BURGLARS AGAIN.

House Entered as Abilux. Burglar arrested. Preliminary Examination. Committed to Jail.

We have been for some time without a burglar alarm but we got wind of one yesterday and followed up and returned several full particulars from the gentleman who had been robbed. Mr. J. O. McCraw, living in the Abilux precinct, has for some time past been engaged in teaching singing at school. Monday evening of this week was the last night of the term and McCraw collected the tuition of his scholars and started home the following morning. On his way he was followed by a man who was standing outside the house in company with a third man named...

WILLIAM G. HOWLAND.

Who had been at work for him but a short time. In the course of the conversation Mr. McCraw mentioned the fact that he had met with petty good success in his calling and also remembers saying that he intended to be absent from home the following day. After a few more commonplace remarks he proceeded homeward. The day following he left home about one o'clock, leaving some books up and returned about five o'clock to find a goodly portion of his money gone, together with some jewelry, clothing, etc. The trunks and drawers throughout the house had been thoroughly overhauled and...

A BURGLED BUSINESS.

At first he was at loss to imagine who the intruder could be but the following day he heard that young Kewland had quit work without giving his employer notice. His suspicions were immediately aroused and he applied for a warrant against Kewland. Several men were placed in the hands of a constable. This gentleman proceeded to Silverton and there found his man quietly eating supper at the residence of Dr. Davis. He was immediately taken to the jail and committed to the jail.

AND GRABBED THE BALANCE OF THE NIGHT IN THE BAR-ROOM OF THE HOTEL IN THAT PLACE.

On searching him they found some of the clothing on him and some of the missing articles in his possession. A preliminary examination was held before Judge Lewis and he was bound over to the grand jury for the next term of this city yesterday noon and lodged in the jail.

COURT JAIL.

This young man had been in the neighborhood but a few days and was but little known and it may be that a close watch was kept on him by the numerous burglars that have recently taken place in our city.

DIXIE CAMP MEETING.

We understand there is an unusually large crowd in attendance on these grounds this year, and that the interest taken in the program has not been heretofore exceeded. A large number of families are camped in the immediate vicinity. An accommodation has been made for the accommodation of man and beast. Wagon loads of supplies have been taken out, and there are ample rooms for all. Mr. Dempsey has on hand a liberal supply of provender for teams. In fact everything has been done to make this meeting one of the most successful of the season. It was commenced last Thursday, and will probably continue until one week from next Monday. Quite a large number will attend from this place next Sabbath. We would suggest that some of our backwoods brethren who reside on these grounds during that day as we have heard quite a number say they desired to go out but had no means of conveyance. Several private parties have already engaged carriage and rigging to spend the Sabbath here. It is a pleasant drive and by getting an early start one can spend the day in an agreeable and restful and profitable manner to themselves.

TO OUR COUNTRY READERS.

In conversation with some of our country friends we find that there is some uneasiness being related throughout the country regarding small pox. We have made diligent inquiries of some of our leading physicians regarding this matter and without exception they say there is no danger of its being introduced here. These grounds during that day as we have heard quite a number say they desired to go out but had no means of conveyance. Several private parties have already engaged carriage and rigging to spend the Sabbath here. It is a pleasant drive and by getting an early start one can spend the day in an agreeable and restful and profitable manner to themselves.

WHO'S GOING TO THE COAST?

We noticed a party starting from here yesterday morning on route for a cooler climate and a more healthy atmosphere. It was a party of about a dozen and they were bound for a day to make one wish for sea breeze and cool baths but the time would be on hand and many are already completing arrangements for an early departure. Various points of view are being expressed as to whether the greatest inducements but the general cry is, "anywhere to get out of the city." The Salmon River Route is considered as good as any as they and a large party contemplate a week's sojourn in the vicinity of Salmon river. These excursions are annually growing in popularity, and it is no wonder, for they abound with pleasure and the memory of them is sure to cause a happy smile.

TO WHOM IT MAY CONCERN.

