### Russia's Influence on Japan

HE only opinion I can give about the war in the east is that apparently about a quarter of a mile while OUTWARDLY Russia will probably lose and Japan high, was the rare sight to which a will tremendously win, SPIRITUAL Russia will be the about 10.15 Saturday evening. The victor. At this very moment, in the hour of her triumph, meteor, which appeared upon the hori-Japan is being immensely affected by Russia.

Mentally the Japanese cannot begin to compare with the Russians, bright red glow over the country for though, of course, it is to the best advantage of Russia THAT RUS many miles surrounding. It appeared SIA SHOULD LOSE. As to the influence Russia has over Jupan, about one feet in diameter, and went I have in mind a young Japanese Socialist who has written an article so rapidly that it left a halo in a minia on the tremendous influence that Tolstoi is exerting on the mind of five seconds, and three out such a 1 Baker dec on the tremendous influence that Tolstoi is exerting on the mind of five seconds, and three our such a Laker decessed. All persons baving claim strong light that of jects were plainly present them proposes verified to me at Mill persons the person of the Tolstoi. Dostoievsky, Herzen and Bakunin than Japan can EVER discernible.

A confirmation of this is found in the fact that one of the Japanese translators of Tolstoi recently sent me an immense bibliography of the forty or fifty separate translations that have been made of

Tolstoi into Japanese. SO IT IS HISTORY REPEATING ITSELF-THE DEFEATED NA TION TAKING THE VICTOR CAPTIVE, FOR THAT, I BELIEVE, WILL BE THE CONSPICUOUS RESULT OF THE PRESENT GREAT WAR.

#### Notable Names In the Dispatches Crimmins.

George Westinghouse, Versatile Genius. Judge Morgan J. O'Brien-Jack London, Musician-Senator Lodge's Joke-Sir Charles Hardinge.

The Shaw Boom.

THERE are few men of such versatility as George Westnehouse one of the were chosen to vote Equitable Life. stock recently con-

Hyde. It has been said that he is a GEORGE WESTING man with a bundred ford N V.1 thousand horsepower inside of him, so marvelous is his energy. He is engineer, inventor, manu-

facturer and financier. He has an army of about 25,000 men in his em-He not only invents things himself, but he superintends invention by others. He takes technical students from the colleges every year and sets them at work in his factories. Those who show inventive expacity he puts at work on the details of problems he wishes solved. The first great invention of Mr. Westinghouse was the air make. He had a hard time getting it into use. He took it to Commodore Vanderbilt, and it is related the bluff rallrand magnate dismissed him with the remark that he had not time to listen to a fool who expected to stop a tenin with air. At last he got a hance to try the invention on one ain on a small country line. It so in use fifteen minutes before a

of accident was avoided through its Mr. Westinghouse, says World's onds one evening. After one of the denis he did not pick his cards up, but kept drawing on a piece of paper henfore him. The others watched him curiously, remarked that they were ready to proceed and then waited and waited, unable to understand why he should pay no attention to them. Sade denly, with a flash of triumph in his eye and exultation in his voice, he cried out: "Brown, I've got that natural rate must go made a process of the successfully."

And packing up his eards, he asked, Where turn is it to play?"
