The Secret of Long Life and How to Overcome Waste.

To "Know thyself," is to take advantage of life's secrets and equip one's self with an armor which will successfully resist the attack of disease in the battle of life. The old idea of fate or "kismet," and that a person always dies when his time comes, is now exploded. Every mechanism, whether made by God or man, has a definite amount of wear and its life can be leagt the ned or shortened according to the care that is given it. If accident or careless, near destroys the works of the watch.
