

WEEKLY OREGON STATESMAN

FRIDAY : : DECEMBER 1, 1876.

From Wednesday Morning's Daily.

LOCAL NOTES.

Wheat \$2½ cents.
Rivers falling slowly.
Ploughs yesterday—overhead.
There can be no excuse for lying.
County court convenes next Monday.
A. S. Rowland has bought Dave H. Smith's
back outfit.

If you want a scientifically mixed drink go
to the Belvidere.
The bar room of the Chemeketa is being fitted
up in elegant style.
The Wilton dramatic troupe is in Southern
Oregon, headed this way.

The Occident, Capt. Miles Bell, bringing up a
big crop of passengers Monday night.

A Piety Hill belle has had her party dress
made over six times, since the 1st of September,
to keep in style.

Charles H. Bowler announces himself, this
morning, as a candidate for City Treasurer, at
the coming city election.

RECEPTION OF HON. A. J. DUFUR.

The undersigned, appreciating the valuable
services of Hon. A. J. Dufur in connection with
the Oregon exhibit at the Centennial, and hearing
that he will be in this city to-day, invite the
ladies and gentlemen of Salem and vicinity to
meet at the parlors of the Chemeketa Hotel at
7 o'clock this evening to receive that gentleman
and extend a cordial greeting and welcome home.

Addresses of welcome and response,
and a pleasant hour may be expected:

Geo H Jones,
John Minto,
J E Dimick,
Henry Smith,
John Stowman,
Geo W Munt,

Thomas Cross,
J M White,
James Tatton,
P S Knight,
L J Grover,
A B Crossman,
W Martin,

W P Keedy,
T Cunningham & Co.,
Lorenz Farnum,
John W Gilbert,
Farmer Bros,
C Jafayage,
W H Gilfry,
Geo A Edes,
H M Hatch,
M M Chapman,
Ben Strong,
J W Weatherford,
T M Gatch,
P O Norton,
John Minto,
John G Wright,
J E Hirsch,
John Gray,
John Meyer.

The above call was circulated last evening
when it was not easy to find many citizens, or
the list would have been much longer.

At a meeting of the Board of Managers of
the State Agricultural Society, held last evening,
a resolution was introduced, and unanimously adopted,
to attend the above reception
in honor of Mr. Dufur.

Congregational Sociey.

Still the "work goes bravely on," in the way
of extensive preparations for the Congregational
festival to-morrow, Thanksgiving evening.

To-day the work of decorating will commence,
at the Opera House, while many a neat
housewife will be in "dough" up to her elbows
getting the rare dishes of "Old New England"

ready for the range. Among those who will
take part in the entertainment, is Prof. Wege,
whose readings during the meeting of the State
Teacher's Institute last fall, so took our citizens
by storm. A curiosity table will be spread but
all the "Paul Prys" in the city can't find out
anything about it until the time comes. Let
everybody get ready for a good time and go,
and we will wager that they will have it to their
heart's content.

NOTICE.

The report published recently in the Port-
land papers that steamboat captains refused to
take wheat from the Farmer's warehouse in
this city, is incorrect. Mr. Hansen, the super-
intendent informs us that he has no difficulty in
shipping whatever he wishes. This report
doubtless grew out of the fact that the base
of Scott's line of steamers exploded a few days
since, and was not repaired. Arrangements
have been made for Captain Cochran's new line
to land regularly at the Farmers' dock, as soon
as they commence running.

Thanksgiving Services.

We are informed that the ministers of the
different religious denominations in this city
have decided to hold union services on Thank-
sgiving day. Rev. H. P. Peck of the Wesleyan
Church, will deliver the sermon, the other ministers
assisting in the services. The union services will be held in the Christian
Church, corner of Center and High streets,
commencing at 10:30 A.M. All are cordially in-
vited.

Shoulder Dislocated.

Mr. H. Jevons, the son of Old Fellow's
shoulder, had his shoulder dislocated yes-
terday, by the running away of a team he was
driving. The accident occurred near the South
Salem church, and was caused by a colt he was
breaking in the team, becoming unmanageable
and making a rush for the brush. Dr. J. W.
McAfee reset the broken bone and Mr. J. was
at last accounted doing as well as could be
expected.

Officers Elected.

The Board of Managers of the State Agricul-
tural Society, now in session in this city, were
yesterday made the following appointments: Ex-
ecutive Committee, E. M. Wade, Below Jefferson,
John F. Miller, Chief Marshal, R. A.
Irving, of Linn county; Marshal of Pastures,
D. D. Prettyman of Polk county.

