CHICAGO STRIKE LEADERS INDICTED BY GRAND JURY

Several Street Brawls and a Number of Fatal Combats--Will Appeal to President Roosevelt--Strike Growing.

Chicago, April 29.—Chicago is in the throes of another terrible labor agitation resulting in a general strike of all teamster unions. The fighting in the streets today was the most vicious since the beginning of the strike.

An energetic appeal to the employers and the unions involved will be made at once by a committee of disinterested citizens appointed today by Mayor Duane. Every effort will be made to bring the two factions together.

Twelve labor leaders identified with the teamsters' strike, were indicted to-night by the grand jury. Each indictment contains six counts and charges the men with joining a conspiracy. True bills were found against the following: Cornelius P. Shea, president of the International Teamsters' union; Hugh McGee, president of the truck drivers' union; J. McCarthy, business agent of the truck drivers' union; M. F. Kelly, president of the market drivers' union; Charles Wilbrandt, secretary of the teamsters' joint council; George F. Golden, president of the packing house teamsters' union; James B. Barry, president of the railway express drivers' union; John Smyth, president of the coal drivers' union; Harry Lapp, business agent of the coal drivers' union; Charles Dodd, president of the Chicago Federation of Labor; Steven Sumner, president of the milk drivers' union; J. W. Young, business agent of the baggage and parcel drivers' union.

Much secrecy marked the return of the indictments, and even after they were returned an effort was made to keep the names from being learned.

SALOON MEN WILL BE ARRESTED

Albany, Or., April 27.—Arrests under the local option law are to be made in Lincoln county. For some time complaint has been made by prohibitionists of Lebanon that the saloons of that place are selling liquor, notwithstanding the fact that the precinct in which they are located went "dry" at the recent election.

STATE GAME WARDEN REPORT

Game Warden J. W. Baker has made the following report of arrests made during the months of March and April: Wm. Salvin, killing elk, \$25; J. R. Tucker, killing deer, \$28.50; Peter Tenoll, killing deer, \$28.50; S. Morten, selling trout, \$20; J. C. Haight, killing deer, \$25; W. Frost, having untaxed hide in his possession, \$25.

LULL IN LAND FRAUD TRIALS

Senator Thurston on His Way to Portland.—Honey Has Gone to San Francisco

With the decision of Judge Bellinger disposing of the Senator Mitchell plea in abatement, Tuesday, has come a temporary lull in Oregon land fraud proceedings. The judge is still confined to his residence from the effects of a severe attack of the grip, but is considerably better today. It is not likely that he will hold court this week.

District Attorney Francis J. Honey left last evening for San Francisco where he will probably remain until the latter part of May, returning here in time to take up the trials in June, providing any of them come up then. Thomas B. Neuhausen, agent in charge of special agents for Oregon, will have control, as formerly, of government affairs during Mr. Honey's absence.

William J. Burns, the secret service agent, who has been in control of the secret service division of the investigations since last year, has gone to Washington, D. C., but will not be absent long, as there are many details to be looked after in connection with the approaching trials.

Ex-United States Senator John M. Thurston of Nebraska, who has been retained by Senator Mitchell as his chief counsel is expected to arrive at Portland in a few days as he left Omaha for Portland April 24, but may be detained somewhat enroute. His wife, who is reported to be quite prominent in Washington society circles, accompanies him.

C. E. CONVENTION AT COTTAGE GROVE

The committee having in charge the program for the district Endeavor convention which is to be held at Cottage Grove May 13 and 14 is experiencing some difficulty in securing leaders for some of the conferences.

However, the general outline may be given. The convention will open Saturday afternoon at 3:15 with a song service followed by an address of welcome by the pastor of the Cumberland church, Cottage Grove. Temporary organization will be effected and convention committees appointed. The rest of the afternoon will be given up to consideration of methods of Endeavor work.

Saturday evening will occur a short business session for election of officers for the next two years, followed by the vocation sermon by Rev. H. N. Mount of Eugene.

Sunday morning an early prayer service will be held, but the delegates will attend the regular Sunday school and church services. A junior rally at 3 o'clock will be in charge of Miss Lister of Eugene. At the same time conferences on committee work will be conducted. Miss Lulu Carr of Cottage Grove will lead the union prayer meeting at 6:30. The convention closes with a consecration service at 8:30.

