## ITEMS OF INTEREST FROM O. A. C.

The talk on the campus at present concerns football, but in a short time it will be basket ball.

On Saturday morning, Nov. 11, six hundred people left on the train for Eugene to see the football game between the University of Oregon and O. A. C. At three o'clock the game was called and after a hard struggle the University won by a score of six to zero. The college students of both institutions were back of their teams and a strong college spirit was shown. Eugene gave O. A. C. a good welcome.

There are several hard games yet to be played and the team is weakened by the loss of Williams, the speedy left half-back who was hurt in the Eugene game.

One evening last week while the first and second team were having a practice game of football, Lester Porterfield, the quarter-back, had his left leg broken. Porterfield is a star player on the second team.

No football game played in the northwest this season ought to be superior from any stand-point to that which is to be played on the O. A. C. field next Saturday between the University of Willamette, O. A. C. second team plays the Willamette second team today, (Nov. 18.)

Some of the students have formed an Editors Club, and the purpose is to gather items that will interest the readers of different papers. The members of the Club find it to be a benefit.

The commandant of the military department has organized a cadet band and seven companies of infantry, which he has drilled and now they make a fine showing. The U. S. allows three O. A. C. graduates to fill a position in the army as a commissioned officer. This speaks well of the military department in having some of its men in the U. S. army.

Eighty-four members, comprising the Portland business men's excursion, now touring the valley, spent noon hour at Corvallis, Nov. 17. The train stopped at College street where the cadets and town people were there to meet them. All marched to the City Hall and several short talks were made. Among them was that of Dr. Andrew C. Smith, who referred to O. A. C. as the foremost educational institution of the northwest.

An interesting address was made by Dr. Withycombe of O. A. C. at the Willamette Valley Development League, which was held at McMinnville.

The construction of the Y. M. C. A. building is now on its way. The building will be highly praised by all because it is the first College Y. M. C. A. building in the northwest. Pedro.

## SOME DRAIN NORMAL NOTES

Among the new students who have entered our ranks are: John and Fleming Henderer, of Leona, and Gus Cowan. The latter has been working for the Gardiner Mile Company.

Cora Green who has been engaged in welding the road at Hayhurst for the past few months, has again enrolled in the Normal.

The Literary Society Friday evening elected its officers for the ensuing term. Harry Moon was elected president; Frank Hill, vice-president; Grace Tru-nell, secretary; Mada Drain, treasurer; Ed Finerty, sergeant-at-arms; Prof. Briggs, critic. The meetings of the society are well attended and much interest is evinced in the proceedings of the society.

Geo. Neuner who has been employed with the U. S. and Canadian boundary survey, is again in our midst.

The second football team of Drain who last week defeated the Roseburg Public School Team, will play a return game Nov. 30, at Drain.

Rev. Van Fossen, pastor of the M. E. Church, gave an interesting talk to the students of the Normal Monday morning. He spoke in high terms of work done in current history during the morning exercise.

The Portland business men have come and gone, carrying with them the knowledge that Drain is more than a dot on the map of Oregon. They were greeted on drawing up to the depot by the students of the Normal and by the people of Drain. The students after giving their yells subsided, and Prof. Briggs stepped forth. In a few well chosen words, he welcomed the men to Drain. Portland was then heard from and in a few minutes the train pulled out, taking the men on to other towns.

Zanzamar, expecting to leave the United States.

A large number of workmen were caught in the burning of a cheap lodging house, at Glasgow, Scotland and 39 of them were burned to death.

The Russian Council of Workmen decided, after a long discussion, that the proposed eight hour law would be too short and refused to adopt the plan.

## NEWS OF THE DAY FROM ALL SOURCES

### Items of Interest Gathered and Condensed for the Busy Plaindealer Readers

#### Oregon State News

An arctic white owl was killed near Echo by Henry Puzley. This is the first bird of this kind that has ever been seen in this part of the country for many a day.

Mayor Lane, of Portland, has taken up the idea of having the city own and control the dock and the belt line. The business men favored the plan.

Mrs. Mary A. Pratt, of Beaverton, gets after the county clerk of that county for entering her age as 81, in her application for a marriage license, when, in reality she is only 71. She says such reports lessen her chances to get "another man."

The only Mormon tabernacle outside of Utah has just been erected at La Grande, Oregon. It is a fine structure and will soon have a big pipe organ added.

J. A. Waddle who owns a cigar store at Junction City, but who lives at Portland, has pled guilty to having sold liquors on the premises, contrary to law.

At Oregon City, William Mueller has sued Franklin E. Mueller, his father, to recover \$500, which he claims he loaned him. But the jury was not able to agree and was discharged.

The city council of Corvallis has revoked the right of the local water company to lay any more mains in the streets of that city.

Six sophomores at the Baptists college of McMinnville kidnaped Ray Derby and Roy Hill, vice-president of the commercial class, and took them out into the country where they were whipped with a horse whip. Much indignation was aroused over the matter.

Miss Nan Shively, who was suing the directors of the Cottage Grove public schools to compel them to pay her for the term she had been engaged to teach, won her case in the court.

