ANOTHER OPPORTUNITY FOR THE RELIEF OF THE AFFLICTED.

The Surgeons of the National Surgical Institute, located in Indianapolis; Pacific Division, Alhambra Building, Bush street, San Francisco, have yielded to the many urgent appeals from their patrons and friends in Oregon and Washington Terri-tory and adjoining regions to revisit Port-land. The former visit was highly satisfactory and encouraging, many of the pa-tients then accepted for treatment being this quirely cured, while records flow prirely cured, while hearly all are greatified and in a fair way of re-ewery. These or more of the Surgeons will be at the Cosmopolitan Hotel in Port-tand, Oregon, from Monday, the 28th day of August, until Saturday, the 2d of Sepember, Mx days inclusive.

They will have with them a great

amount of surgical apparatus, appliances etc., and competent assistants and work men to change, fit, and make such ap paratus as may be required. The will come especially prepare i to treat al-surgical cases; Paralysis, all kinds of deformitles of the Face, Spine and Limbs Diseased Joints, Diseased Eyes, Privat Diseases, Piles, Fistula, etc. All who wish to avail themselves of the advant ages of the Institute, withou journey to San Francisco or Indianapolis should do so at this time. No cases will be undertaken without a fair hope of relief. It is needless to say that the institu-tion is entirely responsible, and the lar gest and most popular kind in America, curing thousands annually. Remember the time and place and come early. Send to the Institute for circular.

Liver Complaint.

By R. V. Pierce, M. D., of the World's Dis pensary, Buffalo, N. Y., Author of "The Peo ele's Common sense Medical Adviser, "etc.—The Liver is the great depurating (purifying) organ of the system, and has very appropriately been termed the "housekeeper" of our health. I have observed in dissecting-rooms, and also in making post-mortem examinations of the bodies of those who have died of different diseases that in a large proportion of cases, the liver has given evidence of having at some time been diseased. Liver affections are equally prevalent in beasts. Every butcher knows that th livers of cattle, sheep, and swine, are ten times as frequently diseased as any other organ. A healthy liver each day secretes about two and a half pounds of bile. When it becomes torpid congested, or if, from any cause it be disabled in the performance of its duties, it is evident that the elements of the bile must remain in the blood, thus irritating, poisoning, and perverting every vital process. Nature attempts to rid the system of these noxions material by means of other organs, as the kidneys, lungs, skin, te., which become overtaxed in performing their additional labor, and are unable to withetand the pressure.

The brain, which is the great electrical center of all vitality, becomes overstimulated with unbealthy blood and fails to normally perform its functions. Hence there is dullness, headache impairment of the memory, dizziness, gloomy forebodeings and irritability of temper. As the blood is diseased, the skin manifests discolored spots, pimples, blotches, boils, carbuncles, and scrofulous tumors. The stomach and bowels, sooner or later, become affected, and constipation, piles, dropey, dyspepsia or diarrhea, is the inevitable result.

SYMPTOMS OF LIVER COMPLAINT. A sallow color of the skin, or yellowish-brown spots on the face and other parts of the body duliness and drowsiness, with frequent headache: dizziness, bitter or bad taste in the mouth, dryness of the throat, and internal heat; palpi tation of the heart, a dry, teasin & cough, raising the foed, and a choking sensation in the throat sigkness and vomiting, distress, heaviness, and a bloated or full feeling about the stomach and sides; aggravating pains in the sides, back, or breast, and about the shoulders; colic pains and soreness through the bowels; constipation, all ternating with diarrhora; piles, flatulence, nervotness, coldness of the extremities, rush of SOFT WHITE APPEARANCE symptoms of apo numbness of the limbs (especially at night), and chills, alternating with hot flasnes; kidney and other urinary difficulties, dullness, low spirits, and gloomy forebodings. Only a few of these symptoms will be likely to be present in any case at one time.

THEATMEN.T-Take Dr. Pierce's Golden Medical Discovery, with small doses of his Pleasant Purgative Pellets, which act as an alterative on the liver. For Liver Complaint and the various affections caused by a diseased liver, these remedies are unsurpassed. The Golden Medica-Discovery does not simply palliate the disease but it produces a lasting effect. By its use the liver and stomach are changed to an active, blood purified and enriched, and the entire system renovated and restored to health.

The Discovery is sold by druggists, E. V Buffalo, N. Y.

Don't Poison Your System

and agreeable substitute, Hostetter's Stomach Bitters, which, whether it is used to remedy or prevent malarial fevers, overcome general debility, or to correct torpidity of the liver and bowels, will in every case be found fully adequate to the wants of the sick and feeble. It entirely removes dyspeptic symptoms, and by stimulating the flow of gastric juice, facilitates digestion and insures the conversion of food into blood, whereby the system is efficiently nourished and regains its lost vigor. This great vegetable restorative has received the endorsement of men of science, the press has repeatedly borne voluntary testimony to its excellence, and the public has long since given it the preference to every medicing of its kind.
