We are in receipt of the answer of the Hon. John H. Mitchell to the charge made against him in the land cases, before the United States Senate. His statements are clear, positive and convincing and his high and dignified service for so many years in the senate of the U. S. is all the argument that was necessary. Our Senator and our Representative both of whom Oregonians have delighted to honor are justly being persecuted by a lawless element that seek to mitigate their offense by pulling down others. As loyal citizens of a great state let us stand firm in the defense of our great national representatives who will come forth unscathed from this unpleasant ordeal.
