COMES FROM THE TICKS.

Alleged Origin of Spotted Fever of the Rockles.

Several surgeons of the marine hospital service claim to have practically demonstrated as a fact that the terrible spotted fever of the Rocky Mountains is caused by the infections of ticks, says the Washington Star. The discovery, if further experiments show it to be positive, is a most important one, and the marine hospital service is

The spotted fever is especially virulent in the Montana mountains, aithough it is well known in many other sections. The victims become fearfully and wonderfully spotted during the course of the disease, which is fatal in a large number of instances.

There has been a widespread belief for years that the fever was caused by the piroplasma carried by ticks, as the fever always appeared during the tick season. Physicians have disputed this

view, however. In April last Surgeon General Wyman of the marine hospital service detailed Dr. King and Dr. Ricketts to conduct a most careful examination. They have reported that their experiments indicate that the tick is at the contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articless ould never be used except on prescriptions from reputable paysidans, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system, in buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Said between the mucous surfaces of the system, in buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. bottom of the disease. In their report mals in this way.

To test the tick infection theory Dr. W. W. King procured four ticks-one Common, ordinary, every-day table male and three females-and sent mustard obtained its name in a remark- them to Washington. The male tick ably curious way. It is said that Philip, died in transit. The three ticks that Duke of Burgundy, granted to Dijon were left alive were placed upon a some armorial bearings on which was guinea pig suffering with spotted fever. They remained until the animal This was later carved in a stone arch- dled, two days and a half later. The were not helping me. Doan's city arms, copied the incomplete motto. Three days after this the guinea the heart's blood of the tick-infected pig and sickened and died.

*************************** THE NEW DIPLOMACY.

As Mr. Hill put on his coat preparatory to going out for the evening his wife called him back to the sittingroom. "Thomas," she said, doubtfully, "I wonder if I could trust you to find out a little about that hall paper of the Saffords. It's such a pretty one, and if we could afford it, I'd like to get that same pattern in green, where theirs is blue, you know. I meant to ask Mrs. Safford to-night in a roundabout way, if this cold hadn't kept me at home. Could you lead up to it easily with Mr. Safford and not offend

bim-or her?" "Yes, indeed," said her husband, cheerfully, "you can trust me, my dear. I know how to introduce a subject eas-

lly, I hope." On his return he drew a slip of paper from his pocket and handed it to his wife.

"There's the place, price, shop and clerk's name," he said, proudly. "I got 'em all from Safford inside of five min-

"How did you introduce the subject?" asked his wife.

"Why, just like this," said Mr. Hill. 'As I was taking off my coat in the hall I cast my eyes up toward the celling, and I said, 'Pretty tint that is. Safford; just matches your paper; and a mighty pretty paper, too. My wife was saying to-night that if we only knew where you got it and how much it cost, we might find we could afford one just like it in blue; not in green, you understand; she doesn't care for the color of yours,' I said; 'it's just the pattern we admire.'

"I had it all down in black and white in no time. And as I came away I assured him that with the difference In color nobody'd ever know it was the same pattern.

"Now didn't I do well? Women beat around the bush so I wonder they ever find out anything."-Youth's Compan-

A Reliable Substitute.

"I'm afraid I haven't many good arguments for our side of the question," said the orator.

"No arguments?" responded the campaign manager. "Then quote statistics. They sound wise and everybody would rather take them for granted than try to understand them."-

Haunting Notes.

There was a peculiar sound from the drection of the woods as the member of the Birdlovers' Society sat in the window of her friend's country home

one summer afternoon. She quickly took her small "Bird Gulde" from her ever-present bag, and rapidly turned the leaves. At last she paused with a smile of satisfaction, and listened, with her finger between two leaves of the little book, till the sound came again.

When it was repeated an expression of doubt flitted across her features, but

still she was hopeful. "You probably know many of the bird notes, living so near the woods and in such a quiet spot," she said to her friend. "Can you tell me what bird that is?"

"That," said her friend, briefly, "is our goat. We shall have to move him farther off."

Recompense. "They say that suburban life is not so bad."

"No; I suppose not. We must remember that a great deal of the suburbanite's time is spent in the city."-Pitts-

Quiets the Cough

This is one reason why Ayer's Cherry Pectoral is so valuable in consumption. It stops the wear and tear of useless coughing. But it does more -it controls the inflammation, quiets the fever, soothes, and heals. Sold for 60 years.

"Aver's Cherry Pectoral has been a regular ife preserver to me. It brought me through severe attack of pneumonia, and I feel hat I owe my life to its wonderful curative roperties."—WILLIAM H. TRUITT, Wawa,

WHAT JOY THEY BRING To FVERY HOME

as with joyous hearts and smiling faces they romp and play-when in health -and how conducive to health the games in which they indulge, the outdoor life they enjoy, the cleanly, regular habits they should be taught to form and the wholesome diet of which they should partake. How tenderly their health should be preserved, not by constant medication, but by careful avoidance of every medicine of an injurious or objectionable nature and if at any time a remedial agent is required, to assist nature, only those of known excellence should be used; remedies which are pure and wholesome and truly beneficial in effect, like the pleasant laxative remedy, Syrup of Figs, manufactured by the California Fig Syrup Co. Syrup of Figs has come into general favor in many millions of well informed families, whose estimate of its quality and excellence is based upon personal knowledge and use.

Syrup of Figs has also met with the approval of physicians generally, because they know it is wholesome, simple and gentle in its action. We inform all reputable physicians as to the medicinal principles of Syrup of Figs, obtained, by an original method, from certain plants known to them to act most beneficially and presented in an agreeable syrup in which the wholesome Californian blue figs are used to promote the pleasant taste; therefore it is not a secret remedy and hence we are free to refer to all well informed physicians, who do not approve of patent medicines and never favor indiscriminate self-medication.

Please to remember and teach your children also that the genuine Syrup of Figs always has the full name of the Company—California Fig Syrup Co. - plainly printed on the front of every package and that it is for sale in bottles of one size only. If any dealer offers any other than the regular Fifty cent size, or having printed thereon the name of any other company, do not accept it. If you fail to get the genuine you will not get its beneficial effects. Every family should always have a bottle on hand, as it is equally beneficial for the parents and the children, whenever a laxative remedy is required.
