

Blue Jay

Good Judgment

is just as necessary in buying a Corn Plaster as in buying anything else. A wise selection will cure your corn. A poor one will irritate it. It's just as easy to get rid of your corn as it is to say, Blue-jay.

Fullerton & Richardson

AN EARLY CAMPAIGN

Political warfare at the general elections in Oregon will commence much earlier hereafter than was the case before the direct primary nomination law was passed, for the act provides that there shall be a primary election 45 days before the general election. The next primaries in this state will be held in April of 1906. The campaign will begin much earlier, for the candidates will have to make themselves solid with the people many days before the primaries.

Hence it is not at all unlikely that there will be campaigners among the people as early as February while in March the woods will be full of them. In the good old days when the conventions did the work there was nothing to do other than to elect delegates. The candidates were still in the background. The conventions were held about a month before the day of election, and the actual campaign on the part of the candidates did not begin until after the nominations had been made by the convention.

But now these days are of yore and the candidate who hopes to be the nominee of his party by the vote at the primaries must sally forth upon the highways and byways early in the game. Yea, before the last of winter's sabbath train has melted into the viewless air. There will be fences to build, signatures to get, support to rustle from the great plains of voters. Indeed, he will be a busy man, and if he is successful at the primaries he must do it all over again and convince the populace that the nominees of the opposite political primaries are inferior to him. Wherefore must he battle for office from the break of the cold, bleak months until the torrid rays of advancing summer slant across his fevered brow.

A movement was inaugurated last week looking to the organization of a merchants association for Roseburg. A call for a meeting to effect permanent organization was signed unanimously by Roseburg's commercial firms, the meeting to be held this evening. It is a move in the right direction and will be productive of good results.

Col. Waterson says that if Paul Jones was a pirate then George Washington was a footpad and Franklin a lobster. We judge that Paul Jones was not a pirate.

Skeptics who question the Government figures on per capita consumption of hard liquor are respectfully referred to the testimony in the Taggart case.

DO YOU SHARE IN THE PROFITS OF THE GROCERIES YOU PURCHASE? IF NOT, WHY NOT?

Every shareholder in the ROSEBURG ROCHDALE COMPANY is purchasing groceries from himself cheaper and better than he could elsewhere, and at the end of the year takes home to himself the profits on these purchases. This is the Co-operative way.

BE A ROCHDALE

Musings

Dowie sends the edit forth, That girls with pretty rosy lips, Most not be kissed 'er they are wed. Well! Dowie take some timely tips, For girls were made to love and kiss, To fondle, cherish and caress, And lips can no more muzzled be, Than can your friend, the daily press

There's no hope for the man who boasts of his mean acts, Nine out of ten men who have their price are not worth buying. Several times a day the depot is the busiest place in Roseburg.

What's in a kiss?—St. Louis Globe Democrat. Microbes, the scientists tell us.

A person is always best man at a wedding. He gets the coin and takes no chances.

A good many people will bathe in the Pacific who wouldn't think of taking a bath in an ice cream freezer.

"All liars are not dead yet," says the Democrat. Wouldn't that editor find this a lonesome world if they were.

When you hear a married woman speak of marriage as being a lottery it's doughnuts to fudge that she drew a blank.

We greatly admire the style this summer the girls have adopted of dressing all in white; but then we don't have to do the washing.

The Eugene Journal has a laborious editorial on "What to Eat." That does not worry the average country editor so much as "How to get it."

At night, when you hear a woman screaming in distress, remember that it may be a pantiher imitating a woman, in order to get you out in the dark, and eat you.

Love letters should always be written only on one side of the paper. This will make it much more convenient when the letters are read in court in breach of promise suits.

Judge U. S. Kendall of West Virginia says that mothers-in-law cause nine tenths of the divorces. This will interest those who have believed that the other woman whom he wants to marry is the usual cause.

Judge Thompson has received an invitation from Governor Chamberlain to attend a Grand Ball to be given at the American Inn, Portland. The Judge is said to be looking around for a dress suit and a pair of dancing pumps.

Editor Conner, of the Roseburg Plaindealer, claims that he once saw a twelve foot snake swallowing another snake nearly equal its own size. Ah, the curse of strong drink.—Myrtle Point Enterprise. This is Editor Roberts' latest snake story maliciously credited to the Plaindealer man. He will never go to glory.

