#### Instructors Resolute.

The following resolutions were submitted by the Institute committee on resolutions and unanimously adopted by the Douglas County Teachers' Institute which held an interesting session in this city last week:

INSTITUTE RESOLUTIONS.

We the committee on resolutions respectfully submit the following:

Resolved, that we, the teachers assembled, do extend an especial vote of thanks and commendation to Supt. Hamlin for this, the best and most instructive institute in the history of Douglas county.

2. That we extend to the several instructors and lecturers our commendation and appreciation of their efforts in our behalf and that it is the sense of this institute that we, as teachers, will use our best efforts to credit by the examples and lessons which have been set before us with this end in view—the betterment of the schools of our county.

3. That an especial vote of thanks is hereby extended to the Roseburg Orchestra, Mrs. A. T. Steiner, Miss Blanche Riddle, and C. H. Jones, editor of the Oregon Teachers' Monthly, for their untiring efforts and the excellent music furnished us.

4. That we appreciate the kindness and hearty co-operation of the School Board of Roseburg in allowing us the free use of their beautiful new High School building.

5. That we appreciate the kindness and hospitality shown us by the people of Roseburg, of the Southern Pacific R. Co. in allowing us reduced rates; and of the press of Roseburg for publishing announcements and notes of the institute.

Resolved, that whereas a large majority of the teachers of Douglas county have attended this annual institute, not only for the sixteen hours required by law, but for the full session; not through coercion, but for the benefits to be derived therefrom; that notwithstanding the law upon the subject of institute attendance is very plain, a number of teachers have absented themselves with no apparent good excuse; that it is not just to require some teachers to attend and allow others to absent themselves without legitimate excuse, therefore be it

Resolved, that it is the sense of this institute that the Superintendent should carefully investigate each case of non-attendance and in all cases where no reasonable excuse exists to enforce the law.

# JOSEPHSON'S The Big Store

#### Married.

Mrs. D. L. Houston, of Portland, Grand Worthy Matron of the Order of Eastern Star, is the guest of her sister, Mrs. P. M. Matthews, of this city.

Conductor Sam Vestch returned home from San Francisco Saturday, after attending the session of the Knight Templars. He reports a big time.

Sam Starmer, sustained a badly sprained ankle at the depot Friday, which necessitates his giving up his position as passenger brakeman temporary.

Miss Jettie Watson, of Marshfield, who has been visiting Mrs. W. H. Richardson for sometime past, left yesterday for Portland where she will visit before returning home.

Mrs. Daisy Abraham, of Portland, returned this morning from Riddle where she has been visiting relatives. While here she will be with her parents, Mr. and Mrs. W. A. Frater.

Rev. Dr. G. L. Tufts, the state superintendent of the Anti-saloon league, will address a mass meeting at the tent, opposite the M. E. Church, on Thursday evening. The saloon question will be discussed. Come and hear him.

Clara Reynolds, mistress of a house of ill repute in this city, was summoned before Police Judge H. L. Marsters this morning on a charge of admitting boys under age to her resort. She pleaded guilty to the charge and was fined \$50 which she promptly paid and was thereupon released from custody.

L. P. Sorenson has filed an action in the circuit court here against Wm. and Nicholas Moore, timber cruisers, to recover damages in the sum of \$347.50, for "looting" and inducing him to file entry on government timberlands on which he alleges were located prior existing mining claims. The land in question is the nw 1/4 of ne 1/4, and e 1/4 and sw 1/4 of sec 14, tp 3.35, r 5 w.

The Jacksonville Sentinel reports that C. E. Gaddis, owner of the Medford Creamery, is doing all he can to induce the farmers of the hill lands in Jackson County to raise vetches for hay. Mr. Gaddis has been operating a creamery for a number of years in Douglas County and introduced vetches there seven years ago. The vetches yield there about twice as much hay per acre as grain and the vetch hay is of course much more valuable than grain hay for feeding daily to milk cows.

