England's Oldest Peer.

The only living peer who was a member of the house of lords at the time of Queen Victoria's accession is Lord Nelson. He succeeded to the earldom in 1835. Lord Nelson is not a direct descendant of the hero of Trafalgar, equally rare. The popular material is but is only collaterally descended from a cement block, which is cheap, durable Horatio Nelson's sister, Mrs. Bolton, and satisfactory, These blocks are of £5,000 granted to the first Lord Nelson and his heirs.

The English papers tell a story of a simple minded curate who was invited to London to spend a week at a great house. The curate, ignorant of society, asked advice of a man of the world, who told him how he should conduct himself, and wound up with the words: "I think, too, you had better Mothers will find Mr. Winslow's Soothing Byrup the best remedy to use for their children during the teething period. take a servant with you." The London milkmen have a cow whose function corresponds to the "Sitzredakteur," prison editor of the German press. When a milkman is arrested for selling below legal grade he is entitled to summon his cow to his defense and have her milked before the judge, and so prove that the poor milk was the cow's fault. Many milkmen have evaded fines in this way of late, and recently it was discovered that there was one cow which was fa-Portland, Oregon. mous for her bad milk that could be hired for court purposes.

MODERN DEVIL-WORSHIP.

Grotesque and Horrible Practices Still Observed in Europe.

Vance Thompson in Everybody's makes the following remarkable revelations:

"The dark forces which science recognizes but does not define exercise marvelous attraction or minds of a certain order. In scores of temples they are worshiped under different names, backache, languor, urinary disorders | I know a little temple in Bruges where and other kidney ills, the followers of Lucifer gather, and not far from the Pantheon in Paris there is an altar to Pandoemon. This may seem grotesque; perhaps it is, but it is formidable.

"It need hardly be said that the rites wherewith Lucifer is worshiped are hid in much mystery. A couple of Kidney Pille. I had years ago I visited one of the 'chapels !' been having heavy it was in the Rue Rochechouart. The backache and my general health was black mass, which I have no desire to affected when I began using them. My describe, was celebrated. It was Fridizzy spells were frequent, Kidney winged figure of Lucifer, amid flames; highly colored. Today, however, I am symbol of the church. A few days ago a well woman, and I am confident that I found the chapel closed. Only after abode of the Satanists. Their chapel now is in a great new apartment house at No. 22 Rue du Ruisseau, within the shadow of the Cathedral of the Sacred Heart on Montmartre. As of old, Satan is worshiped; every Friday the Luciferians gather. I could name many of them-men not unknown in the learned professions. Some of them have influence enough to secure, now and then, a right of midnight entry to the catacombs; there amid skulls and bones, with orgies I do not care to describe, they have worshiped the spirit of evil-calling upon Baphomet, upon Lucifer and Beelzebub and Ashtoroth and Moloch, with cries and wailing hysteria. This attempt to re-establish the worship of the fallen archangel is, I think, the most remarkable manifestation of modern occultism."

## Don't Poison Baby.

FORTY YEARS AGO almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and A FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labelling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without you or your physician know of what it is composed. CASTORIA DOES NOT CON-TAIN NARCOTICS, if it bears the signature of Chas. H. Fletcher.

### **Letters from Prominent Physicians** addressed to Chas. H. Fletcher.

titioner with your Castoria has been highly satisfactory, and I consider it an excellent remedy for the young." Dr. H. D. Benner, of Philadelphia, Pa., says: "I have used your Cas-

toria as a purgative in the cases of children for years past with the most happy effect, and fully endorse it as a safe remedy." Dr. J. A. Boarman, of Kansas City, Mo., says: "Your Castoria is a splen-

did remedy for children, known the world over. I use it in my practice and have no hesitancy in recommending it for the complaints of infants and children."