DOUGLAS COUNTY COAL MINE

More Lands Secured--Drain, Coos

Bay Railroad Will Afford Transportation--Superior Coal--Large Veins

The Umpqua Coal Company and its stockholders are simply basking in the sunny smiles of the coquetish goddess, Dame Fortune. No sooner had this company been organized and preliminary development work commenced when a large vein of fine quality of coal was uncovered. This coal bed being 30 miles northwest of Roseburg and 18 miles from Drain, the nearest railroad point, a means of transportation facilities was the next problem to confront the company, which, however, has already been solved by the announcement that the S. P. company will soon build a branch line into Coos county from Drain to pass within a short distance of this splendid coal property.

The coal lands are situated at an elevation of 1750 feet above sea level at a point one and one-half miles from the Umpqua river and a spur from the new line recently surveyed by the Southern Pacific Railway would only require a couple of miles of track along the comparatively level bottom lands from Elkton to enable the Umpqua Coal Company to dump its coal by direct bucket-tram from the mines into the cars on the spur. A force of 20 railroad surveyors has been engaged for the new great expense, in locating the new line from Drain to the coast and it is a matter of common knowledge that this line will soon be built to tap the rich lumber and farming districts along the Umpqua. The company has also been assured by the railroad people that the development of their coal will alone be a sufficient incentive to encourage the railroad to commence their building operations.

The coal lands of this company now comprise about 1000 acres of proven coal land. Four distinct veins are opened, the second vein and the fourth being working veins, with good indications of others yet to be uncovered.

The second vein is 9 ft. 5 in. with 4 ft. of good coal in the top next the roof, which is of slate with fire clay on the floor.

The lower vein where opened is 21 inches of a very superior and clean coal. It also has slate roof and fire clay on the floor.

The veins are all in place and lay horizontal. This is said to be the ideal formation, and is the only coal field yet developed in either Oregon or Washington where these conditions prevail.

This coal formation and location is superior to the famous Coos Bay coal field, and transportation is assured.

The company has placed 50,000 shares of stock on the market at 15 cents a share to pay for additional land, and this stock is finding ready takers.

Investors in stock have already had 50 per cent rise in valuation and are pleased with their investment, it being one in which everybody is interested.

The importance to all, whether a stockholder or not, can be readily appreciated locally, when it is considered that the price of fuel for all purposes will be cut in half when the product of these mines is once placed in the local markets.

This company is one deserving the support and confidence of the public, it being composed of well known local men of excellent business qualifications, economical, trustworthy and of good financial standing.

County Treasurer G. W. Dimmick is president of the company and N. F. Thorne, ex-cashier of the Douglas County bank, is secretary, both of Roseburg, Oregon.

The annual meeting of the Umpqua Coal Company will be held for the purpose of electing directors for the ensuing year at the office of Albert Abraham, in Roseburg, on the 6th day of September, 1905, at the hour of 3:30 p. m.

Proposals for Hydrants

Notice is hereby given that the undersigned will receive proposals for furnishing the city of Roseburg with nine fire hydrants. Proposals should state fully as to the hydrant offered, as well as prices on different makes and sizes. Proposals should be in the hands of the undersigned not later than September 1st. The council reserves the right to reject any and all proposals.

A. N. ORCUTT,
City Recorder.

Summons

In the Circuit Court of the State of Oregon, for Douglas County.

Kathryn M. Booth, Plaintiff
vs.
William J. Booth, Defendant

To William J. Booth, the above named defendant:

In the name of the State of Oregon, you are hereby notified to appear and answer the complaint of the plaintiff filed against you in the said court and cause on or before the 10th day of October 1905, being the date prescribed by the court in the order for publication of summons for you to appear and answer said complaint, and if you fail to appear and answer said complaint on or before said date plaintiff will apply to the court for the relief demanded in her complaint to-wit:

For a decree dissolving the marriage contract, now and heretofore existing between the plaintiff and defendant and her costs and disbursements herein incurred.

This summons is published in the Roseburg Plaindealer by an order of Hon. M. D. Thompson, County Judge of Douglas County, Oregon, by an order made on the 15th day of August, 1905. The first publication of this summons is of the date 17th of August 1905 and the last publication thereof will be the 26th of Sept. 1905 making a full period of six weeks.

C. L. LEAVENGOOD,
Attorney for plaintiff.

Administrator's Notice.

Notice is hereby given that the undersigned, duly appointed administrator of the estate of A. E. Cooper, deceased, by the County Court of Douglas County, State of Oregon, April 17, 1905. All persons having claims against said estate are hereby notified and required to present them to me properly verified, as by law required, at Oakland, Oregon, within six months from the date hereof. And all persons indebted to said estate are hereby notified to pay the same to me.

Dated August 10, 1905.

J. E. HANEY,
Administrator of the estate of A. E. Cooper, deceased.

Weather Report.

