PEACH TREES BEAR ALL THE YEAR

Out in Edenbower they are trying, evidently, to make a record in the matter of growing fine fruit. Growers from that locality sent many fine evidences to attest this statement to the Lewis and Clark exposition.

D. F. Wilson and son brought in the Plaidealer some excellent grapes raised in that favored locality. They were of the "Improved Mission variety and are good to look upon. One bunch weighs one and a half pounds. These were picked from a monster vine which is about sixty feet long and from which they expect to gather fully one hundred pounds of luscious fruit.

One of the interesting reports from that neighborhood is to the effect that S. Stephens has peach trees which have been bearing every season and they are fifty-two years old. Mr. Stephens has had the place for the past seventeen years, but he asserts the fact that the trees have never failed to yield a good crop each season during that period.

F. L. Harvey, a brother-in-law of Mr. Stephens' has also been in that section for seventeen years has a like report to make. He says that his trees of peaches have never failed him during his sojourn in that region. Some of his "Lemon Clings" carried off first honors at the big Portland fair, last week.

These are only a few of the many instances of the kind, which could be multiplied by the score, if the growers of that locality were to send in their reports. But these will serve to show that Edenbower is rightfully named and that it is entitled to claim credit for raising fine fruit.

LAND OFFICE MAY SOON BE OPENED

There seems to be some impression abroad hereabouts to the effect that the Roseburg land office is going to be opened again, and that too, in the very near future.

For the past nine months business in that office has been suspended and all that the many parties interested could do was to present their papers at the office, where they were received and placed on file for action when the office should be formally opened up for business.

"I am rather of the opinion that the land office will not be kept closed much longer," remarked an observing citizen, who has been keeping track of things along that and other lines. "You see there has been a standstill in other offices, as well as this one, during the vacation months. Up in Washington state the register of the Olympia land office is to be appointed and I noticed where Secretary Hitchcock remarked to the effect that the matter could not be settled until President Roosevelt had returned from his vacation, and that will be on the last day of September. That date is near at hand and I think that we will soon be hearing something that will be of much interest to us all. I think that the report which was circulated, stating that Secretary Hitchcock has given out the word that he would see the matter delayed until after all the land trials were over, is all talk."

The reporter called at the land office and asked Mr. Thacker, the obliging clerk if anything definite was known regarding that matter and he replied: "No, we have not had any word except what the public already knows. We often do not hear of what is decided until we see it in the papers. At present we have not the slightest idea when the office will be opened for the transaction of business. We are keeping everything ready and will be able to have things move along quickly, when the office is thrown open."

In Memoriam

John M. Barker was born at Oak Creek, Douglas county, Oregon, July 18, 1868. There he grew to manhood and was married, his wife being Miss Lucie Ring. About three years ago they moved to Roseburg where he entered the employ of the S. P. R. R. Co.

He continued in their service in the Roseburg yards until the night of Sept. 1, 1905, when by an accident he received injuries which resulted in his death early the following morning. The funeral was held from his late residence in North Roseburg, where services were conducted by Dr. J. A. Townsend. Interment was held in the family grounds in the Oak Creek cemetery, near his old home, where services were conducted by Rev. Wm. Thornton.

There was a very large attendance at the funeral, including a number of his fellow-employees in the railroad service, and members of the A. O. U. W., to which order he belonged, and in which he carried a policy for \$1000. He is survived by his wife and 5 children, and one brother, Franklin Barker, of this city.

Mr. Barker was a citizen who was held in the highest esteem by all who knew him. Quiet and unassuming, honest and industrious, careful, congenial, accommodating, and devoted to his family, he was a type of that high standard of citizenship that forms the foundation of American institutions. As such he was one whom any community could ill afford to lose.

F. L. Blakely, having resigned his position as station agent at McMinnville, spent several days in Glendale with friends. Sunday morning he departed for Los Angeles, whence he will, after a short stay, resume the journey to Chicago. He does not expect to return this way for some time.—News.

In Social Circles

A jolly party of young people had what they were pleased to call "a trip to the Catskill Mountains," Thursday evening. Boarding a large hay wagon, they proceeded to the home of Mrs. Chas. Moriarty, where they had the time of their lives. Coaches were in waiting and upon their arrival they proceeded to the depot and were then given a delightful trip over that famous route. It was a novel experience and one which the young people enjoyed to the utmost. After visiting the many points of interest, they were escorted to the picnic grounds, where a campfire had been prepared for them. The sumptuous repast concluded, camp songs were sung and it was early the next morning, when the affair was ended. Those present to enjoy the festivities, were: Misses Rose Josephson, Hazel Jewett, Anna Wharton, Della Moore, Bessie Kidder, Lilith Moore, Grace La Brie, Vivian Jewett, Elsie Benedict, and Messrs Ray Moore, Walter Josephson, W. D. Bell, Elmer Wilson, Mark Urban, LeNair Ragdale, Earl Strong, D. W. Strachan and Thos. R. Townsend.

The Senior class of the Roseburg High School gave a most enjoyable reception Friday evening to the new pupils and teachers. This, the first social event of the new school year was a decided success. The spacious halls and one of the large class rooms were tastefully decorated in the class colors, red and white, and autumn leaves. Light refreshments were served by the new pupils and the Senior class. Music, games and social intercourse, mingled to make the occasion one long to be remembered by those were present.

Friday night the second dance of the season to be given by the Good Time Dancing Club, was enjoyed by the members and lady friends at the armory. This season's dances under direction of the Club, promises to be more popular than any dances ever given in Roseburg. The rules of the club are binding and cut out many unpleasant features of the public dances. The Roseburg Orchestra in their full evening dress, render excellent music and there is no long wait between dances. The armory floor is in excellent shape and all agree it is a pleasure to dance upon it.

THE SECRET OF SUCCESS

"No, Sir! You cannot palm off any substitutes on me. I've been using August Flower since I was a boy, and I'll have no other."

Forty million bottles of August Flower sold in the United States alone since its introduction! And the demand for it is still growing. Isn't that a fine showing of success? Don't it prove that August Flower has had unflinching success in the cure of indigestion and dyspepsia—the worst enemies of health and happiness? (Does it not afford the best evidence that August Flower is a sure specific for all stomach and intestinal disorders?—that it is the best of all liver regulators?) (August Flower has a matchless record of over 35 years in curing the ailing millions of these distressing complaints.) (Two sizes, 25c and 75c.)
