CITY COUNCIL MEETING

New Ordinance Passed—Light Bill Tabled—Some Sensational Developments

The city council met in regular session Monday evening with a full attendance. Among the most important business transactions was the passing of a vendors or peddlers license and the temporary disposition at least, of the long drawn out water bill controversy.

Mayor Hoover having at a former meeting tendered his resignation, which was promptly ordered laid on the table for future action by the council, when called up for final disposition at this meeting, precipitated stormy scenes in the council chamber. Mayor Hoover maintained that he had withdrawn his resignation, whereupon the other members of the board, except Councilman F. G. Micelli, held that the Mayor's resignation having been laid on the table by a motion of the council, that the Mayor did not have a right to withdraw it before the matter was taken up for final action by the council.

A motion was made by Councilman West that the Mayor's resignation be taken from the table which motion was seconded by Councilman Sykes. Councilman Norman then spoke in favor of the motion and six councilmen were understood to favor it, but the Mayor refused to put the motion to a vote and no appeal was taken. In the heat of the discussion the Mayor appealed to the Marshal to enforce his order to the effect that the advocates of the motion to accept his resignation were "out of order" and not entitled to the floor, which they insisted upon holding at their pleasure. The Marshal did not respond to the appeal or order, whereupon Councilman Micelli made an impassioned appeal in behalf of the Mayor, and the Mayor promptly passed to the next order of business and the sensational session was brought to an abrupt close, the Mayor making the final statement that he would vacate his chair only upon an order issued out of the courts.

It is further stated by prominent members of the council that a special meeting was held just prior to the regular meeting of the council, which was attended by six out of the eight councilmen to talk over the advisability of accepting the Mayor's resignation, and it was unanimously agreed that such action would be taken and the Mayor was so notified and he was requested to resign in order that it would not appear to the public that any member or members of the council desired to force his resignation, but the Mayor evidently did not feel disposed to abide by this request of the council. What will be the nature of the next act in this municipal drama, can only be conjectured.

THAT LIGHT BILL.

All efforts to settle the claim of the old company for some \$2750 against the city for lights for two years, March 1902 to 04, have come to naught. The proposition made by the city at the special meeting on October 13th to settle the bill on a basis of \$25 per month less than the contract figure, was rejected by the company, who makes it known that they are going to sue the city for the full amount demanded. Councilman West made a motion to lay the matter on the table indefinitely; it was seconded and by a vote of 6 to 2 it was carried. Councilman Micelli and Parks voted in the negative.

ORDINANCES INTRODUCED.

An ordinance to license peddlers of meat, vegetables and merchandise within the City of Roseburg was read the required three times and passed. The stated license is \$5 per day. The ordinance does not effect persons who vend meat and vegetables of their own production.

First readings were given ordinances for levying assessment for improvement of Pine street, construction of a sewer on the east side of Oak street, from Chadwick to Lane, and the construction of another sewer in the alley between Mill and Pine streets, extending from Flood to Burke streets.

City Treasurer H. C. Storum was authorized to issue a warrant for \$872 in payment of the interest on city bonds.

F. F. Patterson appeared before the board in regard to the Council's order, requesting him to move his building (workshop and steam laundry) clear of Spring Alley. Mr. Patterson explained that if he interrupted the operations of the laundry until Spring he would lay himself liable to a lawsuit for infringement of a year's lease, hence he asked permission to defer moving until Spring. Request granted and committee appointed to draw up an agreement with Mr. Patterson. The usual expense bills were ordered paid.
