Rand's New York City Business Directory.

This is the title of a valuable work of commercial reference, just issued by Walter Hough & Co., Printers and Publishers, of 14 Park Place, New York. It contains a full and complete list of all the Importers, Jobbers and Manufacturers doing business in the great metropolis, classified and arranged by Trades and Occupations, and giving their street and number address. It is an invaluable work for the Country Merchant. It tells him where to obtain anything from a needle to a steam engine, of first or second hands. The work will be sent by the publishers to any address, postage prepaid, upon the receipt of the price, which is as follows: Cloth, full bound Edition, per copy, one dollar; flexible cloth bound, seventy-five cents; paper covers, fifty cents.

Templar Items.

Rev. J. H. Bell, a short time since, organized two lodges in Josephine county, and A. C. Cooper one in Yamhill. Ashland Lodge, No. 189, is the banner lodge, reporting 136 members a gain of 20 in the quarter. Multnomah, No. 12, reports 76 members being a gain of 31 in the quarter. Western Star, West Union, Harmon, Lake Creek, Crystal, Riverside, Umatumont, Brooklyn and a number of others are making rapid gains in number of members. In Eastern Oregon a number of new lodges have recently been organized.

Beth Rock.

We were shown by Messrs. Reed & Cox, Brothers, yesterday, some very rich rock received by them from the Esther mine, also some rock from another claim known as the "Corder" claim—property of the Esther Mining Co.—and from the prospecting done, is opening out on some very fine rock, showing fine gold to the naked eye. Reed & Cox have stock of the Esther and Lucky Queen Mining Companies for sale in quantities to suit.

Married.

At the residence of the bride's father, Amos Colver, Albany, February 27, 1877, by Elder Powell, Joel P. Geer and Miss Calista E. Colver. Joel P. Geer is the youngest son of the old Patriot, J. C. Geer, Sen. of Battieville, the head of the largest family in Oregon, and a relative—youngest brother—we believe of R. C. Geer of this country, who is one of our most reliable farmers and as straight as an arrow on the Hayes question.

Esther Election.

The Esther Mining Co., at its annual meeting, held Feb. 23, elected Henry Byars, President; Aaron Rose, John Rast, Henry Byars, J. F. Watson and Thos. Beale, Directors. The stock was nearly all represented, a great deal of interest manifested, and the election harmonious.

Billiard Room.

Fully up in everything, that tends to the comfort and convenience of his guests, Mr. Mathews of the Chemeketa, has fitted up a nice, cosy billiard room in the house. Tables, "latest touch," and all the surrounding first-class.

Chemeketa.

It is one of the secrets of successful hotel-keeping to know how, and Mathews has learned that secret—charges nothing for it, but a once, without effort, makes you "at home."

Why Not?

Splendid weather—all nature smiles, likewise the Republicans.

Blue Glass.

The genuine article can be found by interviewing any of our Democratic friends. Yes, very blue.

Stouffer as assistant editor; Charles Johns and F. M. McCulley, business managers.

FAIR AND REPUTATION.

It is said that the greater number of the leading lawyers on either side of the electoral question are volunteers, asking and receiving nothing but that which nationally attaches to a scheming well-planned advertisement: fame now and glory hereafter, and it were better possibly for some of our Oregon lawyers, if there were no benefits.

VERMONT CHIEF.

Mr. Alvin Cardwell, of Jackson county, will soon arrive in this city with the beautiful edition "Vermont Chief," who is pronounced by horse men the finest animal ever brought to the State. Mr. Cardwell proposes to stand him here during the season.

GIRL OF THE PERIOD.

Girl of the period—Election Bet.—Exchange. We thought her name was Louisa Ann.—Norristown Herald. No; it is Flora Day.—Fishkill Standard. It appears to be S. Carolina.—Yonkers Gazette. Or it might be Miss Sippie—Fulton Times. Or what would you say to May N. or Rhode Island, or Dela Ware, or Mary Land, or India Anna?—Rockland Courier.

The snow-plough used on the Union Pacific road to clear the tracks is about as big as a two-story house, weighing from 45,000 to 50,000 pounds. With six or eight powerful engines behind it, running at the rate of forty miles an hour, when this enormous plough dashes into a drift it "makes the fur fly" gloriously.
