Message From Peary.

Hopedale, Labrador, via Twillingate, man. Roosevelt wintered north coast Grantland, somewhat north Alert winter quarters. Went north with sledges February, via Heckla and Columbia. Delayed by open water between 84 and 85 degrees. Beyond 85 six days.

"Gale disrupted ice, destroyed cache, cut off communication with supporting bodies and drifted due east. Reached 87 degrees 6 minutes north latitude over ice, drifting steadily eastward. Returning ate eight dogs. Drifted eastward, delayed by open water.

'Reached north coast Grantland in straitened condition. Killed musk oxen and returned along Greenland coast to ship. Two supporting parties driven on north coast Greenland. One rescued by me in starving condition. After one week recuperation on Roosevelt, sledged west, completing north coast Grantland and reached other land near 100th meridian.

"Homeward voyage incessant battle with ice, storms and head winds. Roosevelt magnificent ice fighter and seaboat. No deaths or illness expedition.