Attorney A. N. Orcutt has returned to Roseburg from The Dalles to reside permanently and resume the practice of law. He is a very genial, bright and talented young man, and we predict will rise rapidly in his chosen profession for which he seems particularly qualified. His wife and little daughter have been enjoying a pleasant visit with Mrs. Orcutt's father, Dr. E. J. Page, and her numerous friends at Oakland, her old home. She returned to Roseburg Sunday evening.

Prof. Geo. A. Crane presented the PLAINDEALER last Saturday with a tomato grown by him measuring 19 inches in circumference and weighing 4 pounds. George is evidently equally as proficient in gardening as in teaching the young idea how to shoot. This mammoth tomato may be seen in the PLAINDEALER office window.

The closing exercises of the teachers institute, which were held at the opera house Friday evening, not unlike all free public entertainments given in this city, was, as usual, largely attended by children from four to twelve years of age unattended by parents, guardians or other members of their respective households, and their conduct was not such as to reflect credit upon their home training. As a prominent educator remarked to us, "There is certainly a woeful lack of discretion, discipline and fostering care manifested on the part of Roseburg parents in allowing their small children such unbridled liberty and they are certainly sowing to the whirlwind." The criticism was fully justified by the boisterous demonstration at this public gathering Friday evening, which must have created only a most unfavorable impression on the minds of every out of town visitor, and by the way, the children were not alone responsible for this adverse criticism, but several persons, representatives of both sexes and of mature years, were guilty of other than refined conduct. While Roseburg, general speaking, can boast as a highly cultured and refined people as any city in the state, there is just enough of that thoughtless and rowdy element in evidence on public occasions to cause strangers to form an adverse impression of the entire community. A gentle "call down" is in order.

#### Ferry Contracts Awarded.

Following are the parties to whom the contracts were awarded by the county court together with their bids per annum:

Dimmick's—Wallace Freyer, \$474; includes equipment.

Sawyer's—John Letson, \$300; includes equipment.

Smith's—Rutus Langdon, \$336; includes equipment.

Lone Rock—J. A. Whitsett, \$276; includes all equipment except cable.

The first three named ferries are situated on the Umpqua river below Kellogg. The fourth is located on the North Umpqua, two miles northeast of Glide.

Mr. Freyer's original bid on the Dimmick ferry was \$600, but he finally accepted the contract for \$474, the figure submitted by another bidder. The court gave Mr. Freyer the contract upon his acceptance of the lowest figure submitted, because of the state license law giving the property owner the preference when a ferry is operated between two points on his land.

The ferry contracts being awarded the September term of county court closed Friday evening.

S. C. Miller and wife of Dillard are in town today.

Miss Grace LaBrie is reported quite ill at her home in this city.

Mrs. Hildebrand, Mrs. Green and Miss Evelyn Cornutt left for Riddle Saturday for a week's visit with relatives.

P. H. Pearson left this morning for Portland to see about taking his little child, who has been very sick, there for treatment.

Mrs. S. J. Shrum, of Florence, has been spending a few weeks with relatives residing in Deer Creek valley and Roseburg.

Mrs. J. W. Hamilton entertained about seventy-five friends at her beautiful home in this city last Friday evening, the occasion being a reception to Hon. and Mrs. Binger Hermann and Attorney and Mrs. Prescott Gatley. The decorations consisting of passion flowers and asparagus blossoms were profuse and beautiful, and excellent refreshments were served. Mrs. Hamilton was assisted in receiving by Mrs. F. W. Benson and Mrs. W. H. Richardson.

#### Opening of Public School.

The summer vacation, so far as teachers and pupils are concerned, came to an abrupt end this morning when the familiar clang of the school bell announced the opening of public school for another year. From every direction bright faced boys and girls could be seen fending their way schoolward laden with books and school supplies. The PLAINDEALER is informed that considering the fact that the busy fruit and hop picking season is just at hand, the opening attendance is very encouraging, being an enrollment of over 500 in the common school grades. An able and efficient corps of teachers reported promptly for duty including 14 teachers in the public, and 3 in the high school grades.
