**Willing to Compromise.**  
"I'd like to engage you to play your fiddle at my reception to-night," said Mrs. Cumpp to the great violinist.  
"Well, I can play," answered the professor.  
"What do you charge?" asked the lady.  
"Van huntret tollars; dot's my regular price," said the professor.  
"Well," declared the lady, "I can't pay no hundred for just a little fiddling, but if you're a mind to come I'll give you fifty, and just play half notes."—*Teledo Blade.*

**Uncle Allen.**  
"What's the use of carrying on a mud slinging campaign," queried Uncle Allen Sparks, "when it's ever so much easier to throw dust in the eyes of the voters?"

**Hasty Conclusion.**

**Bold Invaders.**  
There were some phases of country life with which the little city girl had as yet only one day's acquaintance, but the rights of property-owners and property-renters were firmly fixed in her mind.  
"Mother!" she called, in evident excitement, the morning after the family had settled for the summer in Sunset View Cottage, "mother! Just come here and look! There are somebody's hens wiping their feet on our nice clean grass!"

**WOMEN'S WOES**  
Thousands of women suffer daily backache, headache, dizziness, languor, nervousness and a dozen other symptoms of kidney trouble, but lay it to other causes.  
Make no mistake. Keep the kidneys well, and these aches and troubles will disappear.  
Mrs. Anthony Cadrette, 77 Mechanic St., Leominster, Mass., says: "My sight failed, I had sharp pain in my back and bearing-down pains through the hips. I was nervous, fretful and miserable. The urine was greatly disordered and I began to have the swellings of dropsy. I was running down fast when I started using Doan's Kidney Pills. A wonderful change came and after using them faithfully for a short time I was well."

**The Inquisitive Barber.**  
No doubt many readers have heard of the austere disposition of America's greatest living actor, Richard Mansfield. Perhaps the following conversation, which took place in one of Boston's leading hotels, better illustrates the satirical nature of the player. Entering the barber's shop one morning, he was immediately recognized as Richard Mansfield by the barber.  
"Good morning," said the barber affably.  
A grunt was the only reply.  
"Well, how was things over at the house last night?"  
"What house?" answered the actor ironically.  
"The Hollis," said the barber.  
"What do you mean, sir?"  
"Why, are you not Richard Mansfield?" the barber asked.  
"Oh, no, indeed," replied Mr. Mansfield, "I just got out of jail this morning."  
"What! You're not Richard Mansfield; and you just got out of jail this morning! What for, pray?"  
"For assaulting inquisitive barbers," was the response.

**A Good Record.**  
Out of all the external remedies on the market we doubt if there is one that has the record of that world-renowned porous plaster—Alcock's. It has now been in use for sixty years, and still continues to be as popular as ever in doing its great work of relieving our pains and aches. It is the remedy we all need when suffering from any form of ache or pain resulting from taking cold or over-strain.  
Alcock's Plasters are sold by Druggists in every part of the civilized world.

**Far-Reaching Echo.**  
The Officer—You say the chauffeur sounded his horn just as the machine struck the man?  
The Witness—Yes, sir.  
The Officer—Was the victim killed instantly?  
The Witness—So instantly, sir, that he must have heard the echo of that horn in the next world.

**Would Seem So.**  
Customer (at book store)—Have you a work on the art of letter writing?  
New Salesman—No, sir, I should think you could learn that at any correspondence school.

**Her Excuse for Moses.**  
A teacher in a lower West Side public school recently received the following letter:  
"Kindly exculpate my son Moses from being an aggregate day absent. Because his mother substantiating sick, Moses had to sojourn in the house perpetual, so kindly apology him for not coming once day to school."—*New York Sun.*

# SKIN DISEASES

There is nothing more distressing than an itching, burning skin disease, and upon the return of warm weather those who are afflicted with skin troubles find the symptoms appearing and know that they will be tormented through the hot summer months. The blood is heated with humors and acrid matter, and as they are forced to the surface the skin seems to be on fire. The treatment of skin diseases with external applications is all wrong, because they do not reach the trouble which is in the blood. The most such treatment can be expected to do is, allay the itching and burning and cover up the trouble for awhile, but as soon as it is left off the disease returns.

