The editor of the Roseburg Plaindealer says he would like to be a school boy again, without a sigh or care, with freckles scattered on his face, and hay seeds in his hair. After glancing over the Plaindealer we are convinced otherwise that a little schoolboy wouldn't do the editor any harm. But he's still got freckles enough.—Myrtle Point Enterprise.

Our old avowed enemy, Dave West, must have a pull with the Enterprise editor. They are a shady pair whom no one would consider authority on educational matters or competent to judge the qualifications of an individual, and while they may not wear freckles they cannot deny that they have hayseeds in their hair.
