JACKSON-In Contreville, Washington county, Oregon, January 22, 1877, Andrew Jackson, and 14 years, grandson of Samuel Parker, of this city.

McMANUS. In Portland, Jan. 20th, 1877, Miss Margaret M. Manus, to religion Sister Mary Ce-cella, at the Convent of the Most Holy Names Our renders will remember Sister Cocella as the daughter of Patrick McManus, of this city, a beautiful young lady, a graduate of the Academy of the Sacred Beart of this city, and who took the veil about two years since. Her age was about 20 years. Her remains were brought 50 the 83. Paul's church yand, near Gervins, vester-day, where they were entered with the salemn rice of the Catholic church, to which she had de-voted her young life.

Schenck's Pulmonic Syrup, Sea Weed Tonte

AND MANDBAREPHAS. These deservedly celebrated and popular medicines have effected a revolution in the healing art, and proved the fallacy of several maxims which have for many years obstructed the progress of medical science. The false supposition that "Consumption is incomple" deterred physicians from attempting to find remedies for that disease, and patients afflicted with it reconcile themselves to death without making an effort to escape from a doom which they supposed to be unavoidable. It is now proved, however, that Consumption can be cured, and that it has been cured in a very great number of cases (some of them apparently desperate ones) by Schonek's Pulmonic Symp alone; and in other cases by the same medicine in connection with Schonek's Sea Weed Tonic and Mandrake Pills, one or both, according to the requirements of the fallacy of several maxims which have for many

Dr. Schenck himself who enjoyed uninter-rupted good health for more than lorty years. was supposed at one time to be at the very gate of death, his physicians having pronounced his case hopeless, and abandoned him to his fate. He was curred by the aforesaid medicines, and

He was sured by the aforestid medicines, and since his recovery, many thousands similarly affected have used Dr. Schenck's preparations with the same remarkable success.

A Relief Without a Doctor.

Though we would by no means be understood as deprecating but rather as recommending. professional aid in disease, there are multitudes of instances when it is neither necessary or easy to obtain. A family provided with a comprehensive household specific like Hostetter's Stomach Bittors, is possessed of a medicinial resource adequate to most emergencies in which medical advice would be otherwise needful. That sterling tonic and corrective invariable remedies, and is authoritively recommended for debility, indigestion, liver disorder, an irrigular habit of body, arinary and uterine troubles, incipient rheamatism and gout, and many other aliments, of frequent occurrence It eradicates and prevents intermittent and remittent fevers, relieves mental despondency, checks premature decay, and invigorates the extremely useful in overcoming the effects of exhaustion and exposure.

Tonic.

Every one, at times, feels the necessity of some restorative of the vital powers, depressed by mental or bodily exhaustion. In such conditions, let every one, instead of flying to the alcoholic or medical stimulants, which must be followed by depression equal to their excitement reinvigorate his derapged system by the natural tonic elements of the Fernylan Syrup. Sold by all druggings.

Unsolicited Testimony.

Famerica, Me., April, 28, 1861. Gentlemen-beeing numerous certificates in the Maine Farmer, endorsing the merits of the Great Long Romody, Wistar's Baisam of Wild Cherry, I am induced and 1 take great pleasure in giving publicity to the great cure it accomplished in my family in the year 1856. During the summer of that year my son, Henry A. Archer, now postmuster in this place, was attacked with spitting of blood, cough, weakness of lungs, and general debility, so much so that our family physician declared him to have a "seated consumption." He was under medieal treatment for a number of months, but reonived no benefit from it. At length, from the solicitation of himself and others, I was induced to purchase one bottle of Wistar's Balsam of Wild Cherry, which benefitted him so ing expanded itself, no more oil was used. much I obtained another, which in a short time restored him to his usual state of health. I can safely recommend the remedy to others in like condition, for it is, I think, all it purports to be

Wagon Road Meeting.

The mass meeting called at the Opera House Monday evening was very fully st-tended. The meeting was organized by the selection of J. H. Bridges as Chairman, and J. W. Redington, Secretary. The object of the meeting was to take into consideration the matter of raising funds for building a wagon road across the Cascade mountains over the Minto, or Mount Jefforson, Pass. A number of gentlemen addressed the meeting, pledging their means and influence in aid of the enterprise. Messrs, G. H. Jones, C. A. Reed and John Minto were appointed C. A. Read and John Minto were appointed a committee to draft and submit an address rest of resolutions for publication. The committee adopted the following:

Resolved, That the time has fully come

when the interests of the people of this por-tion of the Willamette Valley will be by them sadly neglected to longer datay the opening of a good wagon road to Eastern Oregon, by Nature's highway through the Cascade range of mountains—the route of

the Santiam river.

Western and Eastern Oregon
Resolved. That in our opinion with this
road to the Des Chutes river, the Willamette
Valley would get a large immigration yearly from the East, who would come by rail
to the most practicable points in Nevada for
fitting up for overland travel, and thence across the mountains, a distance not as fa and by a better natural road than from the Sacramento to the Willamettee Valleys.

Sacremento to the Willamettee Valleys.
Resolved, That it is to the pecuniary interests of the farmer, the stock grower, the mechanic, the merchant and the banker, equally alike, to give this enterprise speedy and mutual aid, for without a combined effort to the whole people the kind of road required as a general thoroughfare, a people's highway from east of the mountains to the garden of Oregon, can pever be made. den of Oregon, can never be made.

