### ENLIGHTENMENT FOR OREGONIAN.

Why the malignant and continuous attack of President Roosevelt, by right organs like the Astorian, Roseburg Plaindealer and Eugene Register for his prosecution of the land frauds?—Daily Oregonian.

As far as the Plaindealer is concerned it is making no malignant attacks on President Roosevelt for his prosecutions of the land frauds, but this paper has been and shall continue to criticize the President for his arbitrary attitude toward the Oregon delegation as well as those of other western states, as regards their recommendations for federal appointments. This, we believe, however, to be the result of the President being too prone to be influenced or controlled in his actions by prejudiced special agents and the Old-Man-Hottle-to-the-West Hitchcock. Why men as clean, competent and deserving of recognition as Mr. Dimmick of Coos county, should be turned down by the Hitchcock push for a place in the Roseburg land office, for a man like Lawrence of Eastern Oregon who was formally a third-rate reporter on the Oregonian, is what irritates the Plaindealer and every citizen of the Roseburg land office district, and this irritation becomes the more acute when the narrow prejudice, the personal spite and revenge which prompted this action is understood, not particularly on the part of the President but on the part of Hitchcock and his hirelings, it being a well known fact that the only objection to Mr. Dimmick being that he is or was at some time a friend of Senators Mitchell, Fulton or Congressman Hermann, hence his turning down at the instance of the prejudiced and revengeful old gentleman of the general land office. This "special agent" and "Hitchcock regime," and not particularly the land frauds, so long as they are conducted honestly, fairly and legally, is what is bringing about the criticism and censure of the present administration on the part of the independent Republican press of the state, Mr. Oregonian.

It requires wisdom to know when to quit. It would be a blessing to humanity if the Czar were possessed of a little wisdom of this character.

### ROSEBURG CITY COUNCIL ROASTED

Hardly a day closes but what the Roseburg city council is roasted, boiled, fried, stewed, fricasseed and baked in a pie with the lid fastened on, all because of the abrupt step down from the new concrete pavement to the old board sidewalk at either side of the Plaindealer building. This sidewalk fairly swarms with people from early morn 'til late at night, being the main-traveled walk-way from the postoffice to the depot and South and West Roseburg. These numerous pedestrians thoughtlessly persist in kicking out the toes of their boots and shoes against this concrete pavement, or stepping down without observing the distance, telescope several joints of spinal column, dislocate their necks or bite off several inches of tongue, and no matter how many resolves are made to refrain from this unpleasant recreation those resolves are as quickly broken as are the usual New Year resolutions, the city council invariably being held responsible for this travesty upon veracity and good intentions as well as the unintentional fluent flow of profanity. Therefore, for the promotion of good morals, loyalty to the municipality and the safety of life and limbs we hereby most sincerely, earnestly and prayerfully petition the Honorable City Council of Roseburg to place the sidewalks of the above mentioned block on a uniform grade, which has long been established, and thereby greatly oblige a long suffering public.

The Democratic Eugene Guard and the Roseburg Review want Frank C. Baker, Republican State Committeeman, to resign. It was through the energy, ability and indomitable pluck and perseverance of Frank C. Baker that Oregon rolled up the largest Republican vote in its history last November which exceeded the estimates of the most optimistic. No wonder the Democratic brethren want Frank C. to resign! However, the Republican party of Oregon will still endeavor to get along some way without soliciting or heeding the very courteous suggestions and sage advice of the Democratic press.

The National Editorial association which convened at Guthrie, Oklahoma, will pass through Roseburg June 28 enroute to the fair. If their train arrives here during the day time it would be appropriate for the ladies to meet the editors and their wives and present them with the choicest of Roseburg roses.

Roseburg and Douglas county day at the Exposition June 12, was marked by the vast throng of representative citizens of this section who did not go to Portland. This seemingly lack of interest and enthusiasm was simply due to the fact that the people were not yet ready to attend the exposition.

### Musings

A company is known by the men it keeps.  
It takes a bright man to be a shining example.  
Next comes the fireworks—judging from some of the store windows.  
The only difference between a rut and the grave is the length and breadth.  
The man who can but doesn't, must give way to the man who can't but tries.  
Before you kick a man be sure he hears a brick concealed in his clothes.  
The Sunday admission at the Portland Fair will be 25 instead of 50 cents. Two bits more available for the contribution box (nit).  
Another disappointment at high noon Wednesday, for particulars call on Claude Cannon, A. Salzman or Wm Van Buren.  
An engine man was required to pay 75 cents for a shave at Portland the other day. What a growth of alfalfa he must have had.  
People would know more than they do if the carpet was as worn in front of the look case as it is in front of the looking glass, moralizes Buster Brown.  
An Englishman claims that the reason women are better looking than men is because they are not so hard-working. Perhaps the fact that they are not so hard looking has something to do with it too.

