The Probabilities.

CHICAGO, Feb. S .- The Tribune's settled on the same principle as Florida seems likely to be, will give the election to Tilden. Lamar, to a confidential friend says, unreservedly, there is little hope that the tribunal will secure Tilden's election Southern Representatives generally share almong the Southern Democrats that the success of Hayes would result in considerable dissatisfaction of the Democrats that it is success of Hayes would result in considerable dissatisfaction of the Democrats that the success of Hayes would result in considerable dissatisfaction of the Democratic for their opinion as to its bearing on the Louisiana and Oregon cases replied simply that it makes the decision on both of them absolutely certain for Hayes and wheeler.

Jones and Sharon agree in this estimate of its future effect.

Mitchell not only concurs in the same opinion, but is enthusiastic in asserting when a sale double of the Cronical services of the Cr Southern Representatives generally share this opinion. There is no concealment among the Southern Democrats that the success of Hayes would result in considerable dissatisfaction of the Democratic party of the South, especially in the cotton States. The tribunal are as absolutely partisan, except Justice Bradly, as any body of men ever convened. Bradley is really the President maker. He decides everything even to adjournment, as to-day when, after arguments were finished, the Republicans all wanted to hold a night session, but the Democrats voted to adjourn; Bradley voted with them for the

Blankets were hung over the win-Prescott. None but fools or knaves would assert such a base falsehood. News says that Indians have just stolen stock there and piteous appeals come for help.

New Mines.

SANIA ROSA, Feb. 8.-The Democrat this evening contains the following from a special correspondent: You have heard of the gold mines above Ukiah, near Calpella. Visiting them a few days ago, I WALL PAPER was astonished at the extent of preparations to work them by the owners of the claim. In prospecting the rich gulch and surrounding hills, the color can be ob-tained almost anywhere.
