Deafness Cannot Be Cured

Dealness Cannot Be Cured by local applications as they cannot reach the diseased portion of the car. There is only one way to cure dealness, and that is by constitu-tional remedies. Dealness is caused by an in-flamed condition of the mucous liming of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hear-ing, and when it is entirely closed, Dealness is the result, and unless the inflammation can be taken out and this tube re-tored to its normal condition, hearing will be destroyed forever; which is nothing but an inflamed condition of thermucous surfaces. We will give One Hundred Dollars for any cases of Dealness (caused by catarrh) that can-not be cured by Hall's Catarrh Cure. Send for circulars, free.

P. N. U.

THE LAXATIVE OF KNOWN QUALITY

No. 6-06

There are two classes of remedies: those of known quality and which are permanently beneficial in effect, acting gently, in harmony with nature, when nature needs assistance; and another class, composed of preparations of unknown, uncertain and inferior character, acting temporarily, but injuriously, as a result of forcing the natural functions unnecessarily. One of the most exceptional of the remedies of known quality and excellence is the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., which represents the active principles of plants, known to act most beneficially, in a pleasant syrup, in which the wholesome Californian blue figs are used to contribute their rich, yet delicate, fruity flavor. It is the remedy of all remedies to sweeten and refresh and cleanse the system gently and naturally, and to assist one in overcoming constipation and the many ills resulting therefrom. Its active principles and quality are known to physicians generally, and the remedy has therefore met with their approval, as well as with the favor of many millions of well informed persons who know of their own personal knowledge and from actual experience that it is a most excellent laxative remedy We do not claim that it will cure all manner of ills, but recommend it for what it really represents, a laxative remedy of known quality and excellence, containing nothing of an objectionable or injurious character.

There are two classes of purchasers: those who are informed as to the quality of what they buy and the reasons for the excellence of articles of exceptional merit, and who do not lack courage to go elsewhere when a dealer offers an imitation of any well known article; but, unfortunately, there are some people who do not know, and who allow themselves to be imposed upon. They cannot expect its beneficial effects if they do not get the genuine remedy.

To the credit of the druggists of the United States be it said that nearly all of them value their reputation for professional integrity and the good will of their customers too highly to offer imitations of the

Genuine-Syrup of Figs manufactured by the California Fig Syrup Co., and in order to buy the genuine article and to get its beneficial effects,

one has only to note, when purchasing, the full name of the Company-California Fig Syrup Co.-plainly printed on the front of every package. Price, 50c per bottle. One size only.
