the United States, held a conference of war, and the secretary of war invited the minister to accompany him on his trip to Panama. It is impossible to say exactly when the secretary of war can leave for Panama, but probably on November 14.

It is his purpose to go to Panama on the army transport Sumner from New York. Secretary Taft is authorized by the president to take with him whoever he pleases in connection with the work at hand, and while the personnel of the party has not yet been arranged it is thought it will be a large one. Representing Panama will be Minister Obaldia. Admiral John G. Walker will go as a representative of the canal commission. Judge Charles Magoon, the law officer of the commission and the bureau of insular affairs, and who has been of much assistance in framing orders and regulations for the canal strip, also will be of the party. The members of the senate and house committees dealing with the isthmian affairs will be invited. As the entire trip, it is expected, can be made inside of a month and little legislation is expected within the first two weeks of the approaching session of congress, it is believed the committeemen will find why Secretary Taft desires the committee's attendance is because he feels as years concerning the canal strip they will be better qualified for this important work by a personal knowledge of conditions on the isthmus.