GENERAL LINEVITCH, KUROPATKIN'S SUCCESSOR. General Linevitch, who has succeeded Kuropatkin as commander in chief of the czar's forces in the east, is known to the Russian soldiers by no other name than "Papa." He is the idol of the army, and while probably not the tactical equal of Kuropatkin, he is regarded as a competent commander.

HON. A. F. BROWN'S OBSERVATIONS IN EUROPE

Oregon Would Be a Paradise With the Good Roads of England, France or Italy.

GEN. LEE STRICKEN WITH APOPLEXY

Washington, April 28.—General Fitzhugh Lee was stricken with a severe attack of apoplexy while enroute to this city from Boston last night. He arrived here at ten o'clock this morning and was given immediate medical attention.

He was taken to Providence hospital. It is stated his entire left side is paralyzed, and his condition is very serious. A consultation of several medical men has been called. It is feared there has been a hemorrhage of the brain.

Death of General Lee. Washington, April 28.—Brigadier General Fitzhugh Lee, U. S. A., retired, died at Providence hospital here tonight, aged 68 years. Death resulted from an attack of apoplexy.

The end was peaceful and without pain, the general remaining unconscious until within five minutes of the end. Half an hour before death, General Lee recognized his brother, Daniel Lee, who came into the room for a moment.

Arrangements for the funeral together with the selection of a place of interment will not be made until after the arrival in Washington of Mrs. Lee who is on her way to Washington from Fort Oglethorpe, Georgia.

Fitzhugh Lee was a nephew of General Robert E. Lee and was born in Fairfax county, Virginia in 1835, graduated from West Point in 1856, joined the cavalry service in Confederate army in 1862. In 1869 he was appointed colonel general at Havana by President Cleveland. In 1899 he was appointed major-general of volunteers in command of the 7th corps and was stationed at Tampa, Florida. His command took no part in the Cuban war, but when peace was declared he returned to Cuba as military governor of the province and city of Havana.

CIRCUS DAY IS CHILDRENS DAY

Circus day is children's day. It belongs essentially to them. Tradition has made it so. Years of the most careful effort by the managers of the Norris and Rowe shows to eliminate everything and anything in the slightest degree immoral or impolite in the character of their exhibitions, has at last convinced the public generally of the absolute cleanliness and morality of the circus as a place of entertainment, and with such comprehensive shows as are the Norris and Rowe mammoth menageries, museum, hippodrome, congress of trained animals and two rings, circus is a source of profit and instruction in this great consolidated institution. There is no longer any excuse or apology for not going to the circus. The presence of clergymen at every performance, with seldom an exception, attests the general and sensible change of consideration for the circus by the church people. But all this does not release any one from a moral obligation to take their children to see the animals and the accompanying circus performance. It is really not only a matter of extreme delight, to the children to see the "show," but it is a duty as well as a pleasure on the part of the parents, relatives and friends to enable them to see it. A portion of the program of every circus is devoted to the little ones. The clever comic conceits of the congress of clown, pretty performances of ponies, great clown bears, tiny riding bears; goats and engaging dogs fill the fancies of the little ones to overflowing.

The Norris and Rowe Greater Circus will exhibit at Roseburg, Friday, May 5th at 2 and 8 p. m.

DOUGLAS COUNTY'S BIG IRRIGATION PROJECT

A recent visitor to the camp of the Calapooia Investment Company near Oakland says work on the big ditch is going ahead at a lively rate and the heaviest portion of the work will soon be completed. Milo Summers is foreman and Mrs. Summers has charge of the boarding house. The men are well fed and paid for their labor. Fifty good men can secure steady employment at \$2 per day. When completed this big ditch will render the greater portion of what is known as Camas Swale, comprising many thousand acres, now principally in pasture, extremely fertile and scores of productive farms will be provided by the carrying out of this great irrigation project.

ACCUSES FATHER OF MURDER

Lloyd Ingram Decided to Brood Over His Secret No Longer.

Grants Pass, April, 28.—Brooding over his death and the fact of the threats of death should he ever tell, for over 16 months, lead Lloyd Ingram aged 17 years, to tell of the murder of Wm. Dunlap. The murder was committed about the 19th or 20th of September, 1903, at the cabin of the hermit miner and prospector on Louse Creek, and no clue was ever gained as to whom committed the crime.