NOTICE FOR PUBLICATION

Notice of Filing Supplementary Articles of Incorporation by the Sterling Mining Company.

Notice is hereby given that in pursuance of a resolution of the stockholders of the Sterling Mining Company adopted by the unanimous vote of all the stock of said Company at a stockholders meeting duly and regularly held and authorized the directors of said Company do hereby file with the Secretary of State and with the County Clerk of Douglas County, Oregon, which said Articles were executed and filed for the purpose of said incorporation, the following articles of incorporation, the object of the same being as follows, to-wit:

To carry on and conduct the business of furnishing, supplying and selling light to the cities, towns, villages and the inhabitants thereof, and of the surrounding country in the State of Oregon, and to furnish and sell power for manufacturing purposes and for propelling engines, machinery, apparatus and mechanical appliances of all kinds and description, and to use power of all kind and for all purposes. To generate, manufacture, make, transmit, furnish, and sell electricity, gas and any and all other kinds of power, heat and steam for the purpose of illuminating power, heat or other purposes for which the same may be used, and to contract for the furnishing, distribution, rental and sale of power, heat and steam, and to supply cities, towns and villages, and the inhabitants thereof and of the adjacent and surrounding country with water for household and domestic use and consumption, irrigation, and watering live stock, and to receive and collect toll, rental, rates and compensation therefor, and to furnish, supply, rent, lease and sell water for all power purposes, and to appropriate the waters of lakes and running streams in the State of Oregon for general utility, sale and distribution for the purpose of irrigation and supplying water for household and domestic consumption and watering live stock, and to collect, rents and compensation therefor; and to own, operate, buy, hold, construct and maintain reservoirs, ditches, canals, flumes, and pipe lines for general irrigation purposes and for supplying water for household and domestic consumption and watering live stock.

To construct, buy, hold, own and lease pipe lines, reservoirs, aqueducts and ways, and rights of way for the same, for supplying cities, towns and villages and the inhabitants thereof and of the surrounding country with water for any and all purposes and for furnishing and supplying power to individuals, associations and corporations for any and all purposes.

To own, buy, lease, construct, operate and maintain pumping stations and power plants and dams, flumes, races and water wheels in, and along the running streams, and any and all other machinery, apparatus and appliances necessary or convenient for utilizing and generating water for power and distribution, to appropriate right of way for its ditches, canals, flumes, reservoirs, feeders and pipe lines, and the rights of riparian proprietors upon the lakes or streams from which appropriation is made.

This corporation proposes to and shall have power to exercise the right of eminent domain, and to condemn lands, water, and water rights and to appropriate private property in the cases and manner now, or as may hereafter be provided by law, when necessary or convenient to carry into effect, and to enjoy either or any of the business or occupation for which this corporation is organized; to buy, own, hold, sell, lease, bond, contract and mortgage real and personal property which it shall acquire at any time or times, including promissory notes, bonds, mortgages and choses in action; to subscribe for, take, have, hold, own, possess, sell and enjoy shares of stock in other companies and corporations and to be a stockholder therein, to assume and obligate to it, to pay and guarantee the payments of indebtedness, bonds, mortgages, contracts and collections of any kind, to sell, mortgage, lease and dispose of any and all of its property at any time and to mortgage, hypothecate and pledge any and all its property at any time owned, held or possessed by it, to borrow money and issue and sell negotiable bonds, to make promissory notes and other agreements to pay money, and to secure any bonds, contracts or obligations of, or assumed by this corporation, by mortgages, deeds of trust, pledges and hypothecations of its real and personal property, to own, acquire, receive, hold and enjoy franchises, privileges, easements and immunities, and to do and perform each and every act and thing which may at any time be requisite, convenient or necessary to do in order to accept, receive, take the benefit of, hold, comply with use or enjoy, any franchises, rights of way, privileges, immunity or easement, at any time required by this corporation and generally to do each and every act and thing whatsoever, which may at any time be or become convenient or necessary to do, and not herein expressly mentioned, in order to carry out and accomplish either or any of the objects and purposes for which this corporation is organized, as aforesaid.

Notice is also given that the principal office and place of business of said corporation has been duly changed from Portland, Multnomah County, Oregon, to Roseburg, Douglas County, Oregon, and the capital stock of said corporation increased to Three Hundred Thousand Dollars.

In witness whereof the president and secretary of said Company have caused this notice to be published by order of the Board of Directors of the Sterling Mining Company duly made.

ATTEST: FRED J. BLAKELEY, President.
T. S. SHERIDAN, Secretary.

J. E. HANEY,
Administrator of the estate of A. E. Cooper, deceased.

Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by A. C. Marsters & Co.
