STIR UP PANAMA.

American Canal Commissioners
Anger Republic.

New York, Oct. 22.—A World spe-
cial from Washington says:

"Matters have reached a point where
a strong hand is required to prevent not
only open rupture with Panama but
scandal in connection with the canal
commission. During its short stay on
the isthmus members of the commis-
sion developed a feud among them-
selves, while they were involving the
administration in trouble with Panama
and the result will be that two or more
of the commissioners will be asked to
step out as quietly as possible after the
election.

"One of the two chief reasons for
sending Secretary Taft to the isthmus
clothed with plenary powers is that he
may fully investigate the conduct of all
the commissioners and decide which
ones shall be removed. The immediate
impelling reason for his trip is to re-
store friendly relations with Panama.
The president and Secretary Taft have
known all along of the friction between
the commission and Panama and be-
tween the commission and Mr. Barrett,
but it was not until Mr. Barrett sub-
mitted his report on isthmian affairs
that there was any suspicion that some
of the commissioners had been violat-
ing the president's orders. At the
same time, it was revealed by Mr. Bar-
rett's report that the isthmians are on
the verge of open revolt, with resort to
arms, against what they regard as the
high-handed and unwarranted actions
of the canal commission in direct vio-
lation of the canal treaty, both in letter
and spirit.

"The president was astounded at the
startling news brought by Mr. Barrett.
He sent for William N. Cromwell,
counsel for Panama. It was demon-
strated by Cromwell that the methods
employed by Admiral Walker and Gen-
eral Davis only served to anger the peo-
ple of Panama. The extent to which
those commissioners, who are elated for
reasons, have offended is not divulged,
but it is charged that some of them
have secretly conveyed information of
great value regarding prospective con-
tracts to favored firms."

LABOR IS SCARCE.

Louisiana Planters are Trying to
Secure Foreigners.

New Orleans, Oct. 21.—A great scar-
city of labor exists in Louisiana, and
the effect is being felt not only on the
plantations, but also on the extensive
levee work now in progress. Forty-
nine state and district contracts outside
of the work being done by the federal
government are under way. They
cover many miles of new levee and re-
pair work. Most of these contracts
are required to be finished by January
1, but the contractors are unable to
obtain laborers. Agents of the con-
tractors are in the city seeking hands.

There are also representatives of
planting interests here today to meet
the incoming steamer Liguria with
over 1,500 Italian immigrants. None
of these laborers are contracted for,
and the agents of the planters have
come to make terms with them as soon
as they leave the ship. Country ne-
groes continue to gravitate to the city,
and that is given as one of the causes
for the scarcity of labor.

LOST 50,000 MEN.

Japanese Have Suffered Terribly
at Port Arthur.

Chicago, Oct. 22.—A special to the
Daily News from Chefoo says:

According to a camp-follower, who
has been for some time with the Japa-
nese army now besieging Port Arthur,
and who is at present in Chefoo, hav-
ing arrived from Dalny, the number of
Japanese killed before the forts has
reached 50,000. He says the mikado's
men recklessly attacked the strongest
positions, making bold rushes in mas-
ses, the soldiers being stripped of their
accoutrements and clothing. The re-
sult was that the Russian machine guns
mowed them down.

He also asserts there is some talk
among the officers and men that leads
to the belief that the Japanese mean to
try to carry the inner forts and citadel
this month.

Supplies From Bay City.

San Francisco, Oct. 22.—Quar-
termaster Major Devoil has received in-
structions from Washington that here-
after San Francisco will be the point
from which all western posts will
receive their supplies. According to
the orders sent out by the department,
all depots in the western third of the
United States are to be abolished and
the 15,000 troops now located in West-
ern United States, Alaska and the
Philippines are to be cared for by one
station in this city. Supplies will be
kept sufficient to last a year.

Red Cross to Give Assistance.

Berlin, Oct. 22.—As a result of the
visit here of a delegate of the Russian
Red Cross Central committee, the Ger-
man Red Cross society has decided to
send further assistance to the seat of
war, and will erect a German hospital
at Irkutsk, Siberia, and will provide it
with military-ambulance trains. Ne-
gotiations are in progress regarding a
similar offer to Japan.
