OF INTEREST TO OUR READERS

General Review of Important Happen-
ings Presented in a Brief and
Condensed Form.

Great Britain has ordered two of her
warships home from Canadian waters.

It was necessary to call out troops to
quell rioting students at an Austrian
university.

One hundred people went down with
a steamer sunk in a collision off the
coast of Algeria.

A French deputy slapped the face of
the minister of war in the house and a
free fight ensued.

A New York ferry boat went down
in a collision caused by dense fog, but
no lives were lost.

Britain has warned ship owners
against allowing their vessels to follow
the Russian fleet with coal.

The Oregon building at the World's
fair, which has been sold, will be used
by its purchaser for a summer resi-
dence.

A great relief is felt at St. Peters-
burg that the Japanese did not succeed
in taking Port Arthur on the mikado's
birthday.

The bombardment of Port Arthur has
ceased. The Japanese captured a num-
ber of important positions, but were
unable to hold them. The losses on
both sides were heavy.

The Oregon building at St. Louis has
been sold.

The Mukden situation remains un-
changed.

Pope Pius has almost completely re-
covered his health.

In the Canadian elections just held
the Liberals won a great victory.

The American arbitration treaty with
Italy will be ready for signatures in a
few days.

Great Britain may ask Admiral Dew-
ey to represent it on the North sea
commission.

President Roosevelt narrowly escaped
death while out riding by being thrown
from his horse.

The coroner's jury at Hull finds that
the Russian ships fired on the trawlers
without provocation.

America and France will be asked to
name a naval officer to serve on the
North sea commission.

Twenty-one British sailors ship-
wrecked on Massira island, near the
entrance to the Red sea, were massa-
cred by the natives.

The sinking of the Japanese battle-
ship Yashima by Russian mines off
Dalny last June has been confirmed by
the Tokio government.

Russia fears that Britain may yet
stop the Baltic fleet.

The California airship has made an-
other successful flight at the St. Louis
fair.

Great activity prevails in naval cir-
cles at Gibraltar, but Britain will not
explain its meaning.

The Russian squadron on the way to
the Orient carries, besides its regular
complement, a large number of land-
men.

It is claimed that Kuropatkin will
retreat when Oyama again attacks, hav-
ing the smaller number of men and
guns.

Bandits held up the Cody, Wyo.,
bank and killed the cashier. "Buffalo
Bill" will take the trail in pursuit of
them.

United States Minister Pearson, to
Persia, has emphatically reiterated his
demand for the just and proper pun-
ishment of those responsible for the
murder of Dr. Larabee, the American
missionary.

The sailing of the Russian squadron
from Vigo led the British public to be-
lieve the time was at hand for war.
The foreign office explained that Russia
was only to detain officers having knowl-
edge of the trawler incident.

The greatest battle of the war is at
hand near Mukden.

The Japanese are tightening the lines
around Port Arthur.

The Russian warships at Vigo expect
to remain for two weeks.

A Memphis, Tenn. building collaps-
ed, burying a number of persons.

"The jury in the Ames case has again
disagreed, and Minneapolis ex-mayor,
indicted for grafting, is likely to go
free.

Rothschild has guaranteed the suc-
cess of the entire loan of \$270,000,000
to be floated by Russia the first of the
year.

Russian papers are warning the pub-
lic not to be too sanguine of an entire-
ly satisfactory settlement of the trawler
affair.

DOOM IS AT HAND.

Port Arthur Must Fall Within a Very
Short Time.

Chefoo, Nov. 5.—"Port Arthur is
doomed."

The correspondent of the Associated
Press here has received information,
the reliability of which is beyond ques-
tion, that the Japanese now occupy po-
sitions which place the east side of the
town at their mercy.

Japanese arriving from Dalny today
report that the Japanese have captured
Rihlung mountain and Sungshu moun-
tain, which lies between the railroad
and Rihlung mountain. They also re-
port that the Japanese have also cap-
tured East Keekwan mountain.

The last assault has gained for them
positions which insure their ability to
enter the main forts whenever they are
ready. It is calculated by the Japan-
ese that if the Russians do not surren-
der, they will be capable of prolonging
their final stand at Liaotli mountain
and on the Tiger's Tail for a month
longer, with the mere hope of prolong-
ing the struggle. Long before the Sec-
ond Pacific squadron arrives the Japan-
ese flag will wave over the wrecked cit-
adel.

This will end Viceroy Alexieff's
dream of an unconquerable city. The
Japanese have not occupied the main
forts and highest points of the east
hills, but they occupy in overwhelming
numbers positions which will enable
them to drive the Russians back when-
ever they desire.

RUSSIAN OFFICERS AT PARIS.

Witnesses in the North Sea Incident
Confer with Diplomats.

Paris, Nov. 5.—Three officers of the
Russian squadron, including Captain
Clado, who are the principal witnesses
in the North sea incident, arrived to-
day from Vigo and went immediately
to the Russian embassy, where they
held a long conference.

Captain Clado was on board the flag-
ship with Vice Admiral Rojestvensky,
and was entrusted with the task of
drafting the official account. After
the conference the officers declined to
make any public statement relative to
the affair until the report is delivered
in St. Petersburg. However, it can be
stated that their visit more than ever
satisfies the Russian authorities that
the presence of two Japanese torpedo
boats was a positive fact, eye witnesses
maintaining that their identification
was unmistakable.

There continues to be an understand-
ing in Russian diplomatic circles that
two reports will be sent separately, one
from Hull and the other from St.
Petersburg, to The Hague for final
hearing.

IMPOSED ON LABORERS.

Swindling Employment Agent Is Ar-
rested in St. Louis.

St. Louis, Nov. 5.—George E. Hall,
of Kansas City, was today arrested by
a deputy United States marshal on the
charge of having obtained a fee of \$2
each from 200 laborers for securing
them employment and then sending
them to Alaska at their own expense to
work for a construction company that
did not exist. The specific charge
against him is that he used the mails
to defraud. It is alleged that Hall re-
presented himself to be an employer of
labor for the Alaska Yukon construc-
tion company, that he secured 200 la-
borers to go to Valdez, Alaska, and af-
ter collecting \$27 from each, \$2 as his
fee and \$25 as transportation, it is
said he sent them to Alaska. Inspect-
or Bennett declares that when the
laborers reached their destination they
learned that there was no such com-
pany as the one named, and they made
their way back as best they could, af-
ter much suffering and hardship.

Ex-Legislator Convicted of Bribery.

St. Louis, Nov. 5.—John A. Sheri-
dan, an ex-member of the house of de-
legates, who was indicted on a bribery
charge, convicted and sentenced to the
penitentiary for five years, is dead at
the Jefferson hospital, from tubercu-
losis. Sheridan was not taken to the
penitentiary, as his case was appealed
to the supreme court. Another indict-
ment, however, was pending against
him, and his case had been set for
trial on November 10. Eleven weeks
ago he was taken to the hospital where
he died.

Bandits Cornered.

Cody, Wyo., Nov. 5.—The different
bands of men hunting the men who
killed the cashier of the First National
bank have the robbers practically sur-
rounded in the foothills of the Owl
Creek mountains, 60 miles from here.
It is reported that a large force of their
friends are coming to their assistance
from the Hole-in-the-Wall country, and
a number of men have left here to re-
inforce the pursuers. "Buffalo Bill,"
with Indian scouts and cowboys, has
taken the trail, and a lively time may
be anticipated.

Coal Prices Go Up.

Pittsburg, Nov. 5.—Prices of all
grades of coal have been advanced 35
cents a ton as a result of the increased
demand for coal and the strike of en-
gineers in Illinois.
