ing out war supplies for Russia.

channel across the bar at the mouth of  
the Columbia two feet deeper.

cutting off the queues of Coteans and  
forcing them to join the army.

run a cargo of coal into Vladivostok  
and officers of the vessel say it is easy  
to elude the Japanese.

The British steamer Sishan, from  
Hong Kong, has been seized by the  
Japanese off Niu Chwang. The Sishan  
carried a cargo of cattle and flour  
intended for Port Arthur.

It is reported that the fire of the Ja-  
panese land batteries have severely dam-  
aged four Russian warships in the  
harbor of Port Arthur. It is stated  
that one of the vessels was completely  
wrecked.

The Russians are displaying great  
activity at Mukden. The meaning of  
the move is in doubt.

A Japanese leader predicts a long  
struggle and expects that Japan will  
be out \$1,000,000,000 in two years.

Filipinos are holding meetings at  
Manila for the purpose of discussing  
ways and means of securing independ-  
ence.

the hold of the cruiser Washington, be-  
ing built at New York. It was extin-  
guished before serious damage was done.

A robber walked into the bank of a  
small town near Council Bluffs, Iowa,  
and after compelling the assistant  
cashier to hand over \$1,500, locked her  
in the big vault and departed.

secure ships to carry coal to Vladivo-  
stok.

The Russians have frustrated several  
attempts of the enemy to break  
through their lines.

The International Peace congress has  
made an earnest appeal to all nations  
to take steps to avert more wars.

The Japanese are feeling out the Rus-  
sian positions around Mukden and a

attempt will be made. Marines are  
stationed all around the boat and oth-  
ers on it.

According to dispatches from Okla-  
homa the South Canadian river is high-  
er than in 40 years. It is feared that  
the loss to cotton and corn crops and  
bridges, with other properties along  
the river, throughout the territory,  
will be enormous. No loss of life has  
been reported.

## PLEA NOT IN VAIN.

America Gains Another Victory in  
Russian Court.

St. Petersburg, Oct. 8.—Contrary  
to general expectations, the represen-  
tations submitted to Russia by the  
United States for the recognition, with-  
out discrimination, of American pass-  
ports have not been entirely fruitless.  
Foreign Minister Lamsdorff's response,  
communicated to Ambassador McCor-  
mick today, even creates the hope that  
something may actually be accom-  
plished.

After receiving consideration at the  
foreign office, the American note was  
referred to the high commission for  
general revision of passport laws, which  
was created by imperial ukase, in De-  
cember, 1903. All matters relating to  
passports and the exclusion of the Jews  
are governed by the international laws  
of the empire, and the question is out-  
side of the direct field of diplomatic  
negotiation. By referring the repre-  
sentation of the United States, compli-  
ance with which would involve a modi-  
fication of the passport laws, to the  
commission, which body is competent  
to act thereon, a decision of the question  
may be directly reached.

An official of the foreign office has  
been appointed by Count Lamsdorff to  
sit with the commission, thus insur-  
ing consideration of the international  
aspect of the question. Moreover, the  
commission will sit under the direction  
of the minister of the interior and Am-  
bassador McCormick, who had an ex-  
tensive talk with Prince Sviatopolk-  
Mirsky, the minister of the interior,  
upon the subject this afternoon. found  
him, as might have been expected from  
his recent public utterances, quite  
sympathetic.

## AUTO PLUNGES OVER BANK.

Train Strikes the Wreckage and  
Three People are Killed.

New York, Oct. 8.—While speeding  
along in the Bronx early this morning  
an automobile containing nine persons  
went off an embankment at One Hun-  
dred and Sixty-first street and Jerome  
avenue and two persons, a man and a  
woman, were killed. The machine fell  
on to the New York Central tracks,  
and the wreckage was struck by a south  
bound train.

In the automobile when the accident  
occurred were five women and four  
men. At Jerome avenue and One Hun-  
dred and Sixty-first street the roadway  
is between 30 and 40 feet above the  
railroad tracks. When the big ma-  
chine plunged downward it struck near  
the southbound tracks, and the nine  
persons and the automobile were caught  
by an incoming train.

Besides the two killed, all the others  
in the automobile were injured. They  
were taken to the Fordham hospital,  
where it was reported at 1:30 this  
morning that at least four of those hurt  
were in a serious condition.

One of the passengers on the train  
said that the train was running about  
35 miles an hour when it struck the  
machine. The machine was a heavy  
touring car, and it is said was running  
down Jerome avenue at a rapid rate of  
speed.

## STATION FOR COLUMBIA.

lishment of Wireless Telegraphy.

Washington, Oct. 8.—Admiral Man-

lishment of wireless stations for naval

addressed by him to the secretary of  
the navy some time ago, but just made  
public, shows the bureau already has  
established 22 stations along the coast.

## Chairman Tawney Coming.

Portland, Oct. 8.—James Tawney,  
chairman of the exposition committee of  
the United States congress, is to visit  
Portland next summer to attend the  
Lewis and Clark exposition. Mr.  
Tawney will be remembered as the con-  
gressman who stood by the Oregon de-  
legation at the time the exposition ap-  
propriation bill was brought up, and  
he is in a large measure responsible  
for the passage of the bill. Word of  
his intended visit was received yester-  
day by President Myers, of the state  
commission.

## Deathblow to Bullfighting in Spain.

ered to be the death blow to bull fight-  
ing in Spain.