Andrew Ingram and Eley Dodson are in jail here, charged with the never-solved murder of Wm. Dunlap of Louse Creek Josephine county. Dunlap, a hermit placer miner, was shot to give robbers opportunity to search his shack un molested for gold supposed to be secreted there. In some respects the killing resembled the murder of Patrick Dunn on the Crescent city stage road a few months ago.

Ingram and Dodson, the former of Crescent city and the latter of Grant's Pass, were apprehended through the confession of Lloyd Ingram, son of Andrew Ingram, who claims to have been with his father and Dodson when they killed Dunlap, and that he helped to search the premises for treasure worth dollars, he tells Sheriff Lewis, was all they got in money, apart from gold dust. The boy, who is aged 17, says he was afraid his father would kill him, and so confessed.

RAILROAD COMPANY IS GETTING VERY BUSY

Southern Pacific Is Imbued With the Spirit of Improvement--Will Expend One Million Dollars In Oregon.

That the Southern Pacific has caught the spirit of improvement which is manifesting itself in Oregon is shown in a recent public statement in which the management of that system has authorized the expenditure of \$1,000,000 for the betterment of its lines. Of this sum, over \$800,000 will be paid out for labor alone. The betterments include ballasting of track, laying of heavy steel, the replacing of wooden bridges by steel structures and the improvement of depots and grounds.

This news will be highly appreciated by valley residents, for it shows that the Southern Pacific is bringing its Oregon lines up to the highest standards of the present day railroad as fast as possible, and that a vast amount of money is being spent in western Oregon for this purpose which will substantially benefit our section, aside from the permanent betterment of our railroad.

With the purpose of noting the requirements of the lines, officials of the company will leave Ashland by special train today on a tour of general inspection of the system.

Yesterday E. A. Klipple, superintendent of the telegraph lines in Oregon, supplemental to the railway, and W. B. Glarden of the telegraph department were at Cottage Grove on official business. All this activity now manifest is but a forerunner of the work of improvement to be inaugurated.

OREGON SCHOOL LAND FRAUDS

Salem, April 28.—The grand jury filed its report at two o'clock this afternoon with Judge Burnett regarding the Oregon school land frauds. The report says the state has been swindled out of 200,000 acres of valuable lands through fraudulent affidavits.

It also sent a summary to the state land board showing the manner of illegally acquiring land. The report covers eight pages of manuscript and is a comprehensive statement of the entire school land transactions of the past five years.

The jury returned nine true bills this afternoon, but the names were not made public. It is understood that S. A. D. Pater, of Portland, F. J. Jewett, of Hingham, Minn., and A. T. Kelliber, of Chicago are among the names. As far as can be learned no local indictments were returned, although many are expected. The utmost secrecy prevails about Sheriff Culver's office and Judge Burnett is guarding the indictments, which are now in the hands of the county clerk.

RAILROADS MAKE CONCESSIONS

Pursuant to recommendation of the Willamette Valley Agricultural section of the Development League after its deliberations, President E. L. Smith selected a committee of five to take up with the railroads the plans for excursions into the interior of Oregon in order that fair visitors may be induced to visit all sections of Oregon. The committee is as follows: Colonel E. Hofer, of Salem; H. M. Calk, of Portland; Stephen A. Lowell, of Pendleton; Walter Griffin, of Eugene; L. W. Simpson, of Northla.

President Smith's few moments later interrupted the reports of branch leagues with the announcement that A. L. Craig, general passenger agent of the Oregon Railroad & Navigation Company, had just announced that a rate of one fare for the round trip would be granted fair visitors to make trips to see interior Oregon points, and that the S. P. Company would make the same liberal rate.

Lincoln, Neb., April 29.—A new Populist paper will be started in Lincoln or Omaha, with Thomas H. Tibbles, late Populist candidate for Vice-President, as editor.

The paper will be owned by Tom Watson, Mr. Tibbles, C. Q. De Franco and other Populists. Mr. Tibbles has given up his Wall-street project, saying he would rather stay in the West where his friends are.

DOUGLAS COUNTY COAL AT PORTLAND FAIR

A ton of coal from the Umpqua Coal Company's mine near Kellogg has been shipped from Oakland to the Exposition in Portland. James Hildebrand, one of the owners, is a practical Pennsylvania coal miner, and claims the coal is of superior quality. A spur from the main line of the Southern Pacific is all that is now required.—Owl.