Reports from Astoria to the effect that the salmon packers are not going to be able fill their orders, owing to the poor run of fish.

#### In Uncle Sam's Domain.

The lumbermen of Washington state have been trying to get the railroads to promise more cars for handling their product, but thus far they have not succeeded.

In summing up the results of the recent big game of football between the Stanford and University of California teams, it was found that each team would receive \$11,000 profits from the proceeds.

Shingle manufacturers of Washington state have decided to restrict the output of all mills and thus force the prices up, somewhat.

The coroner's jury found Dr. Oliver Crook Haugh guilty of having murdered his father, mother and brother. The murderer is now in jail.

After having been in an infantile state, wherein she was like an infant for six months, Miss Mary Scally, aged 19 years, has again become herself.

Mrs. Charlotte Weightman, who thought that her husband married her for her money, at Chicago, burned \$15,000 of the "filthy lucre," to keep him from getting the use of it.

On account of too much political activity, John P. West, register of the Lewiston Idaho land office has been removed by Secretary Hitchcock.

Andrew Carnegie has just paid \$1000 for a meal, which Fred Flock, an engineer of the Pennsylvania road divided with him years ago, when he was running with the engineer.

One thousand soldiers from the British fleet, which has been anchored in New York harbor, becoming to much attached to Uncle Sam's domain, have deserted from their ships.

Former Aldermen Rudolph, of Milwaukee, Wis., has been found guilty of having taking a bribe while he was in office. The sentence has not yet been pronounced.

#### Across the Waters

A German warship sank at Kiel and one officer and thirty-two men lost their lives. The vessel collided with another boat.

Canadian soldiers have decided that hereafter they will not be used by their country where there are any difficulties with union labor.

Missing its course in a bad storm, the steamer "Hilda," ran onto the rocks off the north coast of France, with the result that over one hundred lives were lost.

The marriage of King Alfonso of Spain is set for next May, when he is to wed Princess Ena, of Battenberg, whose mother is the youngest daughter of King Edward.

Word comes from the City of Mexico, to the effect that colonies of Mormons from Utah are coming that way, and that quite a crowd of those people are

# BALLARD'S HOREHOUND SYRUP

PERMANENTLY CURES CONSUMPTION, COUGHS, COLDS, BRONCHITIS, ASTHMA, SORE THROAT, HOARSENESS, WHOOPING COUGH AND CROUP

DO NOT DELAY

Until the drain on your system produces permanent disability. The human breathing machinery is a wonderful system of tubes and cells. To have good health it must be kept in good order. A COLD is considered of no importance, yet if it is known by its proper name of "throat inflammation," or "congestion of the lungs," its dangerous character would be appreciated. When a cold makes its appearance use at once Ballard's Horehound Syrup which will speedily overcome it. WHOOPING COUGH and CROUP Require Prompt Action. SNOW LINIMENT applied to the throat and chest gives wonderful relief, while Ballard's Horehound Syrup will rapidly stop the violent paroxysms of coughing. IT IS THE ONLY COUGH REMEDY THAT WILL POSITIVELY CURE WHOOPING COUGH AND CROUP.

BEST FOR CHILDREN

Mrs. Mand Adams, Goldthwaite, Tex., writes:—"I have used Ballard's Horehound Syrup and find it the BEST medicine for croup, coughs and colds. My children use it and it is pleasant to take and quickly cures."

ROSEBURG STEAM LAUNDRY

### MAKES WEAK WOMEN STRONG AND SICK WOMEN WELL.

Forty years ago, Dr. Pierce searched Nature's laboratory for a remedy with which to supplant the ignorant and vicious methods of treatment, with alcoholic stimulants, then in vogue, and will so commonly prescribed and advised for woman's peculiar ailments.

Nature abounds with most efficient remedies, and in Lady's Slipper root, Blue Cohosh root, Unicorn root, Blue Cohosh root and Golden Seal root, Dr. Pierce found medicinal properties, which when extracted and preserved by the use of chemically pure glycerine, have proven most potent in making weak women strong and sick women well. It contains no alcohol; is not a "patent medicine," nor a secret one either.

"I was suffering with nervous headache, pains in the back and dizziness, so that at times I had to lie down for hours before I could raise my head," writes Mrs. Mary M. Thomas, of 225 Winston Street, Los Angeles, Cal. "After taking the first bottle of 'Favorite Prescription,' however, I was so pleased with the results that I kept on taking it until I was restored to health and strength. I shall never be without this great medicine, and shall take a few doses when I do not feel strong."

One of the principal uses of Dr. Pierce's Favorite Prescription is the preparation of prospective mothers for the time of trial and danger that comes when a child is born. The "Prescription" is strengthening and invigorating and lessens pain and danger. It insures the perfect health of both mother and child. Every woman should know these things before she really needs to know them. There are many things in Dr. Pierce's Common Sense Medical Adviser, that every woman ought to know. This celebrated work reached a sale of 800,000 copies at \$1.50 each. The expense of production having thus been covered, it is now being given away. A copy will be sent to any address on receipt of 21 one-cent stamps to cover cost of mailing only, or, in cloth binding for 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.
