters, fathers and mothers of the deported men, and the scenes were very affecting. Mothers, sisters and sweethearts cried good-bye and tried to push through the lines for a parting Land-shake. Most of the women had been allowed to see their relatives at Armory Hall before the men were marched out.

OFFICERS OUT TO MAKE TRAIN GO ON.

Mayor Harris, of Colorado Springs, had been apprised of the decision to deport the men and immediately took steps to see that none of them landed in that city. Under his instructions a large force of officers and deputies met the special train at 6:10 this evening for that purpose. No attempt was made, however, to unload the men there, arrangements having previously been made to send them to Kansas State line over the Santa Fe, because of protests made against taking them to Pueblo or Denver and leaving them there.

The train stopped long enough at Colorado Springs to give the soldiers time to eat. The deported men had rations of beans and bread on board.

Another party of exiled men will be sent out of the district tomorrow. Sixty men confined in the Cripple Creek bullpen were taken to the County Jail today, and charges of murder were placed against them.

Shortly after 6 o'clock tonight the military committee adjourned, having examined all the prisoners and disposed of all the business before it. Only two men were released from custody today by the committee.

TRUMP THE DEVIL AND THE DEEP SEA.

LA JUNTA, Colo., June 11.—A special train from Holly Colo., a town near the Colo-Kansas boundary, says that the trainload of deported Cripple Creek miners stopped half a mile west of the state line, and that the prisoners were unloaded from the cars and ordered by Col. L. W. Kennedy, the officer in command of the guard, to "hike" to the east and remain outside the borders of the state. A volley of shots, it is said, was fired in the air by the troops, who latter boarded their train and returned to the West.

The depot men were met at the state line by Sheriff Jack Brady, of Hamilton County, Kan., and 40 deputies, and were turned back. Since early morning the unhappy miners have been straggling into Holly, where breakfast was furnished them by the residents. Many of them are now walking to Lamar, Colo.

SAYS 35 OF 40 WILL HANG.

CRIPPLE CREEK, Colo., June 11.—General Sherman M. Bell today made the following statement for publication:

"I have indisputable evidence in my possession which will lead to the conviction of a number of union men for the murder of the nonunion miners who were killed in the Independence depot explosion. We have between 35 and 40 men in the bullpen who will swing for this crime. We are only waiting to capture two or three more men before we tell what our evidence is. There will be no deportations today."

No Rebuke to President Roosevelt.

Whatever has been said about President Roosevelt, there was certainly no rebuke in the returns of the Oregon State election although by his steadfast adherence to principle and right regardless of political influence or money, the President has gained the enmity of some of the party leaders and the kings of Wall Street, yet the beautiful endorsement of the people, especially of Oregon, fully exemplify the fact that he has the love and confidence of his subjects who respect his fine moral character and perfect manhood. This is conclusive proof, as in Abraham Lincoln's life, that merit will win out, and Roosevelt's example is forming a prestige that is already having its effect upon the different state governments.
