TO THE UNFORTUNATE.

NEW REMEDIES! NEW REMEDIES! DR. GIBBON'S DISPENSARY, 623 Kearny Street Corner Commercial St. SAN FRANCISCO.

Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhoea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases 6 years' standing and Ulcerated Legs successfully treated.

Remedial Weakness. Seminal emission the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing with unequal frequency the following train of morbid symptoms, unless combated by scientific medical measures, viz: Painful constipation, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rattling of leaves and rattling of chariot wheels, uneasiness about the loins, confused vision, dimness of sight, loss of confidence, diffidence in approaching strangers, dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic fevers and various eruptions about the face, throat, tongue, solid bronchitis, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, the sufferer should apply immediately, it persons or by letter, and have a cure effected by a new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. It is a full cure, one hundred dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

Cured at Home. Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating the symptoms, length of time the disease has continued, and have medicine promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use.

Persons writing to the Doctor will case state the name of the paper they saw this advertisement in.

By enclosing \$10 coin, in a registered letter through the Post Office, or through Wells, Fargo & Co., a package of medicine will be forwarded to any part of the United States.

All correspondence strictly confidential. Address DR. J. F. GIBBON, 623 Kearny Street, San Francisco. Postoffice Box 1,607, Feb 10 dec 1/2

DR. W. K. DOHERTY'S

Medical Surgical Institute, No. 649 Clay Street, Between Kearny and Montgomery-sts SAN FRANCISCO.

DR. DOHERTY'S Largely and Steadily increasing Practice, which has constantly kept pace with the unexampled increase and steady growth of the Pacific Coast, induced his removal from his long established and well-known quarters, on the corner of Sacramento and Leidesdorf streets, in this city, to more commodious and more centrally located apartments, at No. 649 Clay Street, where he has a spacious suite of handsomely-fitted up and conveniently arranged Examination and Consultation Rooms, occupying the whole of the two upper stories which patients may at all times visit amply either the Doctor and his assistants.

With the most grateful acknowledgments of regard for the liberal patronage bestowed on him for the past thirteen years, at his old office,

DR. DOHERTY

Desires to inform the General Public, and especially all those laboring under all forms of Chronic Complaints, that he can be consulted at 649 Clay Street, on every variety of Disease of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all

SPECIAL DISEASES. Of which the list is numerous, and which are more directly connected with general health than the majority of people are aware. Unhappy invalids for years persist in concealing their condition from a motive originating in mistaken delicacy. In the complaint continually increasing, their miseries become too acute to be repressed, and mental and physical debility unite the sufferer for the active duties of life. This latter type of affliction manifests itself in the complaint professionally known as Syphilis, in all its forms and stages; Seminal Weakness, and all the distressing forms of Self-abuse, Gonorrhoea; Gonorrhoea, Gleet, Stricture, Nocturnal and Diurnal Emissions, Sexual Debility, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc. The number of persons suffering from these horrible diseases, in whom the Doctor has effected a radical cure, can be counted by the thousand, and the voluntary certificates in his possession, received from persons he has restored to health, are enough to satisfy all that the Doctor's skill in the treatment of these affections, enables him to warrant speedy cures, even in obstinate cases.

He has restored to health, and enabled to resume their usual avocations, a large number of persons who were regarded by the majority of Physicians as utterly incurable, now restored to health, and when prescribed by the intelligent Practitioner, who makes the human system, and these special ailments, his constant study and subject of observation.

In no case is publicity permitted except they express wish of the patient; and the Doctor ardently trusts that his long experience and successful practice will continue to insure him a liberal share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most effective and successful remedies against diseases of all kinds.

He cures without mercury, charges moderate fees, treats his patients in a correct and honorable way, and has references of an unnumberable variety, from men of known respectability and high standing in society. All persons who may consult him by letter or otherwise, will receive the best and gentlest treatment.

To Females. When a female is afflicted with disease, as weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, palpitation of the heart, irritability, nervous prostration, diseases of digestive functions, general debility, all diseases of the womb, hysteria, sterility, and all other diseases peculiar to females, she should write at once to DR. W. K. DOHERTY, at his Medical Institute, and she will receive every possible relief and help.

Let not the delicacy prevent you, but apply immediately, and have your sufferings relieved and premature death.

To Correspondents. Patients (male or female) residing in any part of the country, however distant, who may desire the opinion and advice of Dr. Doherty in their respective cases, and who think proper to submit a written statement of such, in preference to holding a personal interview, will be respectfully assured that their communications will be held most sacred.

The Doctor is a regular graduate, and may be consulted with every confidence for a full and complete personal communication will, in most cases, be unnecessary, as instructions for diet, regimen and the general treatment of the disease, and the remedies, will be forwarded without delay, and in such a manner as to convey no idea of the purport of the letter or parcel so transmitted.

Should your condition require immediate attention, send ten dollars in coin, (or that value in currency) by Mail, or Wells, Fargo & Co's. Express, and a package of medicines will be forwarded to your address, with the necessary instructions.

Consultations, at the office or by letter FREE. Address W. K. DOHERTY, M. D., San Francisco, Cal.

P. S.—The Doctor will send his pamphlet on Special Diseases, to any address, on receipt of six cents in postage stamps, for return postage. may 29 1/2