All food taken into the body contains, in some form, the elements necessary to sustain the different parts. One portion is used for the making of blood, another for muscle, one for bone, still another for fat, and so on. After these different properties are extracted from the food there still remains a portion that is useless, or waste matter, which is intended to be disposed of through the natural channels of bodily waste, the Liver, Kidneys and Bowels. At this season of the year, however, these organs become torpid, dull and sluggish, and fail to perform this duty, and these accumulations remain in the system and are absorbed by the blood to ferment and sour, producing burning acids and acrid humors. The blood cannot properly nourish the system while in this impure condition, and begins to throw off these acids through the pores and glands of the skin, producing Acne, Eczema, Tetter, Psoriasis, Salt Rheum and skin diseases of every description.

**EZEMA** appears usually with a slight redness of the skin, followed by pustules from which there flows a sticky fluid that dries and forms a crust, and the itching is intense. It is generally on the back, breast, arms, legs and face, though other parts of the body may be afflicted. In **TETTER** the skin dries, cracks and bleeds, and is often very painful. The acid in the blood dries up the natural oils of the skin, causing a dry, feverish, hardened condition and giving it a leathery appearance. **ACNE** makes its appearance on the face in the form of pimples and black-heads, and is particularly disagreeable because of its unsightly appearance, while **PSORIASIS**, a scaly disease, comes in patches on different parts of the body. One of the worst forms of skin disease is **SALT RHEUM**. It discharges a watery fluid, forming sores and producing intense itching. The head and face are the parts usually affected, and sometimes the hair falls out and a mass of sores forms on the scalp.

These and all skin diseases are due to the same cause—burning acids and humors in the blood, and until this vital fluid is cleansed and made pure they will continue. The best treatment for all skin diseases is S. S. S., a remedy that is purely vegetable, being made entirely from roots, herbs and barks, and acts directly on the blood with a cleansing, healing effect. It neutralizes the acids and purifies the blood so that the skin, instead of being blistered and burned by the fiery fluids, is nourished by a supply of cooling, healthy blood. It goes down into the circulation and forces out every particle of waste or foreign matter, builds up the blood and cures all skin diseases promptly and permanently. S. S. S. does not leave the least particle of the poison for future outbreaks, but entirely rids the blood of the cause for all skin diseases.

S. S. S. tones up the system and regulates the Liver, Kidneys and Bowels so that they will carry off the natural waste and refuse matter through the proper channels, instead of leaving it to be absorbed by the blood. Nothing equals S. S. S. in the treatment of these troubles and for building up the general health. Write for our treatise on skin diseases and any medical advice you wish. We make no charge for either.

THE ITCHING WAS ALMOST UNBEARABLE.

Dear Sirs—My body broke out with a rash or eruption which in spite of all efforts to cure continued to get worse. The itching, especially at night, was simply terrible, it would almost disappear at times, only to return worse than ever. I had tried many highly recommended preparations without benefit, and hearing of S. S. S. determined to give it a fair trial, and was inexpressibly delighted when a few bottles cured me entirely, removing every blemish and pimple from my body. I shall not fail to recommend S. S. S. whenever an opportunity occurs to do so.

**UNCONSTITUTIONAL.**  
A resident of a small town in southern New Jersey was brought before the Judge on the charge of intoxication. A fine was imposed, paid, and the man discharged. A few days later the same man faced the judge for drunkenness again, but this time refused to pay the fine. The judge became furious, but coolly replied the citizen:  
"Judge, there ain't no law that says a feller can be fined twice for the same drunk, and, your Honor, you can't prove that I've drawn a sober breath since." The case was dismissed.