### Reston News

Raspberries are getting ripe.  
Asa Gurney returned from Millwood, Sunday.  
A. W. Johnson went to Roseburg one day this week.  
Lee Goodman, of Flournoy Valley was in Reston one day this week.  
Benj. Hardman has gone out to Merlin where his folks reside at present.  
Geo. Matthews and son, Otto, made a trip to Roseburg one day last week.  
Mrs. Hattie Matthews spent Wednesday afternoon with Mrs. A. W. Johnson.  
Mr. and Mrs. Chas. Wilson visited the latter folks at Flournoy Valley Saturday and Sunday.  
W. L. Laird and Thos. Duncan of Sitkum passed through here Monday enroute to Roseburg.  
Miss Edna Jackson who has been at Reston for some time returned to her home at Looking Glass Sunday.  
Miss Ettie Goodman of Flournoy Valley who has been staying with her sister for a couple of months returned to her home last Saturday.  
Prof. Ray Henderson closed a very successful term of school here Friday, June 9th. He has proven himself as a worthy teacher by working for the advancement of all of the pupils. He and his pupils gave an entertainment the last day of school and everyone seemed to be pleased with the program. They realized a pretty good price from the box supper. Spray.

### THE KRAMER GOLD MINE

The local officers of the Kramer Gold Mining and Milling Company, report that since the recent incorporation of this mining company and the placing of stock on the market at a reasonable price, many large blocks have been sold and the demand for shares is rapidly increasing, regardless of the fact that the company is not advertising its stock for sale. This demand for stock is simply due to the fact that this is one of the best mining properties in Southern Oregon and an investment in its stock one of the safest and most sure of profitable returns, which could be made. The property has been developed to such an extent that its great value and richness is at once evident to everyone who takes the trouble to investigate and the management will, just as soon as capital is available from the sale of stock put modern machinery in this mine, when there is no question a doubt but what it will at once become a great dividend payer. For particulars inquire of Horace L. Marsters or S. C. Flint, Roseburg, or of Willis Kramer, Myrtle Creek, Oregon.

### Additional Locals

A marriage license has been issued to John Rust and Effie Palmer.  
John Givins returned Wednesday evening from a business visit to Portland.  
Judge J. W. Hamilton has returned from Eugene, where he has been assisting Judge L. T. Harris in an adjourned session of circuit court.  
Mrs. E. E. Ralston, of Ashland, who has been visiting her cousin, J. G. Flook, and family of this city, left on Wednesday for Portland.  
W. H. Sykes and wife of Skelly who have been in this city on business for the past few days returned home on Wednesday morning's local.  
Charles Meade, postmaster at Sulphur Springs, was in this city on business last week. He has just recently returned from a business visit to Klamath Falls.  
W. S. Jones was in this city this week from the Mule Creek mining country near Dothan. Mr. Jones exhibited several specimens of fine ore recently discovered by him.  
The devil has his innings occasionally. He got hold of the lightning a few days ago, destroyed two churches and wrecked another—all in Chicago, where they are so badly needed.  
Mrs. D. S. West and niece, Miss Pearl Wright, are spending the week pleasantly with friends in Coles Valley. Dave seems to be enjoying himself, notwithstanding his enforced bachelorhood.  
Dr. H. L. Studley the Osteopathic Physician cures acute and chronic diseases, corrects deformities and removes foreign growths. Consultation free. Phone or call for appointment. Office in Abraham building.  
An effort is being made to build a fine new school house in school district No. 38 between Elkton and Scottsburg property. Valuation in that district nearly \$3600, and they will undoubtedly be able to build a fine new school house with small cost to the people of the district.  
"Shall We Know Each Other in Heaven?" will be the subject at the Methodist Episcopal Church next Sabbath morning. At night the subject will be: "A Beautiful Flower in the Desert." The public is cordially invited to attend these services.  
Another fire has been added to the already long list of incendiaries in this county. The cottage of Mrs. Ira Genger was completely destroyed by fire between 11 and 12 o'clock last Monday night. At the time of the fire the cottage was unoccupied and had been so for the past six weeks. The loss is estimated at \$400 and is partially covered by \$250 insurance.  
Several fine new cottages are being built in Kenney Addition, among them being those of Walter Boyle, Britt Nichols and John Gilkinson. The addition business is now under the personal supervision of the owner, Mr. Al Creason, who also has charge of the lumber yards. Mr. Creason is offering some fine bargains in building lots, to the public.  
While attempting to drive his chickens from under the feet of a horse tied near the yard, little Redford Tester, the five-year-old son of W. J. Tester, of this city, was stepped on by the horse mashing the little fellow's foot severely, completely severing the big toe and badly lacerating another. Dr. Hoover and Miller were called and dressed the injuries this afternoon, and the little fellow is resting easy.  
Geo. Heath, the well known land man, has returned from Klamath county, where he has been looking after business matters. He and F. G. Stewart of this city, have recently purchased a large tract of state land in that section and are well pleased with their buy. They state that they believe the Klamath country is the finest in the state and that the new irrigation ditches and railroad will increase the valuation of property over 50 per cent.  
There will be a band concert this evening in front of the McClallen House commencing at 7:30. The new band under the efficient directions of Prof. Norling, is making very rapid progress and Roseburg will soon be able to again boast of the best band in Southern Oregon. It is also observed that the band does not propose to be niggardly with its music, it having appeared in street concerts several times since its recent organization greatly enlivening the town on each of these occasions. The business men and citizens generally should encourage and lend their assistance to the new Roseburg band.  
Mr. Lindsey returned home this week from Portland where he visited the Exposition. He says that unless Douglas county people contribute a more creditable exhibit of country products, the exhibit should be given up as at the present time it is a "black eye" to Douglas county, located as it is by the splendid exhibits of the enterprising counties of Linn and Lane. Mr. Lindsey says a photographer making his rounds taking pictures of the various county exhibits and the Douglas county display was the only one which he passed by, Douglas county citizens should wake up.