HOME LIFE A HUNDRED YEARS AGO. One hundred years ago not a pound of co or a cubic foo' of idluminating gas had bee burned in the country. No iron stoves was used and no contrivances for economizing heat were employed until Dr. Franklin in vented the iron framed fireplace which st bears his name. All the cooking and warn ing in town and country were done by th aid of fire kindled on a brick hearth or in the brick oven. Pine knots or tailow candles furnished the light for the long winter nights, and supplied the place of rugs and carpets. The water used for household purposes was drawn from deep wells by the creaking "sweep." No form of pump was used in this country, so far as we can learn, until after the commencement of the present century. There were no friction matches in those early days, by the aid of which a fire could be easily kindled, and if the fire "went out" on the hearth over night, and the tinder, was damp so the spark would not catch, the alternative remained of wading through the snow a mile or so to bora brand of a neighbor. Only one room in any house was warmed unless some of the family was ill; in all the rest the temperature was at zero during many nights in the winter. The men and women of a bundred years ago undressed and went to their beds in a temperature colder than that of our modern barns and woodsheds, and they never complained.

Another Good Word for Oregon.

The Boston Journal of Commerce, has the following, after making some remarks of a general character it says :

"These reflections I was led into by examining some osts and a sample of oatmeal sent to the Exhibition by McLeran Bros., of Portland, Oregon. This exhibit is perfectly matchless of its kind. The oats of Oregon must reach a perfection unknown to the rest of the world, and they make into meal of wonderful strength and substance. A dis-tinguished chemist, who likewise examined this display, told me that the meal which these parties showed had from 10 to 15 cents per cent. more gluten than any other he had seen, and that it was possessed of nutritive properties directly proportionate. The weak and effete soils of the East cannot grow such broadstuffs as these: In addition to these natural advantages the McLeran Brothers have a thorough knowledge of the business employ first-class machinery and put brains as well as outs into their product. The Jury of swards were highly pleased with the great merits of this meal and awarded to its diploma of the very highest merit, with the grand medal of honor. The address is McLeran Bros., Front street, Portland, Ore-

He wants a horse of all work—for he can't afford to keep a ponderous draft team, and then a buggy horse, and a saddle horse, and a carriage team; but he wants a horse of suffi-cient size, strength, activity, action, to fill all these places. This is the kind of horse that is needed upon the farm. Breeds of horses can be improved just as well as breeds of cattle, sheep or swine. > During a severestorm off the Cape of Good Hope, the captain of the King Ceurie, 1,400 tons, determined to make trial of throwing oil upon the water. Two canvas clothes bags were obtained, and into each two gallons of fine oil was poured, the bags being punctured slightly, and flung one overeach quarter in tow of the vessel. The effect was magical; the waves no longer broke ever the poop and sides of the ship, but several yards away where the oil had spread itself over the surface, and around the poop in the wake of the yessel, was a large circuit of calm water. The crew were thus able to repair the damage with greater ease, and the ship was relieved from the tremendous shocks she had previously received from the heavy seas. The two bags lasted two days, after which, the worst fury of the gale hav-

CENTAUR LINIMENTS.

The Quickest, Surest and Cheap est Remed es.

Physicians recommend, and Farriers declare that he such remedies have ever before been in use. Words are cheat, but the preprietors of those articles will resem trul bottles to medical men, grain, and will guarantee more rapid and sulf-shetory results than have ever before been obtained. The Centaur Liniment, White Wrapper,

will cure F benmatten, Neuralgia, Lumbaco, Seisactica, Caked Breusts, Sore Nipples, Frosted Feet, Chillblatus, Swellings, Soratus, and any ordinary PLESH, BONE AND MUSCLE AILMENT.

It will extract the polson of bites and strings, and beal burns or sealds without a war. Locking, Palsy, Weak Back, Caked Breasts, Earache, Pootbache, Beh and Cutaneous Eruptions readily yield to he treatment.

Houry Black, of Ada, Hardin Co., Ohio, says: "My wile has had rheumatism for five years—no rest, no sleep, could scarvely walk across the floor. She is now completely cared by the use of Contant Liniment. We all fee, thankful to you, and recommend your wonderful medicine to all our friends."

our friends."

James Hurd, of Zanesville, O., savs: The Centage Liniment cored my Neuralgia."

Afred Tush, of Newark, writes: "Scod me one dozen bottles by express. The Liniment has savel my leg. I want to distribute it, &c."

The sale of this Liniment is increasing rapidly.

The Centaur Liniment, Yellow Wrapper is for the tough skin, flesh and muscles of HORSES, MULES AND ANIMALS.

HOESES, MULES AND ANIMALS.

We have never yet seen a case of Spavin, Sweens, Ring-hone, Windspall, Scratches or Poll-Erd, which this Liniment would not speedily benefit, and we never saw but a low cases which it would not care. It will one when anything can it is folly to spend \$20, for a Farrier, when one dollar's worth of Centaur Lieiment will do better. The following its a sample of the testimony produced:

"HES.—I have tried the Castoria and can speak highly of its merits. It will, I hank, do away entirely with Castor Oil; it is pleasant and harmless, and is wonderfully efficacious as an apprient and inxative. It is the very thing.

The Castoria destroys worms, regulates the Stomach, curses Wind Colle, and permits of natural healthy sleep. It is very efficacious in Crong, and for Teething Children. Honey is not pleasanter to the Laste, and Castor Oil is not so certain in its effects. It costs but 35 cents, in large bottles. J. B. ROSE, & Co., 46 Dey St., New York. Oct 1-134
