#### Democracy vs Optimism.

I wouldn't be an optimist And see prosperity; I'd rather be a Democrat And howl calamity. The people I would try to fool,

With silver that is "free"-Just anything to catch the votes-That's party policy. I would oppose "expansion"

And everything that's right: And I'd haul the old flag down Before I'd have a fight. I love the black Filipino:

His cause, I know, is just; But the black man here at home, I'd trample in the dust. I'd fight the Panama canal, And rail the President, too; I'd just contrary everything

The nation ought to do. When the campaign comes around I'd talk to every neighbor About the "awful" price of food, And forget the price of labor. No. I would'nt be on optimist

In this land of the free; To be a rank old Democrat Is good enough for me.-Ex.