### Glendale News.

The establishment of a bank marks a new era in Glendale.  
Miss Lena Lindsey of Williams P. O. is visiting relatives in this city.  
Mrs. Weisener, of Grants Pass is visiting Mrs. R. K. Montgomery this week.  
Jeff Davis Roberts of Rockies was a welcome visitor to Glendale relatives this week.  
Miss Myra Montgomery left on Monday for Forest Grove where she will attend the commencement exercises and then will visit the fair at Portland.  
Many Glendale people join in heartfelt sympathy with the bereaved relatives of Miss Hattie Dement who lost her life in the disastrous fire at Myrtle Creek last week.  
The Glendale B B boys are a little blue over their defeat at Grants Pass. They are all splendid young men and will do better next time.  
The serious accident that befel two of our prominent citizens last week in the train wreck is regretted by their many friends here, as Dr. Shearer and Hon. H. G. Sonnemann are greatly missed in their usual important positions.  
Mrs. C. P. Totten, of Glendallen was a Glendale visitor yesterday. She informed us that her husband was not so well as reported last week, having become worse again Saturday. The many friends of the Tottens would be glad to hear of the recovery of one who has so long been a prominent resident of this locality.  
Mr. and Mrs. Charles Flint, who have resided at 48 M Street, Sacramento, Cal., are now occupying the cottage purchased by Mr. Flint last winter, which is across the river from the depot in an addition to Sacramento that is not yet numbered so their mail reaches them at the S. P. Co. office until the mail service establishes a system on that side of the river.

### MOLLIE.

### Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify I thank God for so valuable a medicine. For sale by A. C. Marsters & Co."

The groom's are brothers and are very exemplary young men. Both young ladies are highly esteemed. The two couples left on Wednesday evening's overland to spend their honeymoon at the Portland exposition and they will probably take up their future residence at Seattle. When they came to Roseburg to procure their license to wed, the elder brother being unaware of the younger's intentions, inquired as to the fee, and being advised that it was \$3.00 by the county clerk, the younger brother exclaimed, "Oh, is that all, well give me one too." This was the first intimation the elder brother had of the intended double wedding.

MARCELLIS—YOUNG—At the residence of Ed Young in Oakland, Wednesday evening, June 14, 1905, M. Marcellis to Miss Vinnie Young, Rev. Smith officiating.

The groom is a practicing physician in Philadelphia Pa., formerly residing at Oakland. The bride is the accomplished daughter of County Commissioner Jas Young of Oakland. Mr. and Mrs. Marcellis left on the overland last night for Portland to visit the exposition and from there they will go directly to their home in Philadelphia.

### Married on the Trail

Portland, June 14, Mlle. Corlene, a dancing girl in the Oriental Theater on the Trail, was married today at 9 o'clock p. m. on the streets of Cairo, to H. Erlinger, first cornetist of Innes' Band. Innes' Band attended.  
Erlinger met his sweetheart at the World's Fair at Paris in 1900, and they would have been married at that time save for the objections offered by the girl's parents.  
Charles Peterman, of Lisbon, North Dakota, is in this city with the intention of locating here. Mr. Peterman is an expert baritone player, and will add greatly to the bass section of the band, should he decide to locate here. He has played band music under direction of Prof. Norling while in Dakota.

The questions for Roseburg taxpayers to settle on school election day June 19, is, who we want for school directors.
