T. Fred Fisher, of Wilbur, was in this city on business Friday. He and Mrs. Fisher returned from a very pleasant visit to the Lewis and Clark Exposition last Sunday.

Postmaster Howard Veljan and J. Harp, of Drew were in this city on business Saturday. Mr. Veljan believes that Douglas county is enjoying a bigger growth in population than ever before and that business has increased greatly at the Drew postoffice during the past year.

P. A. Webb, of Lorley, was in this city on business Saturday.

North Roseburg Notes

Cendale Gleanings

Ed Gilbertson, S. Redfield and Mrs. J. Eiler were among the recent Roseburg visitors from this city.

Harvey Smith, F. Guth, Ben Curran and Rita and Everett Wall combined a party of hunters who are now busily engaged in the pursuit of venison.

The Economy meat market was sold just in time to give John Rasternund a chance to go deer hunting. He and Geo. Ediff expect to start out on such a pilgrimage today.

Frank Heller, a son of Frank Heller Sr. of this city, arrived Sunday for a brief stay. During the past year he has spent most of his time at Wallace, Idaho, and in Montana.

Ed Thorne returned Thursday evening from Roseburg where he played in the Roseburg band during the district fair. Mr. Thorne has received a very good offer of employment from Ashland, which he is considering. His many friends hope he will continue to remain.

This year's district fair held at Roseburg, was a success in every way. But few attended from this section, but those who did were well satisfied. The Roseburg band furnished excellent music each day. R'cing was one of the chief features. The livestock exhibit was larger and better than has formerly been the case. Large crowds were present to the last.

Harry Stine, accompanied by A. Marshall and G. Olson as pilot, were out on a hunting cruise in the morning of the week. They had not been out many hours before a large buck finally came into their way. Of course he dropped and for some time life was rather strenuous for the three hunters as the burden was heavy and the hunt circuitous and precipitous. His majesty tipped the scales at 122½ pounds. This was Mr. Stine's first experience as deer hunter. Down in the Hoosier state bucks are scarce as hens' teeth.—News.

A move is on foot among our business men to form a stock company for the purpose of putting in a system of waterworks for the town. They believe it would be to the best interests of the town to own its own waterworks. We understand the water will be secured from several large springs just northeast of town.

A crew of cross-section surveyors are expected this week to set grade stakes, preparatory to commencing work on the Drain-Coos Bay railroad. It would not surprise us if the grading dirt is made to fly here within the next 3 days. There is one great advantage in railroad building in this mild climate—work can be pushed every day during the winter months.—Nunpareil.
