(INCORPORATED UNDER THE LAWS OF OREGON)  
A Book of interest more absorbing than the most thrilling work of fiction is a Bank Book. Its tale is never too long, nor its pages too many, and the long row of figures, so dry in other books, is intensely interesting. But in order to enjoy its pages, each man must own a book. The way to do this is to open an account with the

**Days Creek Items**

Mr. D. Fate visited his son, Rem, Saturday and Sunday.

Mrs. Myrtle Wilson of this place, became entangled in a plow a few days ago, and was dragged quite a distance; had it not been for the timely assistance of Mr. Wood, she might probably have been killed.

Mr. Shaw is hauling cedar posts from Days Creek to finish his ranch near Perdue.

It is reported that the first of next month the mines near Myrtle Creek will put on a crew of about 30 men. Several of the boys of this section are intending to work there for the winter.

Mr. and Mrs. Perdue and son, Jack, and Mr. and Mrs. Wal. Raymond were guests of Mr. and Mrs. Fate Sunday.

The weather is quite cool, but no frost yet to do any harm.

Corn gathering is all through with here and people are beginning to fatten their hogs for the Portland market.

J. L. and C. D. Chaney have leased the Ady ranch 1 1/2 miles east of town.

Myrtle Creek can boast of having more boys who can play polo, drink whiskey, use obscene language on the street and shoot up the town in general, than any dry town of its size on the Pacific Coast. Sycamore of the Umpqua.

**Glendale's Welcome Budget**

Mrs. Florence Dewey is now in this city. She expects to leave in a few days for Reno, Nevada.

Mrs. R. A. Jones and her daughter Miss Eva Jones, visited Mrs. Sam Martin at her beautiful homestead home north of this city last week.

A. G. Hamilton and R. M. Moore are at home now after several weeks spent working on the Mule Creek trail.

Mrs. Sam Kinsey, who has been quite ill lately, is now some better, we are pleased to say.

Olivet S. is to have a Christmas tree. The preliminary arrangements were made last Sunday, by appointing a committee, viz: Rev. G. T. Pratt, Mrs. E. R. Miller and Mrs. R. K. Montgomery. Said committee shall appoint all other committees, and a splendid Christmas for the little folks and a general good time is anticipated.

Our community is justly indignant over the act of vandalism that was perpetrated in the killing of five head of fine Angora goats belonging to W. G. Bernstein near this city. The goat that was badly wounded died yesterday. As Mr. Bernstein is one of our best citizens who does not know of having an enemy, it is thought to have been done by boys just for sport. If they are detected they will discover too late that it is rather dear sport for them. A standing reward of \$125.00 is offered for information that will lead to the detection of the guilty parties.

Win. Catnach and C. A. Wilson, two of our leading citizens have just returned from a business trip over the south counties, Jackson and Josephine.

F. W. Slocum, the local agent for the Oregonian at Glendale, is now in a Portland Hospital, whither he went for treatment for injuries received in this city four years ago. We are informed that his condition is critical, and may be dangerous.

There is a new face at the Drug Store, Mr. Spenser, while we all miss Carl Smith, who resigned from the same position.

In the case of little Ethel Jacques, the six year old daughter of Mr. and Mrs. Andrew Jacques, who was so seriously burned six weeks ago, the attending physicians, Drs. Sether and Stewart performed the operation of skin grafting on her today. About 50 persons answered the call for volunteers, and cheerfully made the sacrifice of passing under the surgeon's knife in order to benefit science and for the relief of the little one. Thirty-two persons contributed and after that the doctors concluded to rest their patient for the present, as the greater part of the sore was covered. E. L. Darby assisted the doctors by administering the anaesthetics to the patient, while Harry L. Pratt bandaged the arms of those who had given of their cuticle for the little one. O. P. Lane passed the candidates into the operating room, while your correspondent had prepared their arms for the knife. At the last we most cheerfully bared our arm for the knife, and with the large crowd present we all join in the hope that it will lead to her speedy recovery. Mr. and Mrs. W. S. Booth of Galesville were there doing all to assist in the household department and in every way aiding the sorely troubled parents and the uncle by their great kindness and usefulness. Mr. and Mrs. Jacques and Mr. Sidney Jacques request me to express their deep gratitude to all who were present, and to assure them how fully it is appreciated. The Drs. Sether and Stewart are young men of ability and of high standing professionally, and their success in this locality has been very noted, and we all feel sure the result in this case will be favorable.

Mollie.

McCormick; Austria, Benjamin Storer. Those in doubt are: Germany, Charlemagne Tower, having been relieved; Italy, George V. L. Meyer, being there a few months ago and Mexico, to which country Powell Clayton was the representative. We hope to give the other names at an early date.—Editor.