PROPERTY BONANZA.

Mr. Harry Sampson, of the firm of Boothby
& Sampson, has purchased the property formerly
occupied by Mr. Whittley, on the corner of
Center and Front streets. We learn that it
is Mr. Sampson's intention to erect a handsome
residence the coming spring upon the property.

From Thursday Morning's Daily.

LOCAL NOTES.

Wheat, 55 cents.
Collection day to-morrow.
Thanksgiving day in the morning.

S. Friedman deals in goods of every descrip-
tion.

Subscribe for the DAILY STATESMAN for the
holidays.

The Capital of Oregon needs a good circulat-
ing library.

The public schools are closed for the balance
of the week.

The Mount Jefferson Pass Wagon Road will
soon take shape.

The Overland store is the place for great bar-
rels in dry goods.

Buy your Sunday-go-to-meeting clothes at
Murphy & Crossman's.

Fresh Shadwater and Yaquina Bay oysters in
every style, at Höbert's.

Before buying groceries, glassware or crock-
ery, call at J. G. Wright's.

Attend the Congregational festival, at the Oper-
a House, this evening.

W. W. Martin expects, by the next steamer,
a large supply of silver ware.

Greenbacks and government securities bought
and sold by C. W. Shaw & Co.

The Belvidere is the place to get an appetizer
for your Thanksgiving dinner.

Calls and see those beautiful chans, pins and
sets just arrived at the Dollar store.

On this day of Thanksgiving drop into Sam
Adolph's and try a quart of his ale.

Breyman Bros' close to day, will open up
tomorrow morning bright and early.

Weatherford & Co.'s "Wigandia" will cure
any cold or cough you may have in the house.

Everything from the vegetable kingdom may
be found at Frank S. Hayey's, at the Opera
House.

If you haven't got an invitation out to-day,
go to Pete Emerson's for your Thanksgiving
dinner.

Those elegant hats that you will see on the
promenade to-day, were purchased at Mrs. E. W.
Morley's.

The Commercial, under the management of
Mr. Wesley Graves, is running full, and still
there is room.

Mr. John Chase, of this city, is delighting the
Corvalites with his astonishing gyrations on
roller skates. So says the Gazette.

The Chemeketa was illuminated last evening,
from "cover to cover," in honor of Hon. A. J.
Dufur, and the winning of the Court House
suit.

Our flag was flying to the breeze yesterday,
upon the reception of the intelligence that the
Court House suit was decided in favor of the
county.

TURKISH BATHS.

Editor STATESMAN—I am glad to learn that
Mrs. Davis has opened her house for giving
Turkish baths in this city, and as there may be
many persons who do not understand their
merits, a few words upon the subject seem necessary.

These baths are preventative as well as curative,
and have the virtue to eradicate many diseases,
especially chronic ailments, without the use of
medicine. Even for a common cold, it is
worth while to take a Turkish bath, since if
neglected, inflammatory and chronic ailments
may result, ending in ruined health and often
death. For rheumatism and the most terrible
of diseases, neuralgia, it acts like magic, because
diseases of all kinds, and especially rheumatism
and neuralgia, are caused by obstructions which the bath will so effectively
remove. But the Turkish bath is not for invalids
alone. Persons in good health, desiring to
continue so, should take these baths quite frequently.
Nor is this all. Persons inclined to melancholy
will find them a sovereign balm to the
"blues." One half the cases of suicide
would not occur if all would use the Turkish
bath. Finally, as cleanliness is next to Godliness,
no one can be strictly moral who has not
taken this.

Twenty-five thousand shares of this new man-
aging organization was put on the Portland market
one day last week, and every share offered
was sold in less than three hours. From what
is known of this mine, which is located at
Quarterville, its proprietors argue big results as
soon as active work commences in the spring.

OREGON MINING NEWS.

OUR WEEKLY REPORT.

TELLURIUM.

A letter received from Mr. I. N. Muney, Super-
intendent of the Tellurium Mining Company,
dated Canyonville, November 23, contains
the following in regard to the progress of work:
"Thinking that those interested in the

Tellurium quartz mine would like to hear how
we are getting along with the work on the mine,
I have thought best to write you, as it will save
me much time and writing. We are running
night and day with three shifts, sinking a shaft.
We are now down about fifty feet. Water has
been coming in very fast for several days past,
and has been running in at the rate of one hundred
gallons per hour. For two days it ran in at the
rate of one-hundred and twenty gallons per
hour. We have been getting out some rich ore
as rich as ever taken from the ground, to be
carried out at all, and as we go down the ore
increases in richness—the last ore being the
best. The ore contains gold, silver and copper."