The Committee of Arrangements appointed by the Board of Health, in a resolution passed at a meeting of the Board on June 10, 1902, to arrange for a Memorial Temperance Celebration at Salem, on the evening of July 1, under the auspices of Good Templars, take this opportunity to inform Good Templars, and the public generally, that all preparations looking toward such a celebration have been abandoned, for reasons sufficient. The plan was a good one, and could it have been carried out, it would without doubt have accomplished the desired result in promoting the best interests of our noble Order in the young and growing State of Oregon.

ANOTHER ACCIDENT.

Jack Deacon, who has recently been employed on the Agricultural Works, was out his back severely with an axe. The wound bled profusely before medical assistance could be obtained but as soon as it arrived the wound was properly dressed and yesterday he was doing as well as could be expected.

CASE OF TRIPLEX.

The following brief resolution passed by itself: Resolved, We, the people of Prof. Gatch, desire to tender him a vote of thanks for the delicious ice cream he has so kindly treated us on Friday afternoon. D. McCully, Frank M. McCully, Amos Strong, Samuel Chappell, George H. H. White, Willie Bell, W. J. Clarke, J. A. Whitely, Eugene Willis.

NEW ACCIDENT.—Capt. Bell, of the steamer... arrived in town yesterday, having come from Beuna Vista on her regular run for the forenoon. He informed us that the boat on the trip last Thursday evening about one hour of his, when about one mile above Beuna Vista, the boat was aground and they had been endeavoring to get her afloat ever since, until last evening when it was given up as an impossibility without more assistance. Capt. Bell then went to Beuna Vista where he secured a horse and rode down to the boat to see what was the matter. He continued his health he has been in good luck this change, hoping it may prove a benefit to him. He goes up with Frank Carey and will assist in taking charge of the boat on his next trip. He arrives with him the best wishes of his numerous friends in this city.

SCHOOL CHILDREN'S VISIT TO TOWN.—Mr. J. T. Boyce, who is teaching a school about a mile east of the city, brought his party of pupils to the city yesterday, and with them, paid a visit to Mr. P. S. Knight's cabinet. The little folks examined the curiosities of the place with great interest. After leaving the Hall, Mr. Boyce took them to the city hall, where they were shown the sights. It was a regular holiday for the little ones—a day to be remembered in after years. The example of Mr. Boyce might be followed with profit by other teachers.

FROM THE FRONT.—We understand that there has been no accident on the railroad South of Oakland for the present. There is "a lion in the way" in the shape of Smith's Hill, which is about 4,000 feet through, and the question now arises whether it is worth the cost of \$200,000, or so, to get around it. It will probably be tunneled eventually. Meanwhile many of the men have been discharged and work temporarily suspended. But it is all probability the construction of Buggy, Carriage and Phatton bodies, with wheels for the same, and a large lot of other material, which they are offering at about half the usual price. For particulars see advertisement.

SOCIAL BRIEFS.

Overcoats have taken the place of linen dresses.

Fourth of July two weeks from next Thursday. Where and how are you going to celebrate it?

A large amount of excellent sausage material yet around town at night.

Strawberries are getting plentiful, but one dollar a gallon is rather steep for the present state of our business.

Our city fathers will not be petitioned to require a license for the sale of beer.

Cherries are coming into town quite plentifully, but they are of an inferior quality.

Walden's Troops are playing again at Portland. He will probably make this city another visit shortly.

There are now three occupants in our city jail.

Better if still in good demand. Our country friends don't keep any very well supplied.

The Japs have come and gone—as well as the Irish Tombs.

The Fourth July excursion is being agitated quite freely.

Portland is making extensive preparations for a grand celebration on the coming Fourth.

Norman Parrish is suffering severely from his recent injury.

Who is to be our next Chief? The question mostly agitated in Fire Department circles.

The Unquippa Ensign comes to us on the half-hill this week.

Mr. A. Kemp has placed an order obligating for a basket of the hand-made strawberries he has just received.

Hurray for the Fourth of July. It is going to give Salem a visit after all.

Send your payment has about died away here in Salem.

Victim was probably in Portland within the next few days. Can't we get him up here?

The steamer John L. Stephens brought up a large amount of freight for this city.
