NORMAL SCHOOLS NO STATE SUPPORT

A Salem news dispatch to the Telegram says: Contrary to general expectation there will be no state tax levy for maintenance of normal schools for the two years following January 1906.

The last legislative appropriation bill carried, approximately, \$100,000 for the maintenance of normal schools. This was held up by invoking the referendum, on account of the opposition to the normal schools. No provision was made in the last tax levy for this appropriation, as the Legislature did not meet until after the State Tax Board had made the levy, on the first of last year.

It has been the general supposition that the money for these schools would accumulate in the State Treasury. State Treasurer Moore says that in view of the referendum the tax board will not make a levy this year for these schools because in effect the law is not operative, but pending. Should the people vote to pass the appropriation bill next June, the money for these institutions will be paid out of the general fund as long as it lasts, and then certificates of indebtedness will be issued.

Mr. Moore said the tax board could not provide in a state levy tax for any state institution whose maintenance was not specially provided for in the law or mentioned in the appropriation bill. The law creating the penitentiary and asylum says that they shall be maintained at the expense of the state whereas the normal schools have heretofore been provided for by special appropriations every two years. There is no law making them state institutions, to be maintained at the state expense.

Another well-known Douglas county citizen who favored the Plaindealer with a pleasant visit yesterday, was Mr. Wm. Hellwell, of Yoncalla. Mr. Hellwell came to this section from Michigan, some thirteen years ago, and he has never yet seen the day when he regretted coming. He is enthusiastic over this region, and particularly so about his home-town Yoncalla, which he regards as one of the finest places to be found anywhere. He likes the climate, the soil and especially the splendid class of citizens which are making that locality their home. He has no idea of leaving Douglas county, although he has no business interests at Yoncalla. He says that although his sons have disposed of their mercantile business at Yoncalla, yet he does not expect them to leave for good. One son is now at San Jose, Cal., but he is expected to come back to Douglas county one of these days, to make this his permanent home.

DOUGLAS COUNTY IS SURELY THE PLACE

Scarcely a day passes but what the editor of the Plaindealer is forcibly reminded that Douglas county is one of the most favored spots to be found anywhere. This fact is impressed upon his mind in many ways. Yesterday two of the substantial residents of the county called, and in course of the conversation which ensued, he was more than ever satisfied that he had made no mistake in this matter.

Captain Ben. Boswell, proprietor of the famous Boswell Mineral Springs was one of the callers. Now Captain Boswell is for the whole of Douglas county, and while he has a very promising property, which is going to be benefited by what ever material increase comes to the county, yet he wants to see all parts of the county go ahead. "I tell you," said he with great earnestness, "if we could but get those eastern people to realize what enormous resources we have, why it would not be long before Douglas county would be filled with a live, bustling crowd of energetic eastern people. Take almost anything. For instance, there is building material. We have great quantities of fire-proof sandstone, a thing which alone would be regarded as a great boon to any eastern community. Then there is plenty of granite and marble, all materials which ought to bring us in much revenue, and the selling of which would not impoverish us in the least. This is only one of the many lines which might be emphasized. At the Lewis and Clark Fair I frequently met people who were looking for just such openings as are to be found here in Douglas county, and I figure that every enterprising easterner we get in here will help the whole county. Don't let's be selfish and pull for our part of the county, alone, but let's realize that what helps one part of the county will aid us all, eventually. I like the stand which the Plaindealer is taking in working for the whole of Douglas county. Why, it makes us out-of-town people feel all the more friendly towards Roseburg and we rejoice in your progress and prosperity."

Captain Boswell reports business good at his health and pleasure resort. He tells of a woman who came there the other day, having to be carried from the train to the hotel, but who, in the short period of five days, was able to walk out to the dining room, and in twenty days she left the institution, a comparatively well woman. This is only one of many such cases which are occurring there right along.

Luccheni, the crazy nihilist, who killed Empress Elizabeth of Austria, has been sentenced to life imprisonment, at Geneva.

An American, supposed to be A. N. Harris, has been found murdered in Rome, and the officials are now endeavoring to locate the murderer.

Ernesto Biondi, the Italian sculptor, who sued the trustees of the Metropolitan Museum of Art, of New York, has appealed to Secretary Root, saying that he would be willing to abide by the latter's decision.

Odessa continues to be the scene of great rioting, and the Jews are being murdered right along, the people claiming that the czar's cause is their authority for committing the crimes.

The appointment of Count Witte as president of the Council of Ministers, has caused many other Russian officials to tender their resignations.

Premier Balfour, in answering a large delegation of the wives of laboring men who are unemployed and need food, said that no assistance could be rendered, but expressed much sympathy for the poor.

ROSEBURG STEAM LAUNDRY

Biliousness, dyspepsia, loss of appetite, disturbed sleep, nervousness, headache, giddiness and drowsiness, wind and pain or fullness of the stomach after meals, cold chills and flushings of heat, shortness of breath—these are the blank cheques of physical bankruptcy. The man who suffers from these disorders and neglects them will soon be in the relentless grasp of some fatal disease. If he is naturally narrow chested and shallow lunged, it will probably be consumption; if his father or mother died of paralysis or some nervous trouble, it will probably be nervous exhaustion or prostration, or even insanity; if there is a stain in the family blood, it will be blood or skin disease; if he lives in a new or a low, swampy country, it will be malaria; if he lives a life of exposure, it may be rheumatism. There is one safe course for a man to follow who finds himself "out of sorts" and suffering from the symptoms described. It is to resort to Dr. Pierce's Golden Medical Discovery. This medicine makes the appetite keen, corrects all disorders of the digestion, renders assimilation perfect, invigorates the liver, purifies and enriches the blood and builds firm, healthy flesh and nerve tissue. It cures almost all diseases that result from insufficient or improper nourishment of the brain and nerves. Bronchitis, throat, and even lung affections, when not too far advanced, readily yield to it.

A man or woman who neglects constipation, suffers from slow poisoning. Dr. Pierce's Pleasant Pellets is a gentle laxative, and tea a mild cathartic. Don't let a selfish seller over-persuade you to accept a substitute for these Original Little Liver Pills. First put up by Dr. J. C. Pierce over 30 years ago. Each contains but never equals.