ENGLISH MINING CO.

A letter from Josephine county says: "The
English Mining Company, and other companies
are running their mines to the fullest capacity,
and are paid well for the money invested.

Other mines in other parts of the country are
being worked to advantage, and should this
winter, like the last, be a rainy one, (which is
nothing more than probable from present indica-

tions,) there will be a greater amount of gold
taken out than for many years past."

THE ESTHER.

Reports received from the Esther mine, on
which a quartz mill is pounding away night
and day, state that another "clean up" will be
made in a few days. It is also stated that Dr.
Bunnell, Superintendent of the mine, expects a
valuable return from this "clean up," exceeding
what has been obtained from previous "cleanups."
The quality of ore crushed by the mill during the past month
has been of a first-class quality, such as the
vein now being worked shows upon its entire
surface. This vein is over three feet in width,
containing large quantities of silver, and showing
free gold plainly to the naked eye.

Six thousand shares were sold in Rosenberg
last week. The stock belonged to Mr. Joseph
Stevens, and was purchased principally by
Mr. Wesley Graves, is running full, and still
there is room.

Mr. Van Geeser, returned yesterday, from
his San Francisco trip, singing "There is no
place like home."

Hon. O. N. Denny, of Portland, was regis-
tered at the Chemeketa yesterday.

Mr. Stearns, of the Portland Bee, called last
night, and expresses himself well fixed...

LUCKY QUEEN.

Advices from this celebrated mine continue to
be very flattering. Work on the lower tunnel
is being pushed rapidly forward, and the quartz
that is taken from the veins, which is to connect
the lower level with the one above, shows in-
creasing richness. Work is also being crowded
forward in the roll, which will be ready to
crush quartz in a few weeks.

Judge W. R. Willis made twelve assays, of
rock from this mine on the 16th inst., with the
following results: Three assays gave \$10.00 gold
per ton; two \$45 gold and \$28.21 silver; one
\$30.45 gold \$20.74 silver; one \$47.51 gold,
\$30 silver; one \$381.90 gold, \$81.24 silver; one
\$440.43 gold, \$72.75 silver; one \$357.27 gold
\$75 silver; two gave \$79.23 gold, \$13.88 silver.

What little stock there is in the market needs
with a ready sale at par.

WHITING BULL.

Twenty-five thousand shares of this new man-
aging organization was put on the Portland market
one day last week, and every share offered
was sold in less than three hours. From what
is known of this mine, which is located at
Quarterville, its proprietors argue big results as
soon as active work commences in the spring.

CARTER.

This company has the largest claim in extent,
and one of the richest in the Santiam district,
and is the farthest along toward development.

Work on the tunnel is progressing. A meeting
of the Board of Directors is soon to take place
to make arrangement to push the work as soon
as spring opens.

TEACHING IN ROSEBURG.

We clip the following in relation to Miss Alice
M. Scott, the beautiful and accomplished daughter
of Mr. H. B. Scott, of this city, from the

Roseburg Plaindealer, of last Saturday, which sat-
tled the question of her marriage.

Twenty-five thousand shares of this new man-
aging organization was put on the Portland market
one day last week, and every share offered
was sold in less than three hours. From what
is known of this mine, which is located at
Quarterville, its proprietors argue big results as
soon as active work commences in the spring.

LEWIS PARKES.

Twenty-five thousand shares of this new man-
aging organization was put on the Portland market
one day last week, and every share offered
was sold in less than three hours. From what
is known of this mine, which is located at
Quarterville, its proprietors argue big results as
soon as active work commences in the spring.

WEIL.

Twenty-five thousand shares of this new man-
aging organization was put on the Portland market
one day last week, and every share offered
was sold in less than three hours. From what
is known of this mine, which is located at
Quarterville, its proprietors argue big results as
soon as active work commences in the spring.

WILLAMETTE UNIVERSITY.

1876-'77.

SECOND TERM begins November 13, 1876.

Third term begins January 29, 1877.

Fourth term begins April 2, 1877.

For full information address REV. J. H. ROBERTS, Agent,

611 T. M. GATCH, President, Commercial St., Salem, Oregon.

IMPORTANT NOTICE.

All persons knowing themselves indebted to the
undersigned are requested to settle by cash or
note on or before December 12, 1876, or credit will be
refused hereafter.
